CANTON WOMAN ENDS MYSTERY

ANXIOUSLY AWAIT CHANGE IN KING'S CONDITION

WILL ROGERS SEES CHANCE FOR WAR RELIEF BY HOOVER

(Special To The News)

NEW YORK, Dec. 14.—Didn't I tell you those Latin races are the most hospital people in the world? Look, they are putting on a war just for Mr. Hoover's benefit.

The Argentine Socialists are blaming Mr. Hoover for the execution of Sacco and Vanzetti. That gives you about the best line on the intelligence of the "reds" that you could have.

Yours,

WILL.

PA NEWC OBSERVES

New Castle News is hitting along on about three cylinders today. The illness epidemic that has struck the city has cut quite a figure in the force. Nine or ten are out today, three being members of the editorial force and the others the mechanical force.

Quite a number of spectators had their necks twisted towards the sky about 4:30 o'clock Thursday afternoon watching a lone aviator having a big time in the air over the business section. He was doing loop the loops and other maneuvers and apparently enjoying himself high over the city.

Tomorrow is the first day that the 1929 auto licenses can be used on cars. Wonder how many will be on the streets?

Likewise, tomorrow ends the deer hunting season in Pennsylvania. Judging from reports made by local hunters there must have been upwards of a hundred deer shot by Lawrence county hunters during the season.

In the face of the present epidemic of illness, it is well for the populace to remember that sanity in the situation is the need of the day. Resistance will help to throw off the disease and resistance is built up mentally as well as physically.

Resignation of Dr. W. L. Campbell from the school board is to be regretted, because his public service has been of a most satisfactory nature. The selection made by the board for the vacancy, Daniel B. Woolcock, is believed to have been a wise one. Pa Newc believes that Mr. Woolcock will make an excellent member of the board.

Pa Newc is all swelled up this morning—and it's not the mumps, either. During the last few hours two learned professional men of this city have volunteered the information that they like to read this column. We know now that at least two of our readers are perusing the column.

Tomorrow is one of the big days before Christmas. It's the high spot of the early Christmas shopping season. Thousands of shoppers will be out. Shop early.

The rain today sort of makes the Christmassy atmosphere on the streets seem out of place. Some of the out door trees are looking quite bedraggled and the cheery decorations in the windows make a queer contrast to the

Waiting For New Developments In King's Illness

Medical Science About Exhausted In Fight To Save King George's Life

HOPE TO PREVENT INFECTION SPREAD

Next 36 Hours Will Be Telling Point In Battle To Avert Death Of Beloved Monarch

By HARRY R. FLORY
International News Service Staff Correspondent

LONDON, Dec. 14.—King George's serious illness this afternoon had reached the stage of anxious waiting.

Every method known to advanced medical science has been exhausted in the battle for the monarch's life.

It is officially admitted that the royal patient's progress must be slow and difficult.

The whole nation, and especially the royal family, anxiously await the developments of the next 36 hours.

Suffers Exhaustion.

The king is suffering exhaustion, but the failure of the morning medical bulletin to mention any increase in heart weakness gave fresh hope.

The physicians are now fighting to prevent a spread of the infection that affected the right lung.

Many members of the royal family gathered at Buckingham palace this afternoon, but the object of the meeting was not known.

It was officially stated at the palace at 3 o'clock that the king's condition was unchanged.

Slightly Improved.

LONDON, Dec. 14.—King George's condition continued slightly improved today, an official bulletin issued by the royal physicians this morning stated.

The text of the bulletin was as follows:

"The slight improvement noted last

Earl Carroll, No Gentleman, Claim Of Chorus Pair

Earl Carroll, Back In Spotlight Again As Result Of Show Rehearsals

YOUTHFUL CHORINES ARE VERY INDIGNANT

(International News Service)

NEW YORK, Dec. 14.—Earl Carroll, Broadway theatrical producer who staged the famous Joyce Hawley champagne bathtub party a year ago last February and got himself into a peck of trouble and a cell in Atlanta, today received another blast of publicity that threatens to bring about complications.

This time, two 17-year-old chorus aspirants, Miss Louise Blakeley and Miss Ann Gaynor, are the complainants. They claim they decided to stay out of Carroll's new musical show rather than appear in a private rehearsal of one of the sexy scenes. They assert they declined to rehearse in the manner allegedly rquested by Carroll, and have employed Louis Handen, a lawyer, to represent them.

Carroll Denies Charges.

Carroll, through his attorney, emphatically denied the girls' charges. He was crushed by the publicity given the story of the two girls.

Miss Blakeley and Miss Gaynor were reported to have made their complaint to Miss Dorothy Bryant, executive secretary of the Chorus Equity. She is said to have advised them to take the matter up with United States District Attorney Charles H. Tuttle. How the federal officials quality in the case was not quite clear, since Carroll's good behavior parole has expired and he is no longer accountable to the federal authorities.

Herman Hoover and Leroy Prince were said by the two girls to be aiding Carroll in selection of types for his show. Prince is well known in Chicago.

Great Popular Reception Given President-Elect Hoover In Argentina

(International News Service)

BUENOS AIRES, Argentina, Dec. 14.—Impressed by the cordiality of the popular welcome accorded him upon his arrival here, President-elect Hoover today began the first of two busy days of official banquets, receptions and speeches after a good night's rest at the American embassy.

There was no perturbation among members of Mr. Hoover's "good-will" party over reports that a plot aimed at the president-elect's life had been frustrated only two days before his arrival. Nevertheless, Mr. Hoover's temporary residence, the American embassy, is constantly under heavy guard.

The last 30 miles of the Hoover party's journey resembled a campaign tour of a candidate for presidential election in the United States. Throngs of cheering people gathered at every crossing. A holiday atmosphere pervaded. "Viva" filled the air.

Police lines were broken time and again as the president-elect and Argentine president rode to the United States embassy in an automobile.

NEW CASTLE SEVERS ATHLETIC RELATIONS WITH BEAVER FALLS

That all athletic relations with Beaver Falls High school will be severed for an indefinite period was the action taken by the Athletic council of the New Castle High school at their meeting of December 11 and upheld by the members of the school board who met Thursday evening in the East street administration building.

While some members of the board did not vote on the question, yet a clear majority voted to uphold the athletic council in the matter.

"The New Castle High school basketball team was treated with marked disrespect when it last played at Beaver Falls" stated A. C. Hyde in presenting the question.

"Faculty Manager Ralph Gardner says that the suspension from the W. P. I. A. L. does not bar New Castle from playing Beaver Falls in basketball this year but that the game will only lead to trouble. In case that New Castle is reinstated into the W. P. I. A. L. the athletic council wants the reinstatement to be such that Beaver Falls will not be scheduled by the local athletics in any contest whatsoever.

"New Castle has cancelled all W. P. I. A. L. basketball games" Mr. Hyde said. "The cancellations have been made because New Castle and the athletic council do not want to embarass the league teams in the slightest degree. However it might be well to say that several league teams have already requested New Castle for games knowing their suspension from the W. P. I. A. L.

Without hardly any discussion the matter was made into a motion by Mrs. J. C. B. Douthett and seconded by Mr. Hyde.

One Bid For Martin Gantz

One bid for the Martin Gantz school property, located at the intersection of North Jefferson and Grant streets, was considered by the members of the school board when they met Thursday evening at the East street administration building.

The bid was submitted by Harry Rosenbloom, whose price on the property was $15,500. The bid was rejected without any discussion.

Chicago Prowler Shot To Death By Woman In Bedroom

Woman Hears Noise On Fire Escape Outside Window, Prowler Is Killed

(International News Service)

CHICAGO, Dec. 14.—A prowler, thought to have been a "peeping tom", was shot and instantly killed today by Mrs. Frank McCormick, 34-year-old widow.

Mrs. McCormick told police she was awakened by the sound of someone walking on the fire escape outside her second floor bedroom window and reaching for a gun she fired one shot and the shadow disappeared.

Mrs. McCormick summoned police who found the prowler's body on the fire escape. He was shot through the forehead.

The man's pockets yielded a card bearing the name Carl Murray, two dollars, a pair of dice and a pint bottle of whiskey.

The dead man appeared to be about 28 years old.

Dr. W. L. Campbell Resigns His Place On School Board

D. B. Woolcock Is Selected By Board To Fill Vacancy

The resignation of Dr. W. L. Campbell who has been a member of the New Castle school board for some time, was accepted at a meeting of the board which took place Thursday evening in the administration building on East street.

Dr. Campbell's resignation was accepted with deep regret by the members of the board.

At the same meeting Dan B. Woolcock was elected to fill Dr. Campbell's post. Mr. Woolcock was nominated by W. W. Duff and elected by an unanimous vote.

"I hereby submit my resignation as a member of your board" Dr. Campbell's resignation read. "It is with keenest regret that I take this step, but I am persuaded by medical advisors whom I cannot disregard, that I must not only curtail my professional activities but also every possible expenditure of time and energy.

"I appreciate as no other man who has been associated with the members of this board the difficulties with which it has to deal and also the greatest courtesy which has always prevailed among its members and my greatest wish is that your efforts may result in the great educational system which I know is the ideal of every member of the board.

"Respectively submitted.

"W. L. CAMPBELL."

Several Hundred County School Pupils Are Ill

At the office of the county superintendent of schools, it was learned today that there are approximately fifteen to twenty teachers in the schools of the country district, who are off duty on account of illness.

Substitutes with a possible exception of one or two cases, have been secured and the schools are going on as usual.

The number of pupils in the country district schools out on account of the flu is estimated as being several hundred, with the number steadily increasing at the present time.

Cole Gives Talk At Bessemer Assembly

James W. Cole, secretary of the New Castle chamber of commerce, addressed the assembly of the Bessemer high school today following the noon hour, on "Athletics and Education." This was the regular weekly chapel-assembly period.

The assembly was in charge of H. J. Colton, supervising principal of the Bessemer borough schools.

Mrs. J. E. Carpenter and daughters, Emily May and Mary Frances, have left for Bartow, Florida, where they plan to remain some four months.

Italian Bank At Philadelphia Is Wrecked By Bomb

Two Girls Hurt, Number Of Homes Damaged In Mysterious Explosion

BELIEVE DYNAMITE PLACED ON STEPS

South Philadelphia Section Shaken As Terrific Detonation Occurs

(International News Service)

PHILADELPHIA, Dec. 14.—Two girls were hurt, a number of homes damaged, and dozens of persons endangered early today when a mysterious explosion took place at the Banca Stella Cioche, a private Italian bank in South Philadelphia. The blast is believed to have been caused by dynamite placed on the steps.

Buildings within a radius of several blocks were shaken by the explosion. Windows in nearby structures were shattered and the terror-stricken residents ran screaming to the streets. Many were catapulted from their beds. Bedlam broke out in the Fabina Hospital as patients were showered with broken glass.

The injured are: Florence Volpee, 19, and her sister, Ida, 17, who lived in an apartment over the bank.

Police are working on two theories, namely, that Louis Volpe, the proprietor, had enemies who are seeking his life, or that bandits attempted to blast their way into the building.

Queen Mary Sends Reply To Coolidge

(International News Service)

LONDON Dec. 14.—Queen Mary sent the following cablegram to President Coolidge today in response to a cablegram from the President to King George hoping for his speedy recovery.

"The Queen is most grateful to you Mr. President, for your kind message of which His Majesty will in due course be informed as soon as his strength permits. Though the recent operation successfully treated one phase of the serious illness the consequences of general infection will entail many weeks of slow, anxious progress before convalescence can be reached."

The message was sent through Lord Stamfordham, the King's private secretary.

Will Dedicate New Junior High On February 22

George Washington School To Be Formally Dedicated On Notable Day

February 22 will be the date on which dedication ceremonies for the New George Washington Junior High school will take place, it was decided at a meeting of the school board which took place Thursday evening at the East street administration building.

The date was recommended to the school board by Dr. C. C. Green who stated that the date seemed to him to be peculiarly appropriate not only because it is the birthday anniversary of George Washington but because on that day it is easy to secure speakers of national repute for the program.

At the recommendation of the board it was decided to appoint a committee to serve with Dr. Green in making up the program for the day. The committee will be announced at a later date. All of the school directors acted favorably on the date and the motion to make it February 22 was unanimous.

DEATH RECORD

Mrs. Harriet Dean, 71, 809 North Mercer street.

Mrs. Mary Crisci, 78, 1413 Croton avenue.

George L. Bowden, 238 East Leasure avenue.

Mrs. Mania DeCaria, 45, Ellwood City.

Nathaniel R. Pettit, 72, East Brook.

Dominco Folcomata, 60, Wampum.

Dances For Emperor--Then Weds

After a honeymoon of a week, Mrs. Coleman Driver, wife of a U. S. army captain, stationed in Tokyo, the former Etta Moore, dance artist, is back in the United States, alone. She explained upon her arrival in San Francisco, that she really hadn't dreamed of marrying when she went to Japan, to dance at the enthronement of Emperor Hirohito, but had been fascinated by the captain and married him within a month. She plans to return to him after settling business affairs, here. Above, the Drivers in their wedding costumes at Tokyo.

Regional Board Finds Business Prospects Good

Business Shows Decided Increase; New Castle Has Good Record

S. B. Cleal Re-elected Member Of Allegheny Regional Executive Committee

At the meeting of the Allegheny Regional Advisory Board which took place Thursday at Pittsburgh, reports from the various committees and chambers of commerce from the various cities stated that business conditions in this section showed an upward trend.

Despite the fact that in some cities there was a slight decrease or a normal state, the reports on the whole tended to prove that general business conditions were much better. Reports from shippers showed that some 142,000 more freight cars would be needed to handle the volume of business which is indicated for the next few months.

Business Fair.

At this meeting, the reports by the banking committee stated that business conditions in banking were fair in New Castle, and that clearings, deposits and savings were practically the same. Liquidation here was reported satisfactory.

Only four cities which lie in the district composed of Maryland, Ohio, West Virginia and Pennsylvania showed a greater percentage of oper-

Boak Re-Elected By State Grange To Overseer Post

J. A. Boak, Re-elected By State Grangers; E. B. Dorsett Renamed State Master

(International News Service)

WILLIAMSPORT, Pa., Dec. 14.—E. B. Dorsett, of Mansfield, Tioga County, today was still state master of the Pennsylvania State Grange, following the election of officers held here late yesterday at the fifty sixth annual convention.

Dorsett who was opposed by C. C. Rankin, of Chester County, was re-elected as state master by more than a two-to-one vote.

Harry H. Pratt, also of Chester County, was defeated for re-election to the executive committee by H. A. Harshaw, of Crawford County, while John H. Light, of Lebanon was re-elected as secretary.

Other officers elected included J. A. Boak, Lawrence County, overseer; Rev. W. B. Keemer, Juniata County, chaplain; Frank P. Willits, Delaware County, treasurer; and Charles Pallman, Lackawanna County, director of the Keystone grange exchange.

Attempt Made To Kill Witness In Northcott Case

Two Attempts Made By Prowler To Kill Sanford Clark In Jail Cell

IS HELD BY STATE AS STAR WITNESS

Northcott Now Sorry That He Didn't Kill His Nephew And Niece

(International News Service)

RIVERSIDE, Cal., Dec. 14.—Armed guards were today keeping strict watch over the grounds and buildings of the county hospital here where during the night two supposed attempts on the life of Sanford Clark were made.

Clark, 15-year-old nephew and accuser of Gordon Stewart Northcott, was awakened during the night to see a man trying to gain entrance to the cell where the youth is confined by illness to his bed in the detention ward.

Responding to the boy's screams, a

Michigan Governor Takes Steps To Get Woman Her Freedom

Says It Is Not Right To Send Mother Of Ten Children To Prison For Life

(International News Service)

LANSING, Mich., Dec. 14.—Gov. Fred W. Green today ordered Arthur D. Wood, parole commissioner, to investigate the case of Etta Miller, 48-year-old mother and grandmother, convicted as a fourth offender against the prohibition law, as soon as Judge Charles B. Collingwood imposes the sentence to life imprisonment required under the criminal code.

Governor Green said he did not believe the legislature intended that life sentences should be imposed on prohibition law violators. He suggested that this crime be eliminated from the habitual criminal law.

Garbage Employes Ask For Increase

Department of collection of garbage employes today presented a petition for an increase in wages when council convened in the city building. They asked for a raise of ten cents an hour. The men now receive 45 and 50 cents an hour. The petition was referred to councilmanic committee.

Woman's Suicide Clears Mystery In Canton, O., Murder

Woman Confesses Shooting Of Fearn And Then Ends Own Life

DUAL LIFE SHOWN FOR MURDERED MAN

Woman Uses Murder Weapon To End Own Life Last Night

(International News Service)

CANTON, O., Dec. 14—The mysterious murder of Vernard Fearn was a closed case today—the murderess, Mrs. Margaret Heldman, 21, of Lorain, having written "finis" to an ironic, bitter tragedy of infidelity and hatred when she shot herself through the heart last night, using the same pistol with which, just a week before, she had killed Fearn.

Her husband, W. O. Heldman, to whom she had confessed earlier in the evening, was bringing her to the sheriff's office here in his automobile. They had driven from Lorain.

Mrs. Heldman, the "gun girl," the "phantom murderess," who called Vernard Fearn to the door of his home in the village of Waco, pumped six bullets from an automatic pistol into his body and calmly walked away, was not perturbed or nervous during that last, grim automobile trip, her husband related.

Made Life Hell

A short time before she had told him of the killing, Fearn had once assaulted her, she said, and had threatened to reveal this incident to her husband unless she submitted to him.

"He made my life a hell on earth," she said, in a farewell note.

Her husband had berated her, he

(Continued On Page Two)

Court Refuses To Quash Case

Decision Is Rendered In Appeal In Katherine Klee Case

Judge R. L. Hildebrand, this morning, in a short order issued, and without comment, handed down a decision refusing the motion of counsel for Miss Kathryn Klee, charged with violation of the prohibition laws, asking that the indictment against her be quashed because of alleged irregularities on the part of the grand jury in returning the indictment. This means that the case will be taken up for trial at the present term of court.

The motion to quash the indictment, it will be remembered, was made by Attorney Thomas W. Dickey and C. H. Akens, and alleged that but ten members of the grand jury had voted for a true bill, when twelve were required, also that the bill against her was presented a second time before the same grand jury.

When Rev. Hugh D. Maxwell of Ellwood City, foreman of the grand

Arthur Mometer

Folks, Arthur is sick, he's ill with the grippe, and a squirt is taking his place, a place hard to fill, and he tries with a will, but Arthur, he sure runs some race. Attorneys, detectives, school men and all, they are but grist for Arthur's old mill; it's see this man and that man and this thing and that and put this fellow onto the grill. But the weather was bad and Arthur went down, and we're sorry to see him go, now his work it is mine and the day's forty-nine; good day, folks, sorry to blow!

Trader Horn Gets Rebuke From Woman For American Slurs

"America Does Not Lead World In Crime" Is Prima Donna's Statement

(International News Service)

JOHANNESBURGH, Dec. 14.—Incensed at what she declares to be his gross misrepresentation of American life, Mme. Emma Redell, the American prima-donna, has taken up the cudgels on behalf of Americans against Aloysious Horn, the Rhodesian trader who leapt to world fame with his book describing his experiences in Africa.

Horn, who early this year visited the United States, has a wide reading public in South Africa, and his impressions of America were read with avidity.

Mme. Redell takes exception to remarks alleged to have been made by him in an interview and published in several South African newspapers, in which he declares that "what makes life so formidable over there is that at each street corner there is a man with a machine-gun."

"It is the most preposterous thing I have ever heard," Mme Redell declares in an interview published in the "Johannesburg Times."

"His statement that 'if you possess a ten dollar bill you may have a gang of desperadoes after you' is absurd. During the world war I helped raise thousands of dollars for European relief, and sometimes carried as much as $40,000 on my person to the bank without fear of being molested.

"What a pity that a man like Horn, who I am sure, carried more than ten dollars on his person in America and was never molested, should tell you the dangers of carrying such a sum in your pockets in American cities. I can hardly imagine that he was serious.

"If he was serious, then he has merely followed in the footsteps of many other superficial observers who made similarly ridiculous remarks about America.

"America is far from leading the world in crime. Your readers would do well to take Horn's remarks about America as either a joke or a statement based on groundless information."

Weak Lungs Caused By Thin Clothing

ST. LOUIS, Dec. 14.—Lack of clothing and dieting for slenderness, which leads to tuberculosis, may be responsible for the large number of deaths, from this disease, among women, according to a report handed down to the Tuberculosis and Health Society by its Medical Advisory staff.

It was stated that the deaths of women, due to tuberculosis, exceeded that of men, in 1927 by forty-nine per cent.

WHERE TO GO TONIGHT

NIXON—"Sunrise" featuring Janet Gaynor and George O'Brien. Comedy, Wallace Lupino in "Never Too Late." Special orchestra, afternoon and evening.

CAPITOL—On the stage: Rostrome Family; Reynolds and Collott; Charlie Amador, Charlie Chaplin's only rival. On the screen: Bessie Love and Tom Moore in "Anybody Here Seen Kelly." Pathe News and comedy. Harry Hammond at the organ. Ben Shulansky and his band.

DOME—Richard Barthelmess in "The Drop Kick." Also Jack Hoxie in "Heroes of the Wild." Comedy, Aesop's Fables and "Bathing Beauty Babys".

PENN—On the stage: Talbart, Kirby and Bryan character songs in harmony with piano and comedy talk. On the screen: Corine Griffith in "Outcast" with Edmund Lowe and Louise Fazenda. Comedy "Picture My Astonishment.' Organ and orchestra music.

CATHEDRAL AUDITORIUM—Indoor Winter Circus featuring trained animals, clowns, acrobats, etc.

PA NEWC OBSERVES

(Continued From Page One)

soppy weather outdoors. Little kiddies will begin to wonder just whether or not old Santa will make it without snow.

Up at Westminster, the college is about ready to shut up shop for more than one reason. Christmas vacation starts Saturday and a good thing it is. Half of the student body and many of the instructors are hobbling about with colds and just hanging on until the real vacation starts.

This sort of weather is going hard on the alcohol and anti-freeze stuff for radiators. It hasn't been cold enough for some time to hardly justify looking at the family bus. Chains are another thing that have been taboo. But then, think of the slicker business.

Lawrence county grangers are back today from a four day siege with old man convention down at Williamsport. If you have read the stories pertaining to it, you will notice that Lawrence county has more than her share of the men who have responsible things to do in state grange work.

If the society page has a slight tincture of the mannish connected with it, fear not and criticize not. One of the brother Pa Newc's with the curly hair is bravely taking down the tea parties and women functions in his most smiling manner and setting them down in his finest script and literary composition. Just another one of the few shifts due to sick members of the staff.

Since the branch libraries have started, the circulation at the library has been just jumping along. Perhaps people will really read when they have the books convenient. It may have a little weight in an argument when you tell some one that the people today are reading and they are not all reading cheap fiction.

It is not known when the new branch library on the East side will be opened. If it were ready to use, the library could not handle it for nearly one half of the staff are at home suffering with colds. The rest have worked over time, double time and more than that and have kept the present main library and branches on schedule.

GREAT RECEPTION GIVEN HOOVER IN ARGENTINA

(Continued From Page One)

San Martin guards and members of the Argentine secret service preceded and followed the cars.

The morning papers today all praised Mr. Hoover in the highest terms. They were especially pleased by the short speech he made in answer to President Irigoyen's greeting in which he stressed the "greatness, splendid development and magnificent resources of the Argentine."

The papers also gave much space to descriptions of Mr. Hoover. They described him as a "student of human advancement," stressing his engineering feats, his post-war work in aid of refugees and his general modernness.

The entire city is gaily bedecked in honor of the distinguished visitor. Entwined flags of the United States and Argentina together with "Welcome Hoover" signs are prominently displayed everywhere.

The chief event scheduled for Mr. Hoover today is a banquet at which President Irigoyen will act as host. The banquet will be held in the "white room" of the national palace. Mr. Hoover is expected to deliver a lengthy speech at the banquet.

Mrs. Hoover, at the same time, will attend a dinner in her honor tendered by the wife of the civil governor of the province of Buenos Aires. Wives of members of the diplomatic corps have been invited to attend.

REGIONAL BOARD FINDS BUSINESS PROSPECTS GOOD

(Continued From Page One)

ation in manufacturing plants. New Castle's operation was listed at 90 per cent.

Car supply and transportation was listed as excellent, while building materials and building permits have increased. The condition of retail business was listed as good. Figures also showed that labor employment had increased over the same period in 1927.

At this same meeting, S. B. Cleal, secretary and treasurer of the Pennsylvania Engineering Works of this city was re-elected a member of the executive committee.

New Castle men who attended the meeting were James W. Cole, secretary of the New Castle Chamber of Commerce; D. E. Russell, district traffic manager, Lehigh Portland Cement Co.; R. A. Stitzinger, Century Lumber Co.; and P. H. Kearns, of the Pennsylvania railroad.

The March meeting of the board will take place at Washington, Pa., while the June meeting will occur in New Castle.

WOMAN'S SUICIDE CLEARS MYSTERY IN CANTON, O., MURDER

(Continued From Page One)

admitted remorsefully today. She wanted to wait until today before going to Sheriff Ed Gibson to surrender herself. He insisted that they start at once and brought out his automobile.

As they started she asked him to care for their four months old son.

"He'll have better care than he's had before," Heldman replied.

A little whimsically she speculated as to what would become of her.

Bitterly, brutally, he replied:

"You'll probably get the electric chair. I think you deserve it."

They drove on in silence and reached Canton. For a moment they were held up by traffic at a street corner.

"It won't be long now," the young husband observed morosely.

There was a sharp report and Mrs. Heldman slumped forward. Dazed, Heldman drove on to the courthouse and summoned the sheriff.

Mrs. Heldman was rushed to a hospital where she died.

Mother Is Stunned

Dubois, Pa., Dec. 14.—Stunned by the tragedy in Canton, O., last night Mrs. Matthew Horner, mother of Mrs. Margaret Heldman, who is reported to have confessed killing Vernard Fearn before she committed suicide, expressed belief in her daughter's innocence.

"I don't believe my daughter killed Fearn," Mrs. Horner said. "Her married life was terrible. It was one continual fight after another. I doubt that she killed herself."

In Dubois, Margaret Horner was regarded as a very quiet girl, and was not very widely known. She resided with her mother and brother. She had been a pupil at the local high school but quit in her senior year. In the summer of 1927 she went to Akron to visit a married sister and while there met and married Heldman.

Mrs. Horner went to visit her daughter about the time the baby was born. She returned several months ago. The girl's father is a carpenter in Washington, D. C.

Immediately upon receipt of a telegram last night, the girl's brother John and Chief of Police Russell Love left for Canton to investigate.

Demand Probe.

CANTON, O., Dec. 14.—A thorough investigation into the murder of Vernard E. Fearn, coal operator, was demanded this afternoon by relatives of Mrs. Margaret Heldman, who ended her life in her husband's automobile while enroute to Canton to surrender as Fearn's slayer.

Joseph Horner of DuBois, Pa., Mrs. Heldman's brother, arrived today, and with the girl's father, Matthew Horner of Washington, D. C., went to authorities and demanded a further investigation of both killings.

"I hope," said the father, "that authorities will thoroughly investigate the whole story. My daughter's life with her husband was very unhappy."

The brother wanted to know why the husband, Wilbur Heldman of Lorain, O., after hearing his wife's confession, did not turn her over to authorities there instead of bringing her to Canton. The police had grilled Heldman and were satisfied with his story prior to the brother's question.

The confession was made, according to Wilbur Heldman, by his wife in their Lorain home. Mrs. Heldman, mother of a baby born last July, used the same automatic revolver with which she was alleged to have fired six shots into Fearn's body.

COURT REFUSES TO QUASH CASE

(Continued From Page One)

jury, at a hearing following the presentation of the motion, told about the proceeding, it was shown that there were but ten voted for a true bill the grand jury being under the impression that a majority was all that was necessary.

Later on learning that at least twelve votes were required, he told how the grand jury recalled the bill, heard another witness and then voted a true bill 15 to 2.

The electoral college is much like any other. Nobody pays much attention to it when the big game is over.

In the pioneer era a population of 200 could support a newspaper; now it takes more to support a hot-dog stand.

Deaths of the Day

George L. Bowden.

George L. Bowden of 238 East Leasure avenue, one of the best known railroad men of this city died Thursday evening at 6:30 in the New Castle hospital as the result of complications which developed from an operation.

Mr. Bowden was the son of the late George W. and Sarah Bowden former residents of New Castle. He had been employed as engineer on the Baltimore ad Ohio railroad for a number of years.

Mr. Bowden was affiliated with a number of Masonic fraternities. He was a member of the Knights Templar, Greenville, 67, Chapter 212, Blue Lodge, No. 424, Adelphia of Jamestown, Pa., Shrine of Erie and New Castle Consistory. He was also a member of the B. P. O. E. and the Brotherhood of Locomtive Engineers of the B. and O.

Surviving him are one sister, Miss Rebecca Bowden at home and three brothers, Blithe of Brownsville, Archie L., of Ashtabula and Horace S. Bowden of Andover, O.

A brief funeral service will be conducted Monday December 17 at 1 p. m. from his late residence on Leasure avenue. Additional services will be conducted at 2:30 from the Presbyterian church at Jamestown, Pa. Burial will be made in the Park Lane cemetery at Jamestown.

Time of Funeral.

Funeral services for the late George Vincent McCormick will be held Saturday, December 15 at 9 a. m. from St. Mary's church. Burial in St. Mary's cemetery.

Mrs. Mary Crisci

Mrs. Mary Crisci, aged 78 years, died at her home, 1413 Croton avenue Friday morning at 8:15 after an illness of two weeks due to complications.

Mrs. Crisci was born in Italy, January 29, 1850, a daughter of Mr. and Mrs. Salvatora Derose. She was a resident of New Castle for twenty-four years. She was a member of the Croton Avenue M. E. church.

The following children survive: Clem, M. G., Samuel, James, Tony, all of New Castle and Ralph of Los Angeles, Cal., Mrs. Alice Pascarella, Mrs. Francis Valentino, Mrs. Rose Pandolfo of New Castle and one daughter, Mrs. Antonetta Carfaro of Italy. She also leaves thirty nine grandchildren, three great grandchildren and one brother and one sister in Italy. He husband preceded her in death some years ago.

Funeral services will be conducted Monday, December 17, at 2 p. m., from the Croton Avenue M. E. church with the pastor, Rev. C. C. Mohney in charge. Burial in Greenwood cemetery.

Mrs. Harriet Dean

Mrs. Harriet Dean, aged 71 years, widow of Judson Dean, of 809 North Mercer street, passed away at the home of her daughter, Mrs. W. H. Fenton, Jr., of 208 North Mercer street Thursday afternoon at 2 o'clock.

Mrs. Dean's death was due to pneumonia which developed from an attack of the flu about three weeks ago.

She was born near Harlansburg, April 10, 1857, a daughter of George and Hannah Hettenbaugh. She had been a resident of New Castle for eighteen years and was one of the best known and highly esteemed women of the city.

Mrs. Dean was a faithful and consecrated member of the First Baptist church and Bible School. For a number of years she had been a teacher of the Teachers Training class of the Sunday school. She was a woman of beautiful Christian character and was gifted with an unusually pleasing personality.

Surviving her are four daughters, Mrs. Carrie McCracken and Mrs. Ella Fenton of this city, and Mrs. Belle Nelson and Mrs. Gertrude Vincent of Grove City. She also leaves one sister, Mrs. W. I. Graves of Pueblo, Col., and six grandchildren.

Funeral services will be conducted Saturday, December 15 at 2 p. m. from her late home, 809 North Mercer street with Rev. George M. Landis officiating. Burial in Harlansburg cemetery.

Mrs. Mary E. Wilson Buried.

Burial for the late Mrs. Mary E. Wilson occurred from the family residence on Superior street Thursday at three o'clock. Dr. C. B. Wingerd, pastor of the Central Presbyterian church of this city, officiated, and later interment was made in Greenwood cemetery.

Pallbearers were: George Lyons, William R. Book, W. S. Rice and J. N. McCandless.

George Bloomer Funeral.

Funeral services for the late George Bloomer, of 216 Smithfield street, were conducted from the family residence on Thursday afternoon at 2:30 o'clock. Rev. P. C. Pearson of the Trinity Episcopal church officiated. Burial was made in Oak Park cemetery.

Pallbearers for the funeral were:—David Samuels, George Cartwright, Enos Cartwright, George Seamans, John O'Neil and Arthur Barnsley.

Nathaniel R. Pettitt.

Nathaniel R. Pettitt, aged 72 years, died at his residence near East Brook, this morning, following a lingering illness that extended over a long period of time.

Mr. Pettitt was born in Scott township and has lived in the vicinity of East Brook all his life. He was a member of the Rich Hill Presbyterian church.

Surviving are his wife, Eva Pond Pettitt, and two children, Earl and Ernest Pettitt, of East Brook. He also leaves one daughter, Mrs. James Martin of Scott township.

Funeral announcement will be made later.

Jesse Campbell Funeral.

Funeral services for the late Jesse H. Campbell of 836 Almira avenue, were held from the chapel of the Joseph S. Rice Company on Thursday afternoon at three o'clock. Rev. James S. Stewart of this city officiated. Interment was made in Neshannock cemetery.

Pallbearers included Charles Campbell, H. C. Stilling, Joe Shimp, Harry Campbell, Charles Campbell and Harry Gwin.

Dominco Folcomata.

Dominco Folcomata, aged 60 years, of Wampum, died Thursday night at 11 o'clock in the New Castle hospital following an illness of complications which developed from an operation.

The deceased is survived by his wife. Funeral services will be held Monday morning at 9 o'clock from St. Monica's church with Rev. Fr. Maloney officiating. Interment in Hoytdale cemetery.

AWAIT FOR NEW DEVELOPMENTS IN KING'S ILLNESS

(Continued From Page One)

evening in the king's condition is maintained. Any progress must be slow and difficult."

The bulletin was signed by Sir Stanley Hewett, Sir Hugh Rigby, and Lord Dawson, of Penn.

The crux of the situation now appears to hinge upon the king's ability to maintain his strength within the next thirty-six hours.

Although he is admittedly in a weakened condition, his weakness in itself is not regarded as unusual in view of the fact that he has just undergone a serious and exhausting operation.

It is believed that so long as his pulse remains steady, he will continue to cope with the general toxaemia and gradually recover his recuperative powers.

ATTEMPT MADE TO KILL WITNESS IN NORTHCOTT CASE

(Continued From Page One)

guard arrived in time to fire a shot as a stooped, running figure escaped in a driving rain.

Two hours later Clark was again awakened as the prowler split the window screen of his cell. The boy's cries again drove the man away. This morning footprints were found in the rain-soaked earth under Sanford's cell window.

Police investigating the incident and searching for the prowler are convinced he is seeking to silence Northcott's nephew as the lad is expected to give startling testimony at the trial of Northcott and his mother January 2.

In his Los Angeles cell, Northcott denied knowledge of the prowler. Riverside police stated, however, that several days ago Northcott told them he had "made a mistake in not killing Sanford and Jessie Clark (his niece) before they told on him."

There's one consolation. Money lost when the crash comes will be won by the kind of people who put it back in circulation.

MEN'S BIBLE CLASS HAS ANNUAL DINNER

Successful in every detail was the annual dinner and program given on Thursday evening by the Men's Bible class of the First M. E. Sunday school.

An elaborate menu was served at 6:30 in the church dining room by the King's Daughters. The tables were beautifully decorated with the season's colors. A small Christmas tree formed the centerpiece and tall red tapers in crystal holders added much to the colorful effect. Archie Gordon was the toastmaster of the evening.

Tad E. Shields of New Bedford was the principal after dinner speaker. Mr. Shields gave a most interesting address on the subject "Democracy, Go Forward," telling of the origin of the constitution of the United States and contrasting it with the present policy of politics as carried on today.

Selections by the class orchestra and a trombone solo, "The Holy City", played by Tony Caizzia, were features of the musical program.

During the business hour the following officers were elected for the year: President, Harry S. Bailey; vice president, John Emery; secretary, W. A. Myers; treasurer, E. L. Hainer; teacher, Walter S. Reynolds; assistant teacher, Charles R. Davis.

B. A. W. Club.

Christmas suggestions and colors arranged artistically about the rooms formed an attractive decoration for the Christmas party given for the B. A. W. club Thursday evening at teh home of Mrs. Trevor Richards of South Mill street.

The evening was spent socially with five hundred as the chief amusement. Prizes were won by Mrs. Orville Potter, Mrs. Harold White and Mrs. Earl Turner. Mrs. Albert Jones and Mrs. Harold White were special guests of the evening. A large Christmas tree in the living room was the principal atraction. Gifts were hung upon the tree which were afterwards exchanged to each guest.

A dainty lunch was served in the dining room by the hostess assisted by Mrs. Charles Henry. Mrs. Ralph Rodgers of Hazel street will entertain the club at the next meeting.

Junior Hadassah.

The local unit of Junior Hadassah met last evening at the home of Misses Julia and Ann Levy at 805 Highland avenue with Miss Ann Levine associate hostess. After a short business meeting dainty refreshments were served by the hostess and the rest of the evening was spent socially.

Philathea Class.

Miss Regina Huntington of 1711 E. Washington street will entertain the members of the Philathea Bible class of the First Baptist Sunday school at a Christmas party at her home Monday evening, December 17. There will be exchange of gifts.

CLUB MEMBERS HAVE CHRISTMAS PARTY

Holliday novelties and colors were used attractively in the decorations for the annual Christmas dinner of the M. J. N. B. club Thursday evening in the dining room of the Mahoning Methodist church.

An elaborate menu was served at 6:30 by the ladies of the congregation. Gifts were exchanged by the members.

Following the dinner the guests went to the home of Mrs. Mary Miller where the evening was spent socially with fancy work.

Mrs. Wilbur King of Lafayette street will entertain in two weeks.

M. D. O.

The members of the M. D. O. club were entertained at the home of Mrs. William J. Marshall of East Washington street Thursday afternoon. A Christmas luncheon was served at 1 o'clock, the tables being decorated with Christmas colors. After the luncheon the annual exchange of gifts took place. Two new members were admitted to the club, being Mrs. Alice Duff and Mrs. Joe Hanna.

Officers for the new year were also elected. Mrs. Lillian Wilkison was elected president of the club, Mrs. George Campbell, secretary and Mrs. R. E. McKnight treasurer. Special guests were Mrs. Lawther and Mrs. Thompson. The next meeting of the club will take place at the home of Mrs. McKnight on Adams street. The date of the meeting will be announced later.

Open Door Class.

The Open Door class of the Third U. P. church met at the home of Mr. and Mrs. W. H. Burdett of Lathrop street, Wednesday evening. The meeting was in charge of the vice president F. H. Beighley.

After the business meeting a social time was enjoyed with games and music os the diversions. A special feature of the evening was a solo number by the teacher, A. J. Minisk accompanied on the piano by Mrs. C. R. Lutz.

At a seasonable hour lunch was served by the hostess assisted by Mrs. E. L. Mitchell and Mrs. H. H. Duncan.

The next meeting will be held the second Wednesday of January. The place to be announced later.

Allegre Club.

Mrs. William Gallaher of Delaware avenue entertained the members of the Allegre club at her home Thursday evening at a 6:30 dinner. Christmas decorations were carried out and the affair was in the nature of a Christmas party.

After the dinner five hundred was the diversion and prizes were won by Mrs. C. Lutton and Mrs. Everett Brest. Mrs. John Houston of Butler, was a special guest. The next meeting will take place at the home of Mrs. Frank Gilkey of DuShane street on January 3.

N. D. J. J. Club.

Mrs. J. Vandyke of Lansing, Mich., and Mrs. Frank Ross of this city were special guests of the N. D. J. J. club at he home of Mrs. Albert Hunter of Carson street, Wednesday afternoon.

Five hundred and music were the principal amusements. Prizes won by Mrs. Grace Christ, Mrs. Ed Bender, Mrs. Albert Turner, Mrs. William Groffus and Mrs. Steen. Refreshments were served by the hostess. Mrs. Ed Kunce of Winslow avenue will entertain at a Christmas party in two weeks at her home.

Circulating Book Club

Mrs. J. Norman Martin of North Mercer street will entertain the members of the Circulating Book Club at her home on Wednesday, December 19.

MRS. ROY LESLIE ELECTED PRESIDENT

Mrs. William Britton of Edison avenue, entertained the members of the W. C. B. class at her home Thursday evenig. The afafir was in keeping with the Christmas season and the home was most attractive with decorations in keeping with the season of the year.

At the business session Mrs. Roy Leslie was elected president for the ensuing year. The other officers selected were Mrs. William Britton, vice president; Mrs. John Mottinger, secretary; Mrs. Strayer, treasurer; Mrs. Wm. Pattison class editor; Mrs. Rieck, chairlady of the flower committee.

A social hour was enjoyed following the business meeting during which the hostess served dainty refreshments assisted by Mrs. Ella Rhodes and Mrs. Roy Leslie.

C. S. C. Club.

Members of the C. S. C. club met at the home of Miss Lena Malls of Croton avenue Thursday evening. Names were exchanged and a Christmas party will be held by the club on Tuesday December 20 at the home of Miss Ida Prioletti. Sewing and social chat were the pastimes of the evenig last night and towards the close of the evening refreshments were served by the hostess assisted by Miss Anne Perioletti. The next meeting will be held at the home of Miss Alice Massaro of Duquesne street on December 27.

Wednesday Bridge Club

Mrs. Louis Steen of Marshall avenue entertained the members of the Wednesday Bridge Club at her home Wednesday afternoon. Four tables were used. The prize of the afternoon was won by Mrs. Clarence Jarrett and Mrs. Bert Parker.

A dainty lunch was served by Mrs. Steen assisted by Mrs. Ross Aubel. Mrs. Clare McClymonds and Mrs. Earl Ramsey were special guests.

The next meeting of the club will be held in four weeks at the home of Mrs. Bert Parker of Blaine street.

T. A. C. Club.

Mrs. William Sumner of Superior street, entertained the members of the T. A. C. club at a Christmas dinner Thursday afternoon. Poinsettas were used as the centerpiece and Christmas novelties were the favors. Covers were laid for 15 guests. Mrs. Tim Haley Mrs. Roy Keely and Mrs. Howard Wilson assisted the hostess.

In the afternon Mrs. Biddle won the prize and the usual exchange of gifts took place. The next meeting of the club will be anounced at a later date.

Colonial Club

Mrs. Nancy Terrer of Home street entertained the members of the Colonial Club at her home Thursday evening. Games and music were the pastimes of the evening. The prize was won by Mrs. Romeo Colaluca. Miss Fannie Marto assisted the hostess in serving refreshments.

The club will be entertained at a Christmas party on December 19 at the home of Mrs. Romeo Colaluca, Cascade street. Gifts will be exchanged at this time.

L. C. L. L. Club.

Mrs. Eleanor Skunder of the Harlansburg road entertained the members of the L. C. L. L. club Thursday evening at her home. Bingo was the diversion of the evening and prizes were won by Mrs. Lillian McIlwain, Mrs. Ida Beebe and Mrs. Nora Vogan.

Later in the evening lunch was served with Christmas novelties and Christmas colors being carried out. The club will meet in two weeks at the home of Mrs. Isabel Teets of the Harmony line.

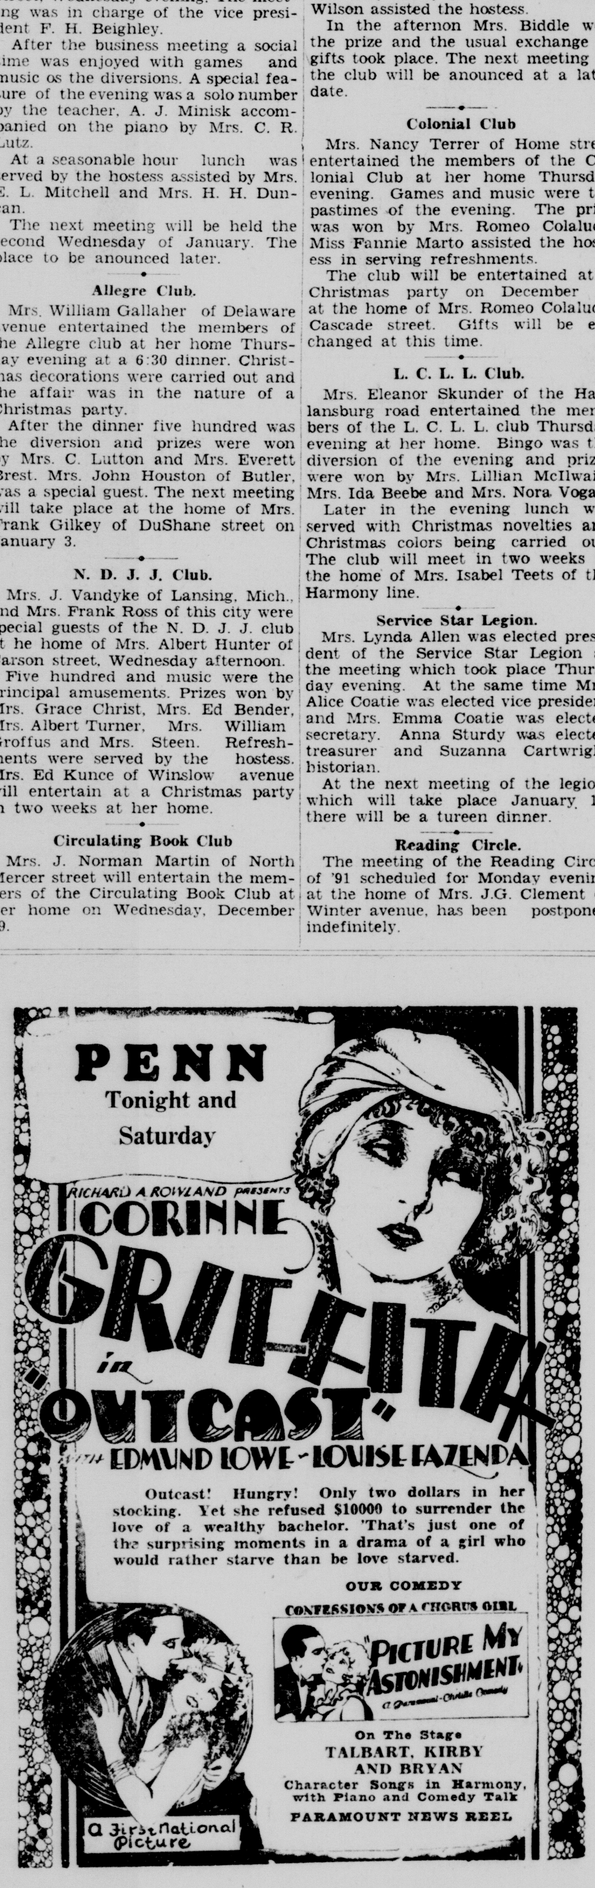
Service Star Legion.

Mrs. Lynda Allen was elected president of the Service Star Legion at the meeting which took place Thursday evening. At the same time Mrs. Alice Coatie was elected vice president and Mrs. Emma Coatie was elected secretary. Anna Sturdy was elected treasurer and Suzanna Cartwright historian.

At the next meeting of the legion, which will take place January 10, there will be a tureen dinner.

Reading Circle.

The meeting of the Reading Circle of '91 scheduled for Monday evening at the home of Mrs. J.G. Clement of Winter avenue, has been postponed indefinitely.



Open Bok Tower

The $2,000,000 carillon tower and bird sanctuary built at Mountain Lake, Fla., by Edward Bok, former publisher, in memory of his grandparents, has just been opened to the public. Photo shows a view of the campanile, practically completed.

ATTRACTIVE LUNCHEON EVENT OF THURSDAY

A miniature Christmas tree formed a colorful and attractive decoration for the 1 o'clock luncheon given Thursday at the home of Mrs. C. C. Coulthard of Morton street for the members of the G. W. C. Club.

Covers were arranged for sixteen. Dainty holly baskets filled with colored mints were used as favors and marked each place. The hostess was assisted in serving by Mrs. J. R. Weller, Mrs. George Blakely and Mrs. C. E. Patterson.

The after luncheon hours were spent socially, a feature being an exchange of gifts. The prize of the afternoon was won by Mrs. H. M. Allen. The next meeting of the club will take place in four weeks at the home of Mrs. A. W. Scott of East Washington street.

AVONDALE CLUB HAS ATTRACTIVE DINNER

Vari-colored candles made a lovely decoration for the chicken and waffle dinner given Thursday evening for the members of the Avondale Club at Sunny Crest Farm.

Covers were arranged for all members of the Club. The after dinner hours were spent with informal amusements. The next meeting will be held in the form of a Christmas dinner at the home of Mrs. F. L. Bloomquist of 1620 Huron avenue, the exact date to be announced later.

DR. GREEN SPEAKER AT FEDERATION

Dr. C. C. Green superintendent of city schools will be the speaker at the meeting of the executive board of Lawrence County Federation of Women's clubs Tuesday, December 18 in the Y. W. C. A. parlors.

Tureen Dinner

Section D of the Third U. P. church were entertained by Mrs. Harry Baldwin of Butler avenue, Wednesday evening. Fourteen members and four special guests were present.

Following the dinner, the party gathered about the Christmas tree and gifts were exchanged. Included in the program of short speeches and talks was a monologue given by Mrs. Lida Hannah.

Lotus Kensington.

Mrs. Ella Gibson of Mercer street received the members of the Lotus club at her home Thursday evening. The meeting was in the form of a Christmas party and was much enjoyed. Gifts were exchanged during the evening.

Delicious refreshments were served by the hostess at a later hour. The next meeting will be held at the home of Mrs. Robert Clarke of Butler avenue, December 27.

Basket Club

Mrs. J. Norman Martin of North Mercer street received the members of the Basket Club at her home on Thursday evening. Dinner was served at 7 o'clock at beautifully arranged tables. Roses were used for a centerpiece.

Covers were arranged for twenty-five. The after dinner hours were spent socially.

Mr. Fredrick and Mr. Bruce each brought back a deer. The men took their own camping equipment and camped on the farm of Charles Munn, a friend of Mr. Fredrick at Penfield.

Prosperity isn't universal, but you'll hunt a long time to find old-fashioned hard-times underwear made of flour sacks.

If you build a better mouse trap in the depths of a forest, among those who find you at once will be flies and English sparrows.

In Religious and Fraternal Circles

Westfield Service.

Sunday services in the Westfield Presbyterian church will open with the morning worship at 11 o'clock with sermon by the pastor, Rev. Ross M. Haverfield. Sunday school will be held at 12:15 in charge of the superintendent, Harry Emery.

The Mission Band will conduct a study period during the Sunday schol hour under the direction of Miss Grace Reed. Christian Endeavor vesper service at 4 p. m. led by Mrs. Ross Haverfield.

Choir will meet for rehearsal of Christmas music on Sunday evening.

Teacher Training class will meet Saturday evening at 8 o'clock at the manse.

Meeting Changed

On account of illness in the home of William Hockenberry, the Community prayer meeting will be held this evening at 7:30 at the home of John H. Kocher, 919 Maryland avenue.

Sewing Class

Saturday afternoon the regular Girls' Sewing School will be held at the City Mission, 17 South Mercer street, between the hours of two and four o'clock in charge of Mrs. John Wink. The devotional period from two to three o'clock has been growing in interest from week to week. Many children are attending these classes this year. The older children are making useful garments, and the smaller children are making stuffed toys, which when completed will be given to them for Christmas.

Gum-Join-Us Class.

The meeting of the Croton M. E. Kum-Join-Us Bible class will take place in the church at 8 o'clock this evening instead of at the home of Mrs. William Buxton as was announced previously.

East Brook M. E. Missionary.

The East Brook M. E. Missionary society met at the home of Mrs. J. B. Moore Wednesday, December 12. Devotionals were led by the president, Mrs. R. L. McCreary, followed by prayer. The members exchanged Christmas gifts. The hostess served dinner, assisted by Mrs. E. A. Pontious. The day was spent in piecing a quilt. The annual banquet will be held at the home of Mrs. Fred Moser in January.

At Greenwood M. E.

Sabbath school 1:30 p. m., preaching, 2:30 p. m., Rev. S. R. Maitland, pastor.

Y. W. C. A. Notes

NO SATURATION POINT IN OUR SCHOOLS

THERE are those who question the desirability of urging secondary education upon unlimited numbers; on the one hand, because of the burden increased enrollments impose; and, on the other hand, because they feel that the saturation point has been reached in graduates available for white-collar jobs and are concerned as to who will be left to "hoe the onions." It is important to note that the present objective in elementary and high school training is not primarily toward the white-collar job.

A few years ago the automobile industry echoed with a discussion of whether the nation had reached the saturation point for automobiles. Traffic conditions on our streets and highways may lead some to wonder if the saturation point has not only been reached but passed. Yet the year has seen more cars than ever before. The public, instead of reducing its demand, is widening its streets and opening new ones. Business does not curtail production; it finds new ways out. When production catches up with consumption, we find "Eatmor" campaigns for cranberries; "have you had your iron today" for raisins; "an apple a day keeps the doctor away" campaigns for apple consumption.

As to school enrollment, it would seem equally important not to curtail output as it is in industry. If we build more and wider roads to stimulate auto activity, we might with equal satisfaction build or enlarge schools, if necessary, to furnish an opportunity for every child.

It is not the purpose of the public schools of today to prepare their graduates for a specific type of work but rather to discover the pupil's adaptability as a necessary expression of his individuality and initiative and prepare him to accept the task for which he is fitted. That our young people are not educated away from work is evidenced by the rush of high school students to secure jobs as soon as the school year ends. A careful examination of the varied types of work done by students working their way through college will furnish further evidence that high school graduates have not generally acquired a distaste for toil.

So much for the menace of numbers. The saturation point has its application also to capacity for mental growth. Who will say at what stage a child is incapable of further development as a relative term. It is their purpose to build sound foundations, to establish attitudes and habits of mind that will lead the pupil to be alert to the opportunities for continuous mental growth. That the schools have done effective work is evidenced by the increasing patronage of libraries, night classes, extension courses, study clubs, and a multitude of other educational agencies.

Saturation in our schools? Not till this country reaches a point of stagnation will it be unable to absorb educated youth. Not till we cease rearing our children in an environment of directed self-expression, will they fail to respond to the stimulus of learning. So long as the trades, commerce and industry, science, the arts and professions, call for skill in hand or co-ordination of hand and brain, there will be no saturation point in public education.

AN ATTEMPT TO REVOLUTIONIZE BASEBALL

AT LEAST the fireside fans who gather in groups to discuss the great national game have a subject which is likely to cause as much discussion as the weather or the probable complexion of Mr. Hoover's cabinet. President Heydler, of the National League, has put forth a proposition that pitchers be relieved of all hitting and base running, another man to be put in the game to take the pitcher's turn at bat. It would not be compulsory, however, because if a manager had faith in the batting ability of his pitcher he could take his place with the other players.

The effect of this rule, if adopted, would be to give us ten men on a team instead of nine, as at present. This is the most revolutionary change that has been suggested since foul balls were made strikes—up until the third actual strike—almost a generation ago. That it would strengthen many of the teams is not to be denied. The majority of pitchers are poor batsmen, and even where they are not their appearance at the bat and on the bases has the effect of weakening their pitching. There are a few good batting pitchers, and, in such cases, they help to give their team an advantage.

It will seem strange to have a ball club composed of ten men in place of the traditional nine, but there is no sound reason why we should not have intelligent changes in this game as well as in others. It is too soon to say what will become of the suggestion, but doubtless it would be welcomed by baseball patrons.

It is very easy to rise in your own estimation.

The things you think you get for nothing cost more than those you think you pay for.

France still furnishes the styles, but we have learned to produce our own smutty literature.

Man's three ages: Hates work; works cheerfully as a matter of duty; wishes he could work.

While in a Persian marriage ceremony the bridegroom is not present, in this country he is merely among those present.

Vermont is said to have one of the lowest reckless driving records in the country. In Vermont the driver is almost always going up hill.

It is said that gowns now coming into fashion make it possible for a woman to dress in 55 seconds after spending three-quarters of an hour deciding which one to wear.

Today

Money for South America.

Balm in Gilead.

Bribery on Solid Basis.

Mussolini Speaks.

By ARTHUR G. BRISBANE
(Copyright, 1928, by N. Y. American, Inc.)

Herbert Hoover, talking to our friends in Chile, urges the use of United States loans to develop South American countries. That is wise advice, useful to the United States.

If some of the billions lent to Europe since the war ended, some of that used for war preparations over there had been lent to South America it might be better for us, for South America and for Europe.

It is not pleasant to read of an attack on Mr. Hoover planned by anarchists in the Argentine. It is not possible to understand such an insanely criminal attempt.

However, Mr. Hoover will proceed on his way, attending to the business in hand. His work as a young engineer in China and elsewhere long ago proves that fear plays a small part in his makeup.

Steel, Motors, and "the Coppers" were the little children that led the Wall street market up Wednesday. Radio bounced back to 312, going as high as 330. Lambs still left clinging to the ticker decided that there might be balm in Gilead, after all.

New York thinks 10 out of 12 on a jury should be allowed to convict, no matter what the other two might do. A criminal on trial, if prosperious may "influence" two. If ten could convict it would make it less easy to "fix" a jury. That's the theory.

Jury-fixing is a prosperous industry in New York, AND elsewhere.

Wall street believes that Packard and Chrysler, both big and successful, will combine and establish another gigantic fighting automobile unit.

The individual manufacturer will soon feel like Gulliver among the Brobdinagians, whose smallest child can hold the traveling Englishman on the end of one finger.

However, brains and energy count, even among giants. The right kind of "independent" will find and maintain his place.

Prohibition and bootlegging have pretty well established bribe giving and taking as a regular institution.

Count that day lost in Italy, whose low descending sun finds Mussolini without a new idea. But there are few such days. At present he rebukes "imbecile optimism" as Italy's greatest peril.

What would he say about this country, where imbecile optimism piles up gold in billions, like a Strassburg goose laying on fat, but provides no protection against an enemy that might decide to eat the goose?

Mussolini, offering a prize for big families, says the rich disgrace themselves by having so few children and calls the poor "Italy's hope."

Why worry about the childless rich as long as the poor have children? The rich that amount to anything originally came from poor people ever since the days of Romulus and Remus, and farther back to Adam and Eve.

It is better for those that do not want children not to have them, better for them, better for the world. What you do unwilling is not done well.

The King's "surgeon-apothecary," who still retains the old-fashioned title, performed an operation on his majesty Wednesday, encouraged perhaps bythe Prince of Wales upon his return. A poisonous fluid was drawn from the base of the right lung and doctors announce that "further drainings will be necessary."

That "purulent fluid" has been poisoning and weakening the king's heart for days. The public clings to "signs of slight improvement" but with faint hope.

A negro boy, 16 years old, barricading himself in a Chicago flat, wounded eight policemen. Finally a police squad, protected by bullet-proof shields, invading the flat, tore the young fighter to death with lead. The was probably insane.

The individual's instinct of self-preservation protects human society as a whole. Each one wants to live, and fears to do anything that will end his life. When insanity, ambition, rage or jealousy wipes out the instinct of self-preservation, a man becomes dangerous.

Bolivia calls her young men to arms orders them into training to fight.

It is hard to keep men and nations from fighting when their minds are made up.

French newspapers rejoice that the League of Nations will intervene in the dispute between Paraguay and Bolivia.

The league, snubbed by Mussolini and others near home, might gain prestige if it could do something in America.

This country will approve anything that means peace instead of war.

But let us be thankful that the League of Nations can't come to North America to tell us what we must or must not do. And let's hope there won't be any world court or other kind to change that situation.

Bible Thought For Today

THE FEAR OF THE WICKED—The fear of the wicked, it shall come upon him: but the desire of the righteous shall be granted.—Prov. 10:24.

PRAYER—Create in me a clean heart, O. God, and renew a right spirit within me.

Quick Thinking. BY FONTAINE FOX

Copyright, 1928, By Fontaine Fox

Hints and Dints

Sun sets tonight 4:33. Sun rises tomorrow 7:18.

The fellow who wants to see you on a matter of life and death may be the insurance agent.

Prohibition has not reduced the number of marriages any even if, in the old days some, both men and women claimed they did not know when they were married, apparently being "plastered" when it happened.

There is a great amount of sickness in this city at present. Many workshops, stores and other places are shorthanded on account of workers being sick. Being careful often helps a lot from becoming sick. Going to a doctor before one has to quit is often cheaper than waiting until one is in bed and not able to get up.

If she glares when her thumb is on the horn buton the thing usually under her thumb is a husband.

The conscience fund in the U. S. Treasury now amounts to $568,594. This is money that has been sent in by persons whose conscience will not allow them to keep money they have gotten from the government by hook or crook. If all thieves would turn in what they stole we would not have to pay any taxes.

SIS' LIMITATION

Sis has copied many another—
Learned to roll her own like brother;
Buys her pants of tweed like dad's,
Cuts her hair like any lad's.
Just one thing she never can—
Spit like Hank the hired man!

A lot of people right now think Santa Claus is a fine gentleman. After Christmas they will say he is an old bum.

We know a man who used to be mayor of New Castle who took his own car when he went out over the city on city business. He either had to do that or go in the old patrol wagon and his wife made him change his clothes before she would let him into the house when she knew he had even been near the patrol wagon.

When some people get a package marked "Do not open until Christmas" they hardly ever wait until the carrier gets out of sight before they rip it open.

WHEN A FRIEND GETS RICH, YOU LOSE A FRIEND

People born rich usually are as easy to like as people born poor. But people who make money quickly nearly always develop a feeling of importance and lose whatever charm they may have possessed.

I have lost several friends that way. Men who were my cronies while poor developed swell-head as they grew rich and no longer were pleasant companions.

I like to see my friends prosper, and yet I regret it, too; for I know prosperity will spoil them and I will lose them.

The hunting season is justified in many ways. It makes many a $35 cow worth $150.

Back in the old days we used to gather the old-fashioned black walnut and after getting all over walnut stain we sometimes sold a bushel of the nuts if any one gave us 25 or 40 cents a bushel for them. We paid 40 cents for a half peck of these same kind of nuts a few days ago. That's four dollars a bushel. Some kinds of nuts are getting scarcer and other kinds are getting too numerous.

"It always offends me to see a girl in short skirts reach down every few moments and try to pull the skirt over her knees. That is, it offends me if she is facing me and is aware of my presence. The act is a confession that she thinks I am looking at her knees— which I may be. But I always want to say to her: "My dear, you needn't be so particular. I'm not interested in your darned legs. They're not particularly fetching, anyway, and I'm an old man.' My belief is that a modest girl wouldn't pull at her skirts that way. For one thing, she wouldn't be thinking about her legs all the time; and, for another, she wouldn't call attention to them so often, even if she did think about them."

Alimony: Punishment for being a poor judge of women.

After reading the accounts of the dastardly murders being committed in this country it makes it hard for us to think the United States is getting better. The world may be getting better, but are we?

A day or two before Christmas is also a poor time to advertise Christmas goods. It's also a poor time to buy Christmas goods. There are two things that should be done early at Christmas—advertising and buying.

TODAY'S STORYETTE.

Sam sat on the sunny side of the tree, the perspiration running down his face.

"Boy, why don't you all seat yo'self on the shady side?" his friend asked him.

"That's all you knows about nature," replied Sam. "By and by sun's goin' to be on dat side and den Ah would hab to move."

According to reports, some of those anarchists in South America would like to plank Mr. Hoover. Anarchists are just naturally nasty and no one ever knows what they will do and no one cares much as long as they do nothing that will interfere with the life and property of others.

You lick the kid because you are bigger than he is—physically.

We think it bad business to borrow money with which to buy Christmas cards to send out to friends—or enemies either for that matter.

These patent exercises are great things. You don't have time to use them but think how you must hustle to meet the payments.

Nearly a million motorists in Pennsylania have failed so far this year is applying for their 1929 automobile license. A lot of those birds are not going to use their boats after January 1 until they get their licenses because there is to be no extension of time after January 1, which is absotively kerrect. The real citizen had his license long ago.

A bank clerk in China embezzled fifty thousand dollars of the bank's money to bet on the dog races. That money surely went to the dogs and the bank knows it only too well.

There was some petting in the old days but you had to deal gentle with a lady fastened up with 732 pins.

WHAT HAVE YOU DONE TO PAY FOR LIFE

Have you done a piece of work that will live after you to benefit the world?
Have you planted a tree?
Have you trained a child to be an ornament and a blessing to mankind?
Have you built a house strong enough to survive you and benefit the next generation?
Have you given the world a useful idea?
If you have done none of these things, what is your excuse for living?
The cattle do nothing for the world, they exhaust their energies at the business of feeding themselves and create no surplus, but their flesh can be eaten.
Are you content to be less useful than the cattle?
If you contrive merely to feed and clothe your body until it is worn out, you have been a ourden and a waste; for the world has done much to serve and benefit you. If you have done nothing to repay it—if you have merely stood at the trough—the world would have been better off without you.
If there's nothing else you can do, at least plant a tree. Don't walk out when the show is over without having done something to pay for your entertainment.
I had rather be an ape in the jungle than a "civilized" man who contributes nothing at all to civilization. If the ape does nothing more than fill his stomach, he has the satisfaction of knowing no other ape does more.

Just Folks

By EDGAR A. GUEST

THE RADIO ANNOUNCER

The radio announcer is a man I never see,
But a friendly sort of person I am sure that he must be
And I sometimes sit and wonder as his voice I recognize
If he wears the sort of garments he is paid to advertise.
Does he use the certain toothpaste which he nightly talks about
And that celebrated tonic which keeps hair from falling out?

When he's introducing speakers and is giving out the news,
Is he actually standing in those cornless, comfy shoes?
Do those marvelous suspenders keep his trousers round his waist?
Does the gum which he is chewing hold that everlasting taste?
Who makes the watch he looks at when the gong rings nine o'clock?
And does he fill his flivver with the gas which doesn't knock?

Oh, the radio announcer is a man I'd like to see,
For a lasting work of beauty I am certain he must be.
If he does as he advises no mistakes can mar his life,
But at times I get the notion I should like to ask his wife,
When he settles down to dinner does he look about and say:
"By the courtesy of Whoozit we have corned beef hash today."?

Daily Editorial Digest

Symposium of Editorial Views By Newspapers of Nation on Important Subjects as Edited by Consolidated Press Association.

Coolidge Message Appraised As Review Of Administration

Opinions Range From Warm Approval To Feeling Valediction To Lame Duck Congress Is Not So Important

President Coolidge's last message to Congress, discussed by the press as a review of his administration, finds warm approval in many quarters, nothwithstanding a feeling in others that, as the CLEVELAND PLAIN DEALER expresses it, "a message addressed to a lame duck session by a President whose successor already has been elected is likely to be a work of supererogation."

Calling it "a final accounting in large measure of his stewardship of national affairs," the WASHINGSTAR (Ind.) finds "a high note of optimism" and calls the message "Coolidgesque in its clear statement and sound common sense, tinged with a strong sense of moral obligation."

"Mr. Coolidge was serenely confident, as he had every right to be, that his political philosophy had been vindicated by experience and approved by the American people," says the CHICAGO DAILY NEWS (Ind.). The ROANOKE WORLD-NEWS (Ind. Dem.) holds that "most of the recommendations are sane and conservative and in line with the best thought of the country." The latter paper, however, advises that Congress "should be slow to follow the President in such vast expenditures as are now proposed for cruiser building."

Among the approving expressions are those of the SPOKANE SPOKESMAN-REVIEW (Rep.) which says that "it is an able message, strong, sound and clear in every utterance"; the CINCINNATI TIMES-STAR (Rep.) that "he is justified in painting a rosy picture of the present-day condition of the country"; the ST. LOUIS TIMES (Rep.) that "it is a confidence-begetting communication"; the TOPEKA DAILY CAPITAL (Rep.) that "there runs through it, as through all of the utterances of President Coolidge, the moral urge of responsibility, duty and high national aspiration."

"Comprehensiveness of grasp, clear perspective, nice sense of values—certainly from his party's viewpoint—all these qualities mark the message," declares the BIRMINGHAM NEWS (Dem.). The BANGOR COMMERCIAL (Rep.) states that "he covered a multitude of matters briefly, informingly and intelligently," and the MANCHESTER UNION (Ind. Rep.) feels that "it will command closest attention both at home and abroad." The BUFFALO EVENING NEWS (Rep.) calls it "a conventional, sensible paper."

Two leading points made by the President are singled out by the NEW YORK TIMES (Ind.)—"moderate and friendly sentiments about plans for national defense," and the discussion of "public finance, governmental economy and industrial progress." The FORT WAYNE NEWS-SENTINEL (Rep.) is of the opinion that the message "cannot be said to have great place among the state papers of his administration except in those sections which related to our foreign relations."

The BUTTE DAILY POST (Rep.) thinks that "Coolidge has wisely made articulate the platform on which the Republican party won its successful verdict at the hands of the electorate." The TOLEDO BLADE (Ind. Rep.) declares that "it is indeed a creditable valedictory."

"Inasmuch as President Coolidge and President-elect Hoover stand in such thorough accord on major questions, the message is of unusual interest," suggests the PASADENA STAR-NEWS (Rep.)

The KANSAS CITY JOURNAL-POST (Ind. Rep.), observes "a firm resolution on his part to keep the budget balanced." In describing the message as a review or record of the years of the President's term many papers agree, including the FLINT DAILY JOURNAL (Ind.), the RICHMOND NEWS LEADER (Ind. Dem.) UTICA OBSERVER - DISPATCH (Ind.) and CHATTANOOGA TIMES (Ind. Dem.). That the dominant thought on his part was preparation for the close of his term is noted by the PHILADELPHIA EVENING BULLETIN (Ind. Rep.) and the CHARLESTON DAILY MAIL (Ind. Rep.)

"Overweaning ambition to leave his mark on the presidency after he has left the office does not exist for Mr. Coolidge," observes the FORT WORTH STAR-TELEGRAM (Ind. Dem.) with the added comment: "There is something very refreshing in the spectacle of a President who can take his turn and, having had it, clear himself entirely out of the way to allow his successor a free rein." The shadow of the coming President is seen also by the DAVENPORT DEMOCRAT (Dem.) and ROCK ISLAND ARGUS (Ind.)

"Behind the dissolving figure of Calvin Coolidge," says the OMAHA WORLD-HERALD (Ind.), "looms the mounting figure of Herbert Hoover. And so intently does the world wait what he will have to say, when clothed with power and burdened with responsibility, that the familiar strains of the Coolidge message to Congress fall, we fear, on somewhat infidderent ears." The SYRACUSE HERALD (Ind.), and HARRISBURG TELEGRAPH (Ind. Rep.) see "no more than a reiteration of the President's views" on measures already presented.

"This is no swan song; it is the gentle sigh that precedes repose," asserts the NEW YORK EVENING WORLD (Ind.) and the LITTLE ROCK ARKANSAS DEMOCRAT (Dem.) emphasizes the "unemotional" character of the message. The TULSA WORLD (Ind.) calls it "coldly impersonal and confined to stark facts, its phraseology yet rising at times to the heights of literature."

"Only on two keenly controversial questions, agriculture and power, did he take sides, and here he reasserted his familiar position," avers the DAYTON DAILY NEWS (Ind Dem.), while the MEMPHIS COMMERCIAL APPEAL (Dem.) describes the document as "the echo of confidence from the noise of a political victory," and the SCRANTON TIMES (DEM.) believes that "chief criticism against it, we rather imagine, will be because of its negative charteer."

"There is not much in the message," in the judgment of the LOUISVILLE COURIER-JOURNAL (Ind.) "that could not have been jotted down in advance by anyone familiar with the situations with which Mr. Coolidge dealt."

The World AND THE Mud Puddles

THE ENGLISH OF IT.

The salary of the American Christian minister has been often cited as being a mere pittance and the minister himself hardly more than a beggar at the gate, relying as he does upon the whims and fancies of his congregation.

The American minister is at least supported by a Free Church, which may be built into a great congregation while the State Church of England is a pure Political Institution and its clergy, while reasonably certain of a "Living" are poor indeed compared to their American brothers.

The average salary of a curate in London, England, where the cost of living is relatively high, is about $1,100 a year. A vicar receives anywhere from $1,500 to $5,000 but he must pay his curates' salaries out of this amount.

In the country districts there are hundreds of parishes that bring in less than $1,500 total income annually, and part of this is made up of special gifts, Easter offerings, etc., so that the regular salary on which the minister can count is even less. Many ministers find themselves just above their bare living expenses, with less than $5.00 weekly for everything else.

Yet in a small English community people look askance at a minister who hasn't a wife and children.

The Way OF THE World

By GROVE PATTERSON

SATURATION?

Let's not worry about the saturation point of business, whether we are producing motor cars or what not. Listen to Major Carson of N. W. Ayer & Son, advertising people. He says:

"As long as men die and babies are born there will be an ever changing market. Six thousand new babies in the United States every day mean 25,000,000 new customers every ten years. There are about 1,000,000 marriages every years, meaning a new untouched market for homes and all their appurtenances.

"Changing styles are constantly creating new demands. The car you thought so wonderful this year will take a back seat for a new model in a new color next year. The same thing is true of sewing machines, lead pencils and vacuum cleaners. The American family is always ready to buy newer things."

KNOWING WHERE IT IS

Howard C. Dunn of the United States bureau of commerce, tells store keepers some facts about their business. The facts come from analysis.

"One grocer," said Mr. Dunn, "carried 42 kinds of tea, six of which made up half of his total sales in tea.

"According to this grocer's trading area 43 per cent of his customers live within half a mile of his store and their purchases make up 30 per cent of his sales. Analysis of his deliveries showed the minimum use of a truck was to deliver two cakes of yeast to a customer living three miles away.

"Analysis of toilet-goods sales in a city drug store for six months showed 74 per cent of total sales made on 159 items of 474 carried.

"Idle merchandise stocks on the shelves of retailers constitute one of the outstanding wastes. Merchandise which sleeps on the shelves gradually accumulates costs, such as storage, interest, insurance, taxes, shrinkage, depreciation of obsolescence. Furthermore, it ties up a retailer's capital and depreciates his credit."

Few who read this column are grocers, but the idea, the principle is sound. It is wise to know where our time goes, what we are doing and why. The lack of analysis of our business and ourselves is one of the major reasons for failure.

WRITE IT OUT

It is a help to clear thinking to know rather definitely what you believe about the few important, fundamental matters of life. Would it not be a good thing if we were to write out our own philosophy of life, what we honestly think and believe about things? Not many of us would produce a piece of writing that any publisher would care to buy, but we would clarify our thinking and prepare ourselves for more thoughtful living. Few live thoughtfully.

School Absence Increase Noted

Rainy Weather Is Responsible For Slight Increase In Number Of Absences

HUNDREDS ABSENT WHO ARE NOT SICK

Inclement weather has made for a slight increase in the number of absences in the New Castle schools today. While the increase over Thursday's figures of 2,000 absences is slight, it is thought that over-cautious parents kept their children home today because of the rain.

The percentage of absences in the schools ranges from 40 in the Oak street school to 10 in the Lawrence school, states Dr. C. C. Green, superintendent of schools. While the condition is not alarming, every precaution is being taken to prevent the spread of illness in the schools. The complete health staff is being used now to take care of the children and the closest of checks is being kept on the situation.

"Hundreds of children are absent who are not sick," concluded Dr. Green. "This, I believe, is caused by their parents taking extra precautions at this time. However, I believe that after a rest over the week-end, the situation in the schools will be more nearly normal."

Rev. C. S. Brooks Makes Good On Unique Project

Former New Castle Pastor Has Novel Plan Of Church Financing

Following comment noted in a nearby newspaper is of interest here by reason of the fact that years ago Rev. Brooks was pastor of the First Christian church of this city.

Pastor's Optimism.

If you have a dour feeling that the optimist is usually left holding the bag, hark to the experience of the Rev. Crayton S. Broks, pastor of the First Christian church of Ardmore, Okla.

A matter of a decade ago the Rev. Brooks came to this church as pastor. He helped the deacons draw u pa budget for the year and then suggested that instead of giving him a regular salary the church at the end of the year, simply give him whatever surplus funds were left after all other bills were met. He was optimistic enough to believe that this would work.

As it happends it has worked beautifully. The Rev. Brooks still holds that pulpit and is getting alog nicely. The church has never yet failed to live within its budget—something rather unusual, for any organization—and the minister's optimism has been justified by the results.

Davies Not To Battle, Report

It was reported today that Willie Davies and Midget Wolgast would not battle here Christmas afternoon. Instead it is said that Emmett Rocco heavyweight who defeated Frankie Wine (who defeated K. O. Christner) would be one of the Christmas day battlers at Jolly Bowl, according to plans mapped out by Bill Jolly. Jolly is to meet Joe Cumo and discuss the proposed bout this evening.

See Sol S. Davis Of Elks Committee To Secure Coal

Elks Committee Is Handling Distribution Of Coal Fund Of Mr. Rentz

Sol S. Davis, general chairman of the Christmas committee of the B. P. O. E. No. 69 today requested the needy citizens of New Castle to get in touch with him at the Elks Home on Sunday. This regards the distribution of coal to worthy charity cases.

Fred L. Rentz, president of The New Castle News company has donated $500 to buy about 100 tons of coal for the needy citizens of New Castle. Some people have been calling Mr. Rentz at The News office and this practice should stop. Mr. Davis asks that the people do not bother Mr. Rentz.

Those in need of coal and fuel can get attention from Mr. Davis at the Elks Home on North Mill street, on Sunday between the hours of 10 a. m. and 4 p. m. There will not be any message taken over the telephone said Mr. Davis. To get attention from the Elks Christmas committee you must call in person at the Elks Home.

It is hoped that the people in need will adhere to this request and not call Mr. Rentz at The News.

Youthful Aviator Reaches Bellefonte

Richard James, 17, Attempting Cross-Country "Solo" Flight Lands At Bellefonte

(International News Service)

BELLEFONTE, Pa., Dec. 14.—Richard James, 17-year-old New York youth who is attempting to be the first person under 21 years of age to complete a trans-continental flight was at the government airport here today awaiting favorable weather to continue his journey to New York.

James arrived here late yesterday from Kylertown, Clearfield county, where he was forced down several days ago while atempting to complete a hop from Cleveland via Mercer. He smashed the propeller of his plane and was delayed until repairs could be made.

There was a low "ceiling" here today and it was not known whether James would try the hop to New York.

Belgium's Hymn May Be Changed

Words Of Modern Version Are Not In Rhythm With Ancient Music

(International News Service)

BRUSSELS, Dec. 14—Belgium's national anthem, the famous "Brabanconne," will be modified, if the Fine Arts Section of the Belgian Royal Academy can have its way.

The members find that the words written by Charles Rogier are not in accord with the rhythm and spirit of the anthem and are in favor of returning to the words of Jenneval and the music of Van Campenhout, authors of the original song.

Will Make Plans For Commander's Banquet

An important meeting of the national commander's banquet committee of the Perry S. Gaston Post of the American Legion has been called for 8 o'clock this evening. Preliminary arrangements for that part of the program being planned for the entertainment of National Legion Commander Paul V. McNutt of Indianapolis, when he visits the city on February 12, 1929, will be discussed at this time.

The meeting of the committee will take place at the Legion Home on North Jefferson street.

Bondsman Forfeits $300 To Court

When the case of the commonwealth versus George W. Shook charged with issuing a worthless check, was called for trial before Judge R. L. Hildebrand this morning, the defendant failed to appear.

With his failure to appear, the court declared that his recognizance was forfeited. His bond was $300 with F. W. Meyers as surety.

Clenmore Avenue Plans To Be Made

When council met today in formal session at the city building solons instructed City Engineer Miller to draft plans for a sewer in Clenmore Avenue as a request for expedition of plans was made by J. Clyde Gilfillan when council met.

While hunting near Narromine, Australia, recently, a boy shot a rabbit and the rifle ball pierced the animals body, then struck a log, rebounded and landed in the face of a young companion, who had to be taken to a hospital for its removal.

A wooden cradle that has been holding six babies at a time is being abandoned at the workhouse at Kisnaskea, Ireland, and individual sleeping places for the tots installed.

Dr. Denis Geffen, who was recently appointed a medical officer of health in England, is only 29, and is believed to be the youngest holder of that office in England.

Two Juries Return Verdicts Friday

In the case of G. Y. Fike, charged with forgery, the jury returned a verdict in court of not guilty and placed the costs on A. A. Saunders, the prosecutor. The jury was directed by the court to bring in the verdict of not guilty and was only sent out to determine where the costs should be placed.

Jury in the case of Dan Sesko, charged with larceny, returned a verdict of not guilty and divided the costs equally between the defendant and Anna Hill, the prosecutor.

Arrangements are being made in Europe for autoists to send telegram from telephones in booths along highways, payments to be placed in a special box placed near the telephones.

Will Bring Pair Back To Testify

Sheriff And Assistant To Bring Youths Back From Rockview

Sheriff H. M. Reynolds and Samuel Chambers left this morning for Rockview Penitentiary at Bellefonte, Pa. for the purpose of bringing back Thomas and Howard Mechling, now serving terms in that institution, to testify in the case of the commonwealth against Harry Wolf, who is to be tried on the charge of receiving stolen goods and larceny. They will return them to that institution as soon as they have testified.

These young men are serving terms of from 2½ to 5 years for the theft of from a mile to a mile and a half of trolley wire. They were sent up from Butler county.

Wolf is charged with having received or purchased this wire and it is for the purpose of establishing this fact in the case of Harry Wolf, that the prisoners are being brought back.

Besides the regular big program of four good acts and fine pictures, the Capitol is indeed proud to present Jacques Van Ipe's Ballet and Concert Dancers, New Castle's own beautiful classic dancers—Something entirely different from anything that has ever been seen in New Castle before. There is going to be the usual big crowd and we suggest that you come early for a good seat. Admission remains the same.

Autoist Kills Wildcat And Collects Bounty; Thought It Was Dog

(International News Service)

WESTFIELD, Mass., Dec. 14.—"Well I'll be doggoned," declared George Deschamps of Westfield as he stood beside his automobile with a $10 bill in his hand, scratching his head. "That's the first time I ever got paid for making a mistake."

Deschamps was riding home from Chester when he hit what he thought was a dog. He brought the dead animal to Westfield, intending to bury it. When he arrived here, state officers paid him a $10 bounty for killing a 15-pound wildcat.

Farmer Scientist Startles College Men

(International News Service)

BLOOMINGTON, Ind, Dec. 14.—Dignified members of the Indiana Academy of Science meeting here were somewhat startled when Tunis J. Quick, a farmer living near Columbus, Ind., who is the only Academy member who has no college degree, read a paper attacking orthodox theories regarding earthquake causes and the glacial age.

Instead of a ball of fire at the center of the earth, the general belief, the heat there is organic or chemical, Quick contended. Centrifugal force, not heat, causes earthquakes, according to Quick.

The farmer-scientist also contended that the earth revolves under an ice section so that in time all parts will come in contact with the cold that the earth has six movements instead of the two that scientists declare exist.

LONDON HAS BIGGEST ICE RINK IN WORLD

LONDON, Dec. 14.—The largest covered ice skating rink in the world will be opened next October in Richmond, on the Middlesex bank of the River Thames. There will be a skating area of 24,300 square feet, and a balcony and promenade for two to three thousand onlookers.

The rink will be the headquarters of the Richmond Ice Skating club. Private skating rooms will be provided for members, a private landing stage for those traveling to the club by boat, and special parking arrangements for automobiles are included in the facilites to be provided.

PETER'S ADVENTURES in ANIMAL LAND

BY MRS. FLORENCE SMITH VINCENT

TWO DOVES WHO WISHED TO BE DIFFERENT

Peter turned around as quick as a flash and found himself standing between two birds.

He recognized them at once as the Turtle Doves, and he was dreadfully embarrassed at being caught hanging around their home. Perhaps they would think he had no business there. He answered hurriedly:

"Oh, your home is very fine—that is, what I have seen of it. Of course, I did not get any farther than the doorway, but that is large. Please do not think that I am prying into your affairs, dear Turtle Doves! I am not. Passenger Pigeon is a great friend of mine, and you have no idea how he praised your children—said they were the finest young birds in the country—and so I came over to see them.

"Besides, Passenger Pigeon said he was sure you would be glad to see me, or I never should have dared to come."

"Glad to see you—to be sure we are!" cried the birds with one breath. "Only you cannot blame us for being surprised. You are the first two-legs who has ever come to make us a visit. We have not been in this country so very long—only a few months, you know. Perhaps it is the usual thing for two-legs to visit the birds. Is it?"

"No, I do not believe that it is," said Peter, slowly. "But then every boy does not love the birds as I do. This is the very first time I have even seen Doves living in a rabbit burrow. Do they like the ground better than the trees in the country that you came from?"

"Indeed, not," cried Mr. Turtle Dove, quickly. "In fact, I have never even heard of a Turtle Dove that lived in a house like ours. How our folks would laugh if only they could see us now.

"Why, no Turtle Dove lives anywhere else than in the low forked branch of a tree. But that is just exactly why we left home—every Turtle Dove looked and acted just like every other Turtle Dove and we grew dreadfully tired of it. We wanted to see something different. At least I did."

"And I loved you so much I wanted to do just what you wished, dear," cried the fond little wife, and the

HE FOUND HIMSELF STANDING BETWEEN TWO

two Turtle Doves cooed lovingly to each other.

GULF OF CALIFORNIA SLOWLY DISAPPEARING

LORETO, Lower California, Dec. 14.—Observations made here and at other points along the west as well as the east coast of Lower California show that the peninsula is widening and point to the possibility of eventual disappearance of the Gulf of California.

The Jesuit priests who colonized this partof the peninsula 230 years ago were the first to observe the phenomenon. The records of their observations were handed down through the ages and in recent years new observations have confirmed their findings. Juan Bareno, a descendant of the Spanish colonizers, decided about thirty years ago to check up on the Jesuits' figures. He planted a number of palm trees on the shore of Loreto Bay, within ten feet of the sea. These trees now are 100 yards inland.

AS THE STORY GOES

Commercial Traveler: "My firm has just engaged 10 men to do nothing but pump water to dampen stamps. Our business is so large."

Rival: "That is nothing. Our business is so huge that the head bookkeeper has to go by car from debit to credit in his cash book."—Der Gemutliche Sachse (Leipsic.)

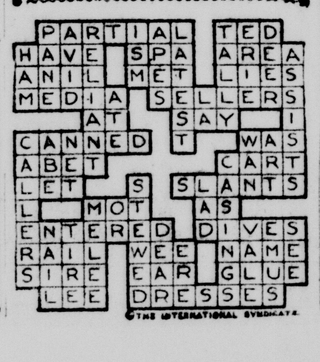
Solution Yesterday's Puzzle



Value Produced Volume—

and volume makes the price

$22.50

FOR half a century the Richman organization has worked toward a single objective—to give men more clothes quality; more *VALUE* than their money could buy elsewhere.

We know Richman's Clothes are unusually good because we make them in our own factories—quality is safeguarded in every step of the production by highly trained workers who own a big interest in this business. We know the fabrics and other materials we use could not be sold at much less than $50 except for the fact that we buy immense quantities for cash.

Volume counts in this business just as it does in automobiles or any other manufactured product. You get most for your money in Richman's Clothes because you buy direct from the world's largest manufacturing retailers.

RICHMAN'S CLOTHES

Established 1879

SOME of your friends can tell you how good Richman's Clothes are. But the real test is to buy one of these suits or overcoats and see how well it looks on you—how long it wears. You'll find selection easy, for our immense stocks include every good style to be found anywhere—all the smart weaves, patterns, shades and mixtures—a range of sizes so complete that we can easily fit men who think they are hard to fit, as well as those of average build.

You can pay only one price at Richman's no matter what you choose—$22.50 for any suit, overcoat or tuxedo suit with silk vest.

A gift you may depend upon to please any man—Richman's Clothes. We sell merchandise gift certificates for any amount you wish to give him.

PIPE AND VANITY CASE IN INDIAN GIRL'S TOMB

BIRMINGHAM, Ala., Dec. 14.—The semi-mummyfield body of an Indian princess, supposed to have been buried 200 years or more, has been dug up in an Indian burial ground ten miles south of Rockford, Ala., according to John K. McEwen, Curator of the Rockford Indian Mureum.

A striking resemblance to the modern girl is shown in the articles buried with this Indian girl, which include a stone pipe and a box of paint, a substance now referred to as rouge, Mr. McEwen said. The pipe, which is equivalent to the modern cigaret holder, has a straight stem, while the bowl is carved in the shape of a bird's head, with a bill and two dots for eyes.

PICTURES HELP SAVE TWINS

Events held in this country and Europe at which large numbers of twins are honored guests, are proving a great help in stamping out in Nigeria the belief that twins are the greatest curse to a household, and that only one of the pair should live. At the Slessor Memorial Home at Calabar, newspaper pictures of the "twin parties" are displayed, with good effect, to convince the natives that both babies should survive. In Arochuku the church women ar making themselves responsible fo twins born in the district, and a present there are 40 twin childre there. At Christmas time a part was given exclusively for the pair A house of refuge for twins built b native women, was dedicated on Apr 24.

French Court Will Decide On Big Tax For American Firms

Highest Court In France Is Asked For Rule On American Protest

PARIS, Dec. 14.—A Supreme Court decision expected before January 1 will decide whether the French branches of American firms may be obliged to pay $7,000,000 annually above present taxes.

The highest court is asked to rule on a protest against a levy of 18 per cent by the Boston Blacking Co.

Branches of American concerns organized a "Societe Anonyme" normally pay 15 per cent on profits and 18 per cent on distributed profits or dividends.

It is alleged that when the branch company fails to show distributed profits the revenue authorities de--ive 8s' de ontglintgfaoin no mand 18 per cent based on the dividends of the home company in America.

In case of an adverse decision it is rumored that several American firms would remove from Paris to London.

Girl Is Murdered For Turning State's Evidence In Case

(International News Service)

NEW YORK, Dec. 14.—The bullet-riddled body of Bessie Greenspan, sweetheart of Sigmund Weiss, who was slain trying to escape from general sessions court several days ago, was found today near Wildwood, N. J., she had been murdered for turning state's evidence against Weiss and his pals, police said.

SAILOR STUCK TO POST DESPITE SCORPION BITE

WASHINGTON, Dec. 14.—A second class seaman, attached to the U. S. S. Niagara, who stuck to his post and operated an isolated tower light at Rey Island, Gulf of Panama, after he had been stung by a scorpion, received special commendation for courage from Secretary of the Navy Wilbur today.

Alvin Matteson, whose home is at Silver Springs, N. Y., was operating the light last September when the insect stung him. It was two days before he sent a distress signal to his ship.

NINE MUSES

There were nine muses in ancient mythology, these being: Calliope, epic poetry; Clio, history; Euterpe, lyric poetry; Melpomene, tragedy; Terpsichore, choral song and dance; Erato, love poetry; Polyhymnia, sacred poetry, Urania, astronomy, and Thalia, comedy.

Children Wreck Small Apartment

Chicago Kiddies Make Whoopee Of Their Own When Parents Are Out

CORONER RECEIVES FLORAL TRIBUTES

By IONE QUINBY
Exclusive Central Press Dispatch to The New Castle News.

CHICAGO, Dec. 14.—The theory again has been proved that no two youngsters react the same. In one of those kitchenette families where children are tucked into bed and the door locked while parents tiptoe out to whoop it up, the oldest child has always been a model boy and stayed "tucked". Then along came Sally and wrecked her parents' equilibriums and the "ette" part of the apartment with a wild party all her own. While brother slept she cut the pictures out of the family history, snipped off her curls (in spots), poured apricot brandy down the sink, smoked a pipe, drew a huge Santa Claus on the wall and cut the tails off her dad's swallow-tail coat.

* * *

A beauty parlor operator on the south side gets a genuine case of nausea and turns ashen gray whenever she sees one of those yellow "mums" so popular around holiday time. Several years ago she received a great box of the golden flowers and the morning following her shop was riddled with machine gun bullets. A year later, rumor says, another big box of chryanthemums made their appearance with a card tucked in, reading: "Be 'mum' and you won't be missed." Just another way of saying it with flowers! But how she does hate admirers who send her "mums".

* * *

If you work it right you can have any one of the following neighbors in the event you move to Chicago: Aaron Burr, Alexander Hamilton, Charles Chaplin, Mary Pickford, Jesse James, Enrico Caruso, Will Rogers, John Doe, Henry Ford, Davy Jones, Jack Robinson, John L. Sullivan, Jenny Lind, Henry Clay, Daniel Webster, John Calhoun, Abraham Lincoln, Robert Burns, Chrisopher Columbus, Annie Laurie, Charles Lindbergh, William Shakespeare, Daniel Boone, Edwin Booth, Herbert Hoover, Al Smith, Kitty Kelly, Peggy O'Neil, Rosie O'Grady, Jay Gould, Dan Patch, Theodore Roosevelt, Elihu Root, Bill Taft, Nick Carter, Ulysses Grant, Julius Caesar, William Tell and Grover Cleveland. And what a lot of kidding these Chicago residents, listed in the newest city directory, must get!

* * *

Another of the trials of Mary Dugan, but a most pleasant one, no doubt, is Jane Harding Bannister, whose mother is better known by her stage name of Anne Harding, leading lady of "The Trial of Mary Dugan," playing on Chicago's Rialto at present. Jane arrived during the early summer and is a healthy, beautiful baby.

* * *

The office of Herman N. Bundesen, the new Cook county coroner, was as fragrant as a funeral when he went into office the other day. And not least among the floral tributes of good will were several dozen from some of our best local undertakers. Coroner Bundesen's previous job, by the way, was teaching the citizens of Chicago and Cook county how to keep from dying. He was health commissioner here and made a national reputation.

Slayer Confesses Murdering Woman

Slaying Was Done In Revenge For Woman Sending Him To Reformatory

(International News Service)

BUFFALO, N. Y., Dec. 14.—Arthur Lecnard, 18, signed the confession Thursday he made to District Attorney William Rosenfield of Bradford county, Pa., and other officials Wednesday that he killed Mrs. Samuel Jones, Towanda, Pa., widow.

Rosenfield expects Leonard to be returned to Towanda within a few days to face a first degree murder charge. Extradition papers are expected to arrive today. Leonard is serving a sentence in the county penitentiary for violation of the Sullivan law. The confession covers 75 pages taken to prison Thursday for his signature.

The widow was slain in her Herricksville, Pa., farm on December 5. Leonard confessed that he killed the woman in revenge for having him arrested and sentenced to a reformatory for stealing her chickens.

Confesses Attempt To Burn Warehouses

(International News Service)

LANCASTER, Pa., Dec. 14.—Earl Stroham, 37, on Thursday surrendered at police headquarters and was said to have confessed that he attempted to burn two residences and two warehouses Wednesday night.

According to the alleged confession, Stroham had become enraged after purchasing what he considered to be bad liquor and had attempted to get revenge by burning the buildings. Little damage was caused by the four fires.

Auto Collides With Trolley; Man Killed

(International News Service)

SCRANTON, Pa., Dec. 14.—Merlin Prosser, 27, of Blakely, was killed near here Thursday when the automobile he was operating collided with a trolley car and he was thrown under the wheels of the car. Prosser's body was badly mangled and he was dead when lifted from beneath the wheels of the street car.

CHILLS and that vague achy feeling give notice of a cold coming on. Don't wait. Sidestep it quickly with

Grove's BROMO QUININE

LAXATIVE TABLETS

Dr. J. L. Eisenberg Marries Former Nomal Pupil

Not every Teachers college president is privileged to marry one of the people to whom he gave a diploma, but Dr. J. Linwood Eisenberg, president of the Slippery Rock State Teacher's college, being an ordained minister, performed the marriage ceremony of Albert Dunn of Alliquippa an aluminus of the school.

Mr. Dunn was united in marriage with Miss Edith McCracken of Parrassus in the Eisenberg apartment in Slippery Rock last week. After dinner was served at the Eisenberg home the bride and groom motored to Meadville and spent a few days. The bride and groom will make their home in Parnassus where they are both teaching in the high school.

Mr. Dunn was outstanding not only in athletics but also in scocial and scholastic affairs while in Slippery Rock.

TIMEPIECE, STOLEN 24 YEARS AGO, RECOVERED

ST. PAUL, Dec. 14.—Lost 24 years ago, a $400 diamond-studded gold watch was back in the possession of its owner here today and William Conway, pawnshop inspector, was hailed by his mates as the "man with the memory of an elephant."

Miss Eloise L. Calihan, now a business woman, lost the valuable little timepiece while on an excursion down the Mississippi river in 1904. She at once reported her loss to police but after a fruitless search the watch was forgotten by all save Conway.

The inspector while on his regular rounds of the pawnshops observed in the showcase of J. S. Samuelson a woman's watch with a diamond crescent on the back. He consulted his record book and confirmed his conviction that it was the watch lost 24 years before by Miss Calihan.

Use TONSILINE for Sore Throat

Serious trouble may develop through neglect of sore throat. Take no chances. Take a dose or two of *Tonsiline* as soon as you notice irritation, inflammation or difficulty in swallowing.

For over 30 years, *Tonsiline* has been recommended, sold and used for this one ailment—nothing else—and for this purpose it has given satisfaction.

At your drug-gists, 35c and 60c. Hospital size $1.00.

Says Shark Eats Everything But Man

MIAMI, Fla., Dec. 14.—Wonder what a man-eating shark really eats.

Here is a list of choice foods which a local taxidermist found in the interior of a six foot leopard shark caught by Leon Maxim chef of the Hotel Everglades here.

One porcupine fish, two leather jack fish, six rabbit feet, six chicken legs and a sprinkling of feathers, two pigeons, banded on the leg number "7" and "8" six anchovies, a cowfish, a lizard fish, a sabre fish a toad fish and a variety of unidentified specimens.

Maxim got the big strike on board Capt. O. L. McNeil's "Flagwood" while cruising in the vicinity of Fowey Rock light.

Try To Prohibit Stock Gambling

Bill Introduced In Congress Thursday Would Prevent Margin Buying

(International News Service)

WASHINGTON, Dec. 14.—A bill to prohibit gambling in stocks, grains and cotton, by placing margin dealings in the same category as lotteries, forbidden by federal law, was introduced in the house Thursday by Rep. Berger (S) of Wisconsin.

The bill would apply to stock transactions when there was no intention of demanding delivery of the actual stock, he said.

Announce Donors To Public Library

Local donors to the New Castle public library during the past month are Mrs. C. C. Fox, Mrs. J. C. Kirk and Percy Walls, it is announced by Alice M. Sterling, librarian.

YOUR EXTRA MONEY FOR CHRISTMAS

Kansas Citian 'Working Girl' At Age Of 107

KANSAS CITY, Mo., Dec. 14.—A "working girl" at 107 is the record of Mrs. Emma McMahan of Kansas City.

Mrs. McMahan goes daily to the Goodwill Industries where she toils as a seamstress despite her advanced age. And when her work at the factory is finished for the day, she goes to her little cottage in which she does all the work herself, cooking her meals, keeping house and making and washing her own clothes.

Even though her long life has consisted mostly of work, her one hobby still remains—work. Mrs. McMahan has no other hobbies and she takes great pride in her activities as a seamstress.

Since 1891, Mrs. McMahan has been forced to work to support herself. In that year, her husband became an invalid, and for 20 years, until Pat McMahan died in 1911, she earned the money for the family. After her husband's death she continued to work.

Mrs. McMahan's has been an active life, one that has known the perils and hardships of the early American who lived in the wilderness of the middle west.

Born in Liverpool, England, November 25, 1821, Mrs. McMahan came to this country when she was two years old. A year later she was a witness to the slaughter of her aunt, brother and three cousins who were captured by Sioux Indians in Wisconsin.

The child's long flaxen hair, which reached to her shoe tops, proved her salvation, she said. An Indian squaw, who took a liking to the child, asked that her life be spared. Four years later, freedom came to the little girl after the Indians had captured a white woman whose bonds she had loosened with a tomahawk. The two traveled four days and nights before reaching civilization.

Although Mrs. McMahan is very religious, she rarely goes to church, having a peculiar reason for her absence from churches.

"I believe in the old-fashioned religion and there isn't much of that in the modern churches," she explained.

Mrs. McMahan's family is strictly masculine, and none of her descendants are feminine. She is the mother of four sons, the oldest 70 and the youngest 60. Three live in California and one in Arkansas. She has never had a daughter, granddaughter nor great-granddaughter.

DOG AND CAT NEARLY STARVED ARE TAKEN FROM SEWER IN YORK

YORK, Pa., Dec. 14.—Cries of distress heard for the last several days in the northwestern section of York were traced yesterday to a dog and a cat which were rescued from a sewer. They were nearly starved.

Yesterday Fire Chief Curtis Schaeherd, City Engineer Clyde Wallow, Ross McCoy of the Society for the Prevention of Cruelty to Animals and Dr. O. E. Gladfelter, veterinarian traced the cries to the sewer.

Lifting a manhole grating they found the cat and dog. They pulled them out and the dog ran for home. Dr. Gladfelter is nursing the cat at his animal hospital.

The dog and the cat are thought to have been fighting back of the jail where the storm sewer is not covered and to have fallen in and wandered around underground.

Rescue Four Lads Who Break Through Ice On Neshannock

Rescue of four little lads, about seven to eight years of age, shortly after 4 o'clock Thursday afternoon at the old Rosena furnace dam in the Neshannock creek south of Mill street, was of an intensely stirring character and was due to the efforts of Ernest Tische, an employe of the New Castle Lumber & Construction company and several others, whose identity is not known.

The rescue was made all the more hazardous because of the thin coating of ice at the point of rescue, which made it impossible to get the boys out without endangering the lives of the rescuers.

Luie DiThomas, 123 Center street, aged seven years, was the first of the group to get into the cold water. He and the others went out on the thin ice, when suddenly it broke and he was precipitated into the water.

His companions, fortunately, did not go in at that time. The accident was noticed first by workmen at the old Rosena furnace site. They could not get to the lads because of the open channel on their side.

They attracted the attention of workmen at the New Castle Lumber & Construction company plant. Ernest Tische secured a 16-foot lath or stick of wood, one by two inches in thickness and aided the companions of the little fellow to extend it out to the hole in the half-inch thick ice to the boy, who finally managed to grab it.

Warning the other boys to hold onto the stick until he could get a plank to lay down on the thin ice for the boy to grab and be pulled out on, he left them for a moment to get the plank.

The companions of the boy became excited and desired to hurry up the rescue and walked toward him on the thin ice still holding onto the long lath. Finally the ice gave way under them and all were precipitated into the water.

Then a man, whose identity is not known, walked out and through the ice to where the boys were and rescued them one after another. He was employed at the Rosena furnace site.

While the rescue was on the fire department was asked for assistance in the shape of ladders and responded with No. 2 truck. In the meantime the boys were rescued.

The DiThomas boy was in bad shape, owing to his more extended exposure and was taken to his home by Chief Charles Lynn. Tony Perretti, 514 South Jefferson street, ran away home, where he was found later. The names of the other boys were not learned.

RUSH RUBBER LIFE BOATS TO BYRD

In response to a radiogram from Commander Richard E. Byrd, four rubber life boats have been dispatched to the base of the explorer's expedition at Dunedin, New Zealand, going by boat from San Francisco after a fast trip across the continent by airmail. Photo shows pouches with rubber boats being delivered at Oakland Cal., airport whence they were rushed to the waiting steamer.

Illness Strikes Letter Carriers

Postoffice Handicapped In Mail Delivery Service By Illness

NINE CITY CARRIERS OFF DUTY TODAY

Sickness is beginning to play havoc with the Christmas plans of authorities at the New Castle postoffice.

This morning it was announced that fully a third of the city letter carrier force was absent from duty when the dispatching of mail commenced today. All of the absence cases are due to the flu. Postal authorities here stated, however, that the letter carrier department of the office was the only one affected, but voiced their opinion that it is bad enough. All clerks and employes of the other divisions were on duty today.

Nine city letter carriers and one rural carrier were off duty this morning. That makes three additional absentees to the list of seven reported on Thursday. Claude Cherry and Clint Carroll were the two city carriers who reported sick today and Albert Johnson, carrier on R. F. D. No. 3, the rural postman.

Officials of the local office declared today that the many absentees in the office are beginning to offset Christmas plans of the office somewhat. One-third of the carriers being off makes quite a difference.

Superintendent of Mails F. M. Wilson, in discussing the absentee cases, said that the office is endeavoring to make one delivery of mail a day to the residential districts of the city. The business district is not hampered, he said, for all of the postmen who cover this territory are working.

Due to the number of carriers off duty, the office has arranged a temporary schedule which calls for all carriers in service to traverse their regular route in the morning, and then to cover one of the absent carrier's route in the afternoon in order to provide whatever section that might be with at least one daily delivery.

All holiday rush carriers, he stated, will be called out for service next Wednesday. Two or three have been summoned to help pinch hit already.

Tables for the handling of the extra rush matter this Christmas have been placed into shape and will soon be ready for the heavy overload of mail. A few of the tables are in the postoffice hall now. According to officials there will be two additional parcel post counters for the receipt of such when the holiday schedule gets under way.

Discovery of diamonds in the alluevial fields of the Transvaal last year has caused a jump in production in South Africa from 200,000 to 808,000 carats a year.

Talking Movies Making English World's Tongue

Export Of Pictures Will Force Other Nations To Learn English

By WILLIAM MOUNTAIN
International News Service Staff Correspondent

HOLLYWOOD, Dec. 14.—John Barrymore, James Gleason, Theodore Roberts, and other former stage favorites, now screen stars, believe that the talking picture will create a world language. The dream of Esperanto is about to come true, they are convinced.

"English will become the Esperanto language of the world," one of these 'talkie' enthusiasts exclaimed. "While English may be a difficult language to learn," he continued, "it must be understood that foreign people are to understand our talking pictures. For a long time pictures synchronized with the English tongue will rule the world and the world will simply have to learn English in order to enjoy the pictures. This will make for better understanding between the peoples of the earth, and the dream of the Russian savant who invented Esperanto will become a reality—but in English."

That's just one side of the picture and the picture, in this case, has many sides. Hollywood is a polyglot terraine and many of the stars and near stars are bi- and tri-lingual with a leaning toward some one speech, the speech of the mother or fatherland. They are convinced their particular language will conquor the world and through the talking picture.

The great foreign producing companies are erecting sound studios with the hope that their noise pictures will also conquer the world. France, Germany and Italy, according to word received here, are going into the 'talkie' contest, and each one expects to triumph in the world market and impose its particular brand of speech on the picture fan from Greenland's icy mountains to Indian's coral strand.

Dupont-Grasselli Merger Recorded

Consolidated Corporation Operates Grasselli Plants Here

Merger of the E. I. Dupont de Nemours and the Grasselli Chemical Co. which has been in process of negotiation for the past several months has finally been completed and the deed transferring the plant of the Grasselli Chemical Co., to the E. I. Dupond de Nemours Co., has been filed in the office of the register and recorder. The merger become effective as of December 1st.

By the terms of the merger the Dupont Powder organization has taken over the Grasselli Powder plants and will have full charge of these units. Power plants of the Grasselli Chemical company in New Castle and Illinois will be operated by the Dupont people while no change will be made in the operation of the chemical plants.

The main office of the E. I. Dupont de Nemours Co. is in Wilmington, Del., while the home office of the Grasselli Chemical Co., is in Cleveland.

With New Castle Afro-Americans

Sunshine Kensington.

The Sunshine Kensington club met Thursday evening with Mrs. Cora Duffin of Moody avenue. Following a short business session the evening was spent socially. The hostess, assisted by Mrs. Elizabeth Thomas and Mrs. Mattie Williams, served dainty refreshments. The place of the next meeting will be announced later.

Retail Stores To Be Open Evenings Beginning Tuesday

Credit Exchange Will Also Remain Open For Merchants Convenience

Retail stores associated with the Better Business bureau and other establishments will be open evenings starting Tuesday December 18. The business houses will remain open until 9 p. m. including Christmas eve for the convenience of the shoppers.

It is also announced that the Credit Exchange bureau in the Greer building will remain open evenings during the same period from December 18 to 24 inclusive.

Dan Peretti Fails To Stand Hearing

Police records show today that Dan Peretti, 514 South Jefferson street, was arrested as the proprietor of a disorderly house last night, 40 bottles of "homebrew" having been found and one visitor. Peretti put up a $25 forfeit for hearing and did not appear. The visitor placed a $10 forfeit and did not appear for his hearing.

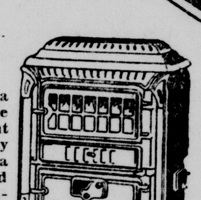
Our NEW DAUNTLESS WARM AIR CIRCULATOR

Women of discrimination everywhere endorse our new Dauntless Warm Air Circulator. Genuine porcelain enameled grained mahogany finish, beautiful as a phonograph. A real piece of parlor furniture. Heats like a furnace; will heat from five to seven rooms in the coldest weather. Built of cast iron, extra heavy and strong, constructed to last a lifetime and to take the place of two average heating stoves. Ideal for schools, churches stores and public halls. A miser for saving fuel. Burns with a healthful heat. Will burn from 36 to 48 hours without refueling.

SUNNY DAY

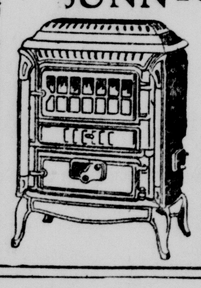
$52.25



For people who want a high-grade stove, made of first-class material, but not expensive. Burns any kind of fuel. Resembles a beautiful piece of period furniture. Mahogany finish in genuine porcelain enamel, cast iron parts, made of highest quality pig iron. Fire box 22 1-2x13 1-2x7. Guaranteed in every respect.

SUNNYSIDE Heater

$32.00



Built to combine beauty and service, made of high grade furnace iron, has a large fire box, heavy two bar duplex grate, a roomy ashpit and highly polished nickel plated parts, making it adaptable for any parlor. This heater will burn any fuel.

Organize To Improve Road

Formal Steps Being Taken To Secure Improvement Of Pulaski Road

NAME FULKMAN TO HEAD PROJECT

For the purpose of firing the opening gun in their effort to secure the support of the Pennsylvania General Assembly for the drive that is hoped will result in the improvement of the New Castle-Pulaski road, some 20 enthusiastic residents of the district assembled Thursday evening to organize what will now be known as "The Association for the Improvement of the Shenango Valley Road". At the same time Dorris Fulkman was chosen to head the organization.

The meeting of last night took place at the home of C. D. Leslie, who resides on the road. It was called mainly for the reason of creating such an organization which will push the project to its utmost, and to name officers who shall lead it.

Need Improvement

For some years the residents living on and adjoining the "berutted" stretch of road have felt the need for an improved highway. Not only does the road connect New Castle with a farming section, but also with a number of sandbanks. It provides a road which is some three miles shorter to both Sharon and Erie, and one which, if improved, would undoubtedly prove of great advantage to this city. The residents have expressed considerable sentiment for such a proposition for several years, but it was last night's assemblage that marked a real impetus to their endeavor to improve the road.

At the meeting last night were 16 men who intend to push the project through. It lies with them to secure the approval of the state assembly for the road. However in their campaign to establish it as an improved highway, it will take more than the association of the men who gathered last night alone. Business men and townspeople of this city must support it, for the road not alone will benefit them. Were it paved, the New Castle-Pulaski route would provide one of the main business arteries into the city, and it is likely that countless of persons who seldom come here would come into the city more often.

Other Officers

Besides the election of Mr. Fulkman to the presidency of the organization, was that of several others. H. D. Leslie was chosen vice president and William Gustafson, secretary and treasurer. Residents of the district out for the meeting were A. K. Thompson, E. L. Ayers, P. T. Mitcheltree, C. F. Simpson, J. Neal, F. H. McClenahan, J. B. Black, D. B. Reynolds, D. V. Green, G. A. Cochran, E. A. Engstrom, George Heckathorne and Mr. Wylie.

The next gathering of the organization will be thrown open to the public, and will be held in the Euclid Avenue M. E. church, Euclid avenue, next Thursday evening. It will open at 7:30 p. m. and everyone interested is urged to attend.

The dirt road in question is that one that runs north-northwest from the turn in the New Wilmington road just beyond the city limits. It runs past the King's Chapel church and the Greer farm and then enters Pulaski.

Plan Landscape Work At School

Plot At George Washington Junior High To Be Properly Beautified

That a landscape plan for the George Washington junior high school should be adopted at the earliest possible date was the opinion of the New Castle school board when they met Thursday evening in the administration building building on East street.

S. G. Ligo, superintendent of grounds and buildings, in his report, recommended that the landscaping and grading at the George Washington school should be taken care of. Charles H. Young, president of the board, declared that something should be done in the way of having a landscape architect prepare a plan for the school site, and that many people wanted to help decorate the grounds. These offers to help should be accepted, Mr. Young thought, if they complied with the plan outlined by the landscape architect.

This action was recommended to the attention of the building committee, which will be named at a later date.

Many Cities Vote Bonds For Airports

Competition Between Municipal Airports Is Becoming Keen

(International News Service)

CHICAGO, Dec. 14.—Competition between municipal airports is already developing according to the American Air Transportation association. There are now 80 approved airports, 169 intermediate fields, 900 auxiliary fields, and about 4,000 miscellaneous fields of emergency value.

At the November election, a substantial number of cities voted bond issues to acquire or develop approved fields and at the present time several million dollars have been appropriated or authorized by cities for air terminals.

Card of Thanks

We desire to thank the friends and neighbors for their kindness and sympathy extended at the time of the death of our father, James Driano; also for the beautiful floral tributes.

THE FAMILY.

Over 200 School Teachers Vote In New Castle

Sometime ago the New Castle school board asked for a list of all teachers in the New Castle schools who were old enough to vote, who did vote, who paid taxes, and who voted and paid taxes in New Castle. Dr. C. C. Green, superintendent, submitted the statistics found below.

In the teaching profession in this city are a number of teachers who are under the voting age. These of course are not included in the report.

Registered voters in New Castle, 202.

Not registered voters in New Castle, 177.

Voted at November election, 1928, 251.

Did not vote at November election, 1928, 128.

Assessed per capita tax in New Castle, 200.

Not assessed per capita tax in New Castle, 179.

Paid per capita tax in New Castle, 194.

Did not pay per capita tax in New Castle, 185.

Ben Franklin Boys Improve In Diving Work

Coach Norton Says Big Improvement Is Now Being Noted

Rapid improvement in the proper execution of certain types of dives is being made among the members of the Ben Franklin junior high school diving club, LeRoi M. Norton, the supervisor, reports.

Thirty seventh and eighth grade boys are now members of the diving organization, whose object it is to assist each boy to overcome the natural timidity of "trying something new" in the presence of the class expert by teaching him how, so that he may enjoy to the fullest extent this phase of the swimming program in the school and out of school, and to aid such boys who are natural divers to become more proficient. Herbert McClure is the president while Harold Sanders is secretary.

The majority of the club members were very poor divers or could not dive at all, the supervisor states, but after five meetings all of the boys have learned how to properly execute a plain front, a swan, a jack knife, a front flip, a back flip and a back dive. The boys are improving greatly and acquiring form. The club's best divers at the present time are Robert Allen, James Snyder, Otto Maki, Albert Laurel and Richard Clark.

Four Hundred Books Added To Library In Month Of November

Three hundred sixty-eight new books were added to the New Castle public library during the month of November, according to the report for the month by Alice M. Sterling, librarian.

Of this number, 310 were purchased, 17 were gifts and 41 received by subscription. Fifty-two books were discarded.

State Labor Party Outlines Expenses

(International News Service)

HARRISBURG Dec. 14—The Pennsylvania state Labor party spent $172.52 in the interest of its candidates in the last election, according to an expense account filed Thursday at the bureau of elections. Printing bills amounting to $86 are still unpaid.

Town Founded By Spanish 300 Years Ago Is All Agog Over Mine Of Ancient Coins

FERNANDINA, Fla., Dec. 14.—This historic town, founded by the Spaniards nearly 300 years ago, during their gold rush to the Americas, is excited over the discovery by W. H. Schreck of a veritable mine of ancient silver and copper coins in his backyard.

Schreck, placer mining the property, has removed nearly a bushel of coins from the soil. A few days ago Wilhelmina, his 4-year-old daughter, making mud pies in the yard, brought to her father a coin. Later she appeared with a small can of coins. Shreck investigated, found a few pieces of money himself and decided to wash the soil for additional treasure.

The garden hose was brought into play. A small sluice gate was erected that allowed the soil to filter through, yet stopped objects that would not dissolve under water pressure. Monday and Tuesday of this week 512 coins were reclaimed, most of them old silver Spanish pieces, believed to be worth about 62 cents each at the present exchange.

Most of the coins are of English or Spanish mintage, and bear dates from 1683 to 1793. Some pieces cannot be identified. An English disk, minted in 1839, probably a trade check, entitles the owner to one quart in trade, but does not state with what commodity the quart would be filled.

Schreck's home is in the old town where the Spaniards built their houses in the colonial days. Tradition is that the place where the money is being found was at one time the estate of a Don Cavada, a Spaniard, who lived in a sumptuous dwelling erected from seashell. Two of his relatives are said to have been slain near the house in duels. Many gay parties were held there.

Incidentally, while mining the coins, Schreck uncovered bits of human bones and many grapeshot and arrowheads, indicating that fighting with the Indians may have happened there.

Schreck is sending his coins to dealers who have promised better than the exchange quotations. Some of the pieces are said to be rare. There was very little gold in the collection.

Secrets! Women Now Tell Ages

Mrs. Willebrandt Is 39 And Ethel Barrymore Confesses 49 Years

NEW YORK, Dec. 7.—Now is the time for all good women to tell their right ages! and some of them do, in the latest "who's Who" just off the press.

Consider Mrs. Mabel Walker Willebrandt who was said to have had difficulty getting her job because of her extreme youth and who confesses she will be 40 next May.

Congressman-elect Ruth Pratt, whose feminine theories on municipal housekeeping and budget making cause Tammany leaders acute annoyance, is 51.

Kathleen Norris, author of "Mother" who went Hoover when her husband went Smith, will be 49 on July 16. Another 49'er is Ethel Barrymore, now convalescing after an operation in Boston.

Edna Ferber announces with a suggestion of pride that she is 41. Miss Ferber adds with a challenge in the statement that Kalamazoo, Mich., is her birthplace as though anyone would try to take that away from her!

Geraldine Farrar reveals that she is 46, but Mrs. Minnie Maddern Fiske gives no hint of her age. N'Orleans is her birthplace and she is older than Baby Peggy and younger than Mrs. Whiffen, or it may be that she is ageless, gathering and dropping years to conform to the character she plays.

Fannie Hurst is 39, and Aimee Semple MacPherson is just past 38, and still going strong.

La Marquise de la Coudraye, somewhat more known as Gloria Swanson, and least of all known as Clara Klanowsky is—but it's a secret.

Norma Talmadge, who first appeared against a background of Niagara Falls, states that she is 31, while sister Contance confesses coyly to 28. Dorothy Gish says she is 30, while Lillian insists she is 30, too. Closer inspection shows that what Lillian confessed was 32. Sorry.

Nellie Tayloe Ross, former governor of Wyoming, is 48 and proudly proclaims herself the mother of twins.

All of which proves that none of us are getting any younger as the years pass!

STILL EXPLOSION IS CAUSE OF DEATH

GALLIPOLIS, O., Dec. 14.—Police of Sciotoville, on the Ohio river, east of Portsmouth, believe that the explosion of a moonshine whisky still burned Galbert Munn, 50, to death. Munn was found at a hunting camp two miles from New Boston, O. He was left asleep near a campfire, but is believed to have rolled into the fire.

Canada's unemployment is steadily decreasing.

Fight On Klan Taken To Supreme Court By New Indiana Petition

(International News Service)

INDIANAPOLIS, Ind., Dec. 14.—Attorney General Arthur L. Gilliom of Indiana is continuing his crusade against the Ku Klux Klan through filing of a petition with the state supreme court asking disbarrment of W. Lee Smith, former Indiana Klan grand dragon, and Robert F. McKay, erstwhile great titan of the Hoosier Klan realm, on the ground that they have been convicted of felonies.

Both Smith and McKay are serving sentences at the federal prison at Leavenworth, Kan., for receiving stolen automobiles in violation of the Dyer law.

Air Line Subsidies Make Flying Cheaper In European Planes

(International News Service)

CHICAGO, Dec. 14.—Tourists to Europe who return to ask why European lines quote air passenger fares which in some cases are lower than in the United States, overlook the fact that all European lines are heavily subsidized, according to the American Air Transport association.

The percentage of governmental subsidy to tatol revenues of air passenger companies is 33 per cent in the Netherlands, 50 per cent in Great Britain, 70 per cent in France and 75 per cent in Germany, the association reported.

More than 11,000 pairs of slippers were sent from Turkey to the United States in a recent month.

Improvements Made At Slippery Rock

In an effort to beautify the town of Slippery Rock and make it a more up-to-date place in which to live many efforts have been made in the last six months in the way of improvements. A "Town Beautiful Campaign" was started last spring by the Chamber of Commerce and the Booster club which urged all of the property owners to beautify their lots by planting more shrubbery and flowers in competition for the Mentz prize which is offered by a prominent Greenville merchant.

Not only the citizens of the town have been working to make Slippery Rock an outstanding village but the council and State Teachers college have been taking forward steps. The driveways on the campus of the Teacher's college have all been resurfaced except the main entrance, which has been changed and now forms a circle in front of the chapel, with new lamps at the entrance. Two streets have been paved recently and the third one must remain unfinished until favorable weather prevails again. Beside the new streets Slippery Rock has been grading and laying new sidewalks in various parts of the town.

VOLANT

CHURCH SERVICES

Methodist Morning Worship 9:30 A. M., Rev. L. W. Miller, pastor. Sunday School 10:30 A. M., W. J. Wilkin, Supt.

Presbyterian Sunday School 1:30 P. M., C. H. Lusk, Supt. Afternoon sermon, 2:30 P. M. Rev. C. M. Rohrbaugh, pastor.

VOLANT NOTES

Mr. and Mrs. Earl Book, and son, Charles, of New Castle, visited relatives here Monday evening.

Mr. and Mrs. J. H. Reed are spending the week at the home of their son E. B. Reed, who resides on a farm near Volant. The latter and his wife are attending the Grange Convention at Williamsport, Pa.

Mr. and Mrs. C. L. Hunt and family were callers in Princeton on Monday.

Plans will be made next Sunday at the Methodist Church for a Christmas box to be sent to the Children's Home at Sheffield, Pa. Anyone who wishes to make donations will leave word with the Superintendent, A. J. Wilkin.

Mrs. Mary Boyd of near Mercer spent a few days this week at the home of her brother, W. J. Allen.

Miss Charlotte Daniels is visiting friends in Pittsburgh, Pa.

Byers Wilson, who was discharged from the New Castle Hospital several days ago is able to be out.

A number from here have attended the Winter Circus being held at the Cathedral in New Castle this week.

AUNT MARIA SAYS.

You 'ear such a lot about clubs being raided. I 'ope to goodness they don't raid the Christmas Club wot I'm in.

Gray Eyes Tell

Steady, gray eyes have marked many of the world's most accomplished men and women and usually indicate resourcefulness and determination. All eyes reveal physical as well as mental conditions. Eyes with a yellow tinge indicate symptoms of constipation or disordered liver. To enable your eyes to make their best impression at all times, keep them clear and bright the modern way—by the regular use of Beecham's laxative Pills. Safe. Pleasant. Easy to take. Produce natural action. Not habit-forming. 50c at all druggists. Trial size 25c.

Paper Cutter For School Print Shop

The George Washington Junior High school print shop will soon have a 26 inch standard bench paper cutter. This machine probably will be furnished by the Mergenthaler company at a cost of $255.

At first it was thought that a 19 inch paper cutter would be sufficient but after discussion the school board at their meeting Thursday evenig at the East street administration building decided that a 19 inch cutter was too small for the paper that it received at the print shop and upon the recommendation of Dr. C. C. Green, superintendent of schools the business manager of the board was authorized to buy the 26 inch cutter from Mergenthalers.

THE WAY TODAY.

Dinner Club To Meet December 28

Plans Being Made For Entertainment Of Hundreds During Holidays

Consistory Dinner club will hold its last party of the year Friday evening, December 28, at The Cathedral dining room. It will be in the nature of a Christmas-New Year's party and will be in keeping with the holiday season. As it is the time of year when many have guests in their homes for the holidays it is expected that the affair will be largely attended.

General Chairman William J. Moffatt will announce the members of the committee in a few days and promises that the entertainment will be in keeping with other events held in The Cathedral. As there are many events scheduled for Christmas and New Year's it was decided to hold this event during the two holidays so as not to conflict with other affairs being held on those two glad days.

There will be a special program carried out after the dinner which will be followed by cards and dancing. Any member of the Consistory who has out of town guests in their home are entitled to bring them, but the members are requested to refrain from having as their dinner guests persons residing in New Castle who are not entitled to come. Announcement to the members will be sent out in a day or two by the committee and those receiving cards are requested to mail their reservations as quickly as possible.

The dinners during the past few months have proven most popular with the members of the Consistory and it has been decided to continue them during the new year. Members of the Consistory from a distance look forward to the dinners and dance with a great deal of pleasure and it is believed another large crowd from out of town will be present.

SLIPPERY ROCK MAN IS AUTHOR

Dr. R. A. Waldron Co-Arthor Of New Biology Ext-Book; Soon To Be Out

Dr. Ralph A. Waldron, head of the science department of the Slippery Rock State Teachers college is co-author with W. L. Eikenberry of the State Teachers college at East Stroudsburg of a new textbook of educational biology which will be placed in the hands of the publisher by the first of January.

Textbooks in educational biology are few and the need for a text taking up the subject from an educational point of view as this one does is great. The text, which is not a large book is well illustrated and features the nervous system and heredity.

Dr. Waldron and Mr. Eikenberry have been working hard to have this text fill the need in the State Teachers colleges which was created by the adoption of educational biology as a general course in these schools.

Mr. Eikenberry is also the author of a book in general science.

AVOID CROWDS, ISOLATE SICK, TO FIGHT "FLU"

WASHINGTON, Dec. 14.—Surgeon General Cumming, after conferring with the "board of strategy" he appointed to make a study of the influenza epidemic, today made public a program of precaution to aid in combating the disease.

The surgeon general's program recommended isolation of recognized and suspected cases, avoiding contact with crowds, and treatment of cases at home rather than in hospitals.

Preachers Prove Big Game Hunters

OIL CITY, Dec. 14.—Preachers of this district shoot true to the mark and are setting an exceptional record for bringing home a large share of the game in this region. Last year a Methodist minister from Oil City, one from Siverly and one from Rouseville got their legal share of bucks. So far this year the following pastors have made a doe kill: Rev. H. A. Silvis, pastor of Bethel Methodist Episcopal church of Oil City; Rev. R. R. Decker, pastor of the Tionesta Methodist Episcopal church, and Rev. George Knauff of Castle Shannon, former pastor of the Venus Lutheran church.

Eleven Million Cattle Tested

(International News Service)

WASHINGTON, Dec. 14.—Achievements in the cooperative testing of cattle for tuberculosis are featured in the free bulletin for farmers just issued by the U. S. Department of Agriculture. During the last fiscal year more than 11,000,000 cattle were examined and only 2.3 per cent were found to be reactors.

The bulletin recalls when the campaign was started ten years ago. The tubercular test was administered to 134,143 cattle during a year and 4.9 per cent were found reactory.

REVOLUTIONARY HEROINE

Elizabeth Zane was one of the most famous young heroines of the Revolutionary period. She dashed from an inclosure where the American colonists were fighting, to a log hut, where she secured gunpowder and returned with the ammunition under fire from the Indians.

Transocean Flights Bring Many Queries To Navy Department

Issues Data Collected By Col. Lindbergh On Flight Over Ocean

(International News Service)

WASHINGTON, Dec. 14.—The Hydrographic Office of the Navy is using data of the flight of Col. Charles A. Lindbergh in its collection of trans-oceanic flight records it was disclosed today by Chief Hydrographer C. S. Kemff, in his annual report endorsed by Rear Admiral R. H. Leigh, chief of the bureau of Navigation of the Navy.

"There is an increasing demand for this information," Kemff said, "and this office is being consulted by those interested in trans-oceanic aviation projects, or where flights are conducted in the vicinity of the seacoast."

The contribution of the Hydrographic Office to maritime security was exemplified in the report by figures showing that paragraph notices to mariners were sent out during the year at the rate of 95.3 weekly.

During the year 53 editions were published, containing 299,450 whole notices and 574,100 extracts. The number of paragraphs was given as 5,051 an increase of 203 over the previous year.

Two daily memoranda to aviators were issued, and the Hydrographic Office is also publishing annually the Naval Air Pilot, through the aerial section, which also is furnishing valuable data for individual flights. Notably, it furnished an analysis of conditions for the proposed Pan American airways and Pacific seaplane routes.

Kempff strongly urged that fireproof facilities to the valuable files and archives of the Hydrographic Office be provided.

"The valuable records contained in the files and archives," he said, "are stored in wooden cases. This does not safeguard them against fire, which might cause a serious loss impossible to replace."

The Hydrographer had an appropriation of $540,844 for the last fiscal year and spent $539,763.78. Through chart and book sales, he took in $35,606.34 as against $33,280.38 the year before and $24,477.48 in 1925.

During the year the Hydrographer printed a total of 999,775 charts of the various catagories authorized for the Navy a slight increase since 1926 but a reduction from 1925 the peak year since the war, when 1,157,286 charts were printed.

DICKENS' WRITING BRINGS HIGH PRICE

PHILADELPHIA, Dec. 14.—The latest valuation on original Charles Dickens' manuscript was established with the sale of one and a half pages of the original "Pickwick Papers" for $9,000 at an auction sale. The papers belonged to the estate of George W. Childs publisher who died in 1894.

A Benjamin Franklin autographed letter brought $4,300 and a collection of 36 original water color sketches by George Cruikshank on the backs of the letters sold for $4,200.

MERCER NEWS

The cut-off of the Bessemer and Lake Erie Railroad Company from Coolspring to Pardoe in process of building now for ten years, is nearing completion it is reported. The new line of rail will take out the bad curves and hills on the road between these points. The road will be used for heavy ore drags and will expedite hauling materially as one engine will now be able to do the work of two.

Among the cases listed for hearing at the February Common Pleas court is that of J. B. Comstock, et al of Mercer vs. Russell D. Bell of West Middlesex. The action is brought to recover for an alleged injury to the foot of Mrs. Comstock when the car of Bell is claimed by the plaintiffs to have been driven over it at the Stoneboro Fair.

The last accession to the ranks of the Mercer team is Joe Hartman of Grove City. Hartman is coach of the Grove City High team. In his college days he was a hard working forward. His knowledge of the game covers a wide range due to the many years he has been playing and coaching. Stanley Patterson, the manager, is to be congratulated on his success. There is no doubt of the fact that the team signed by Patterson presents the most splendid array of basketball talent ever grouped together here.

Home economic work in Mercer County is being conducted at five sectional points it is announced today by Miss Janice Wrathall of State College who is in charge of this county and Lawrence.

Cooking and sewing are both being taught to groups of women who number 125 of an enrollment for the county. In the spring classes of girls will be enrolled and taught during the summer season it is said by Miss Wrathall who is keenly interested in the work that is being accomplished by her adult pupils.

The sectional centers are located at Sharpsville, Grove City, Sharon, Greenville, Hadley.

Miss Wrathall replaces Miss Lora Pindar in this county. Miss Pindar is now in charge of a large tract of territory.

For the year 1928 the receipts of the Prothonotary's office will exceed that of any previous year due to the tremendous amount of business transacted.

The year has been one of big business for the office due to the fact that all notes and executions are filed in this office.

Of these there have been a record breaking number due to the financial stringency. The total for the year will show a big percentage of gain for almost every month.

The record month is that of July when receipts of over $2800 are acknowledged. For one term over 1000 notes were filed.

The records show that there have been more failures during 1928 of county business men than for three years preceding.

Teacher Resigns; Some Transfers

One resignation was received by the New Castle school board Thursday evening at its regular meeting, one new teacher elected and two transfers reported.

The resignation was that of Miss Mary C. Cheeseman of the North street building. The election was that of Miss Harriet G. Dunbar, vice Miss Katherine Beighley, resigned.

Miss Lucille Lutton was transferred to the Rose avenue school and Miss Harriet Dunbar sent to Oak street.

E. Lackawannock

Elmer Humphrey and Raymond Cox, each brought home a deer from Clearfield Co. Where they spent a few days hunting.

Mrs. Joseph Bonen and daughter Helen. Were shoppers at New Castle on Saturday.

To Place Trophy Case At High

Will Be Placed In Corridor At Senior High School At Once

A trophy case, the gift of the class of 1924, will soon be placed in the corridor of the Senior High school, it was revealed at a meeting of the school board, which took place Thursday evening at the East street administration building.

Because of the interference of one of the radiators in the building with the placing of the trophy case, there was much discussion by the members of the board as to whether its placing would be of best interest to the school.

S. G. Ligo, superintendent of grounds and buildings, declared that it would be difficult to move the radiator to another place on the same side of the hall, and to place it on the opposite side of the corridor may result in impairing the heating of the building.

"Since the class has spent money on the case, it would behoove the board to do whatever they can to facilitate the placing of the case," Mr. Ligo said. "There may be some difficulties in placing the radiator, as the case is made so that it will set only in an offset not occupied by the radiator. However, I believe that this can be circumvented in some way or other."

At a motion made by Roy W. Hazen, it was voted to refer the matter to Mr. Ligo for further consideration.

Th' bird who invented th' phrase "Cross Crossin's Cautiously", sure said a care-full!

Contract Is Let For Furnishing Kitchen Ware

The C. Ed Smith Hardware company was awarded a contract to furnish aluminum ware, enamel ware and some china to the Senior High school cafeteria at a meeting of the school board which took place Thursday evening at the East street administration building.

The Smith contract was low, being for $248.50. At the same time, awarding a contract for three covers for the steam table at the Senior High school cafeteria, was also discussed, but no action was taken by the board.

A mirror was also discussed for the domestic science department of the George Washington Junior High school, but no action was taken.

MISSING GIRL IS FOUND AT WORK

WHEELING, W. Va., Dec. 14. — Found working as a domestic in the home of a wealthy Wheeling business man after an absence of several days, Gladys Rollings, 15, a West Newton, Pa., girl was taken back home with her father, Edward Rollings. The girl was found following the arrest in Weirton of Charles Nurisco, 22, also of West Newton, and with whom, police say, the girl left home.

Nurisco will be brought to Wheeling to face a charge of violating the Mann act. He admitted, police said, that he has a wife in West Newton.

PATRIOTIC AMERICANS POSTPONE PROGRAM

New Castle Council No. 180, Fraternal Patriotic Americans, was scheduled to hold its annual Christmas treat and entertainment on next Tuesday evening in the council lodge room in the Clendenin building.

Owing to the sickness of great numbers of the members and their families, the affair has been postponed indefinitely. At this time, it is not known when they will be able to hold the affair.

GETTING WORSE.

"Not a day passes but my wife shows her incompatibility."

"Ain't it a crime th' way women dress these days." Tut Tut, Smoking Jacket.

Paul a "Good Mixer"

"Brass Tacks" On The Sunday School Lesson

The Golden Text

The term "a good mixer" is often decidedly overworked and over-estimated in its application to the modern ministry of the gospel. Some so-called "good mixers" get everything about them terribly mixed. The church today needs to realize that a faithful minister must sometimes be a good separator rather than a "good mixer". But Paul was a good mixer in the best sense of the term. He was good at making and keeping friends.

The closing chapter of Paul's epistle to the Romans reads like a page of an ancient "Who's Who in Rome." Greetings are sent to 27 friends at Rome who are mentioned by name besides many others referred to, but not mentioned by name. In addition, he mentions eight friends who join with him at Corinth in the sending of the salutations of this chapter. Some of these 35 names are Greek, some Roman and some Hebrew. They represent men and women, rich and poor, master and slave, high officials and humble folk of no social or political standing. A similar study of Paul's epistles will disclose the names of about three score of Paul's friends whom he has enshrined in perpetual memorial by the honorable mention he has given them in his letters. Countless hundreds of other friends are referred to without the mentioning of their names.

Paul's Versatility.

The extent and diversity of Paul's friendships are a tribute to the remarkable versatility of this unique character. He was a man of colossal mental calibre, philosopher, profound thinker, prolific writer, promoter of world embracing projects. Such a man is often not inclined to make many warm friends, or given to keep them. But Paul was no recluse or lonely "book worm." He combined the ideal and the practical, the intellectual and the social, as few men have ever done it. He was profound and yet profoundly human.

The one who would have friends must show himself friendly, and Paul displayed all the traits of the true friend. One of the chief qualities of Paul's friendship was his unselfish interest in his friends. He could always say to them, "I seek not yours, but you." He suffered all manner of hardships for his friends. He loved them more than life itself. When misunderstandings arose, as in the case of John Mark, he was genuine enough to tell a friend of his faults, and generous enough to forgive when the fault was remedied. Paul's friendships were strong because they always represented two points of a triangle of which Christ was the completing angle. As blood is thicker than water, so grace and faith are thicker than either, and this stronger tie is "the tie that binds our hearts in Christian love."

A Sample of Paul's Friendship.

One of the choicest of Paul's friendships is that in which he appears as the mutual friend of the wealthy Philemon of Colosse and his run-away slave, Onesimus. The latter had robbed his master and then escaped and found his way to Rome, where he was genuinely converted under the ministry of Paul, who persuaded him to do the square thing by returning to his master and facing the music.

(The international uniform lesson for December 16 is Acts 20:36-38, Romans 16:1-4, Phil. 2:25-30, and Philemon 1:21, the subject being: "Paul and His Friends," and the Golden Text, Prov. 17:17: "A friend loveth at all times.")

(Suggested daily Bible readings for next week's family worship: Monday, Isaiah 9:1-7; Tuesday, Luke 2:8-20; Wednesday, Luke 2:25-35; Thursday, Matthew 2:1-12; Friday, Matt. 2:13-13; Saturday, Luke 2:41-52; Sunday, Isaiah 11:1-9.)

Some of the speculators in the stock market will have to countermand the order for that elaborate Christmas dinner. Let them find consolation in the thought that it is dangerous to overeat.—The Hartford Daily Courant.

London has 341,365 more women than men.

New Smuggling Device Found

NIAGARA FALLS, Ont., Dec. 14.—An ingenious Liquor smuggling plot was discovered here Thursday in the form of of a conveyance equipped with shock absorbers and loaded with intoxicants that was attached to a high voltage power line crossing the rapids. The liquor was then "shot" to the United States much the same manner as a department store cash carrier.

MAN MAKES DRESSES FOR REST OF FAMILY

MILWAUKEE, Wis., Dec. 14.—Years ago when Mrs. Margaret Huepper' five daughters were growing up she had visions that the day would come when they could help her with the sewing. But it was her youngest son Jack who turned out to be the family "seamstress."

Jack, now 28, makes all the dresses and coats for his mother, his two sisters who live at home, his three married sisters and two nieces. Besides he makes curtains, lamp shades, pillows and fancy bags.

Dressmaker Jack also does some outside work and numbers among his customers a number of society women.

"I love the work" he says.

"I love the work" he says, "It's my pastime. Other people have their hobbies. This is mine.'

It takes Jack nine hours to make ordinary dresses and 15 for evening gowns. He does his work at night as he is a cost accountant in the daytime.

Friend Gave Wife To Him, He Says

DENVER, Dec. 14.—Edward Sammis surrendered his wife and marriage certificate to his friend, John Hargis, eight years ago, Hargis testified in juvenile court here this week. Sammis and Hargis remained friends until Hargis found the woman in the arms of a third man, he said.

The testimony came out in the case of Mrs. Mary A. Sammis, who seeks to have the court give her custody of the son born to herself and Hargis while they lived together but did not marry.

The story was one of the strangest ever heard in the famous court established by Ben Lindsey but now presided over by Judge Robert W. Steele. Judge Steele will render a decision next week.

"Choose between us," Sammis told his wife, when he found her with John Hargis, Oct. 4, 1920, in Hartford, Conn.

"'Just a minute, Ed. This woman has a lot to think about before she decides,' I told Sammis," Hargis testified. "'She must remember this is important. I am sick. You are her husband and you have a child. Forgive her if she chooses you.'"

Hargis then testified that Mrs. Sammis walked toward him and indicated she had chosen him in preference to her husband.

"That night I remained with Sammis and Mrs. Sammis went to her rooms at the Y. W. C. A.," Hargis said. "I told Sammis I was going to take his wife to Colorado. He then promised to send me their marriage certificate, so 'you won't have any trouble.' I later received it in the mail."

Two years later a son—John Sammis, now six—was born to the couple. They were happy, Hargis told the court, and were to be married as soon as Mrs. Sammis obtained a divorce.

"But one day," he said, "I found her in another man's arms, and I left."

Hargis took his son with him. He testified he was wed to Mrs. Lucille Alice Gerber, a divorcee, at Brighton, April 14, 1928. Meanwhile Mrs. Sammis obtained a divorce in the Arapahoe county court May 17, 1928.

Woman And Son Are Electrocuted

(International News Service)

NEW ORLEANS, La., Dec. 14.—Killed by a clothes line which had come in contact with a high powered electric line, Mrs. Paul Thibodaux, 42 and her three year old son Paul, were buried here Thursday.

Paul lost his life when he went to the aid of his mother who while hanging clothes on the line came in ouch with the high voltage charge.

The child could have been saved, physicians said, had artificial resuscitation been applied quickly enough.

Police Commissioner Resigns His Post

(International News Service)

NEW YORK, Dec. 14.—Police Commissioner Joseph A. Warren resigned Thursday for the second time—and his resignation was accepted by Mayor Walker.

Coincidentally it was learned that Grover A. Whalen the city's official welcomer has agreed to become Warren's successor. The Police Commissioner said he desires to return to his law practice but made no mention of the Rothstein case.

Stealing Xmas Trees Indianapolis Pastime

(International News Service)

INDIANAPOLIS, Dec. 14.—The thousands of cedar trees in city parks here have proved so tempting to persons seeking free Christmas trees that a special guard of policemen has been placed in the various parks this Yuletide.

Immediate arrests will follow attempts to cut down trees, R. Walter Jarvis, superintendent of parks, has announced.

GROVE CITY

With the exception of one or two members of the Grove City Rotary who were out of town yesterday, every one of the local club was on hand at the annual buckwheat and sausage feed which was put up by the New Wilmington club in the United Presbyterian church of that place.

Clubs from Ellwood City, New Castle, Grove City, Mercer, Sharon and Youngstown were represented at the meeting.

Dr. W. C. Ketler, M. L. McBride, E. B. Harshaw and C. G. Harshaw were in Pittsburgh Tuesday attending the directors' meeting of the Grove City College. On their return they stopped in New Wilmington and attended the Rotary Club meeting.

A cable has been received in Grove City by friends of Mr. and Mrs. James Karfes which states that they have arrived safely in their native land of Greece. They expect to spend several months in that country visiting relatives.

The Linger Longer Club will hold their annual gift exchange party on Wednesday evening at the home of Mrs. Frank McNeicsh, North Center street.

The Judith Rebekah lodge of this place held a progressive card party in the Odd Fellow Temple Tuesday evening following lodge. High honors for the men went to Harry Davis and high honors for the ladies to Mrs. R. H. Patton. Lunch was served.

The Women's Civic Club held their December meeting at the Penn-Grove Hotel on Thursday at two o'clock. The program was in charge of Mrs. H. B. Henderson. Selections from the cantata, "Bethlehem" were given by the Arts Society.

THE REAL CHRISTMAS STORE

BEAVERS FELL BIG TREES TO BUILD FORTY FOOT DAM

SALLADASBURG, Dec. 14.—Ignoring completely "Private Property" notices on at least two of the trees which they used beavers placed along the stream which goes through the land of Larry's Creek club have felled trees one of which is 32 inches in circumference and are busily engaged in preparing for winter.

The beavers were placed at another location along the stream this summer by the game commission but apparently were not satisfied with the location selected by their human friends and moved to the place where they are now working which is about four miles above Salladsburg near the Pewterbaugh mountain bridge. One of the beavers in the little colony weighs over 60 pounds.

They started work in their present location about a month ago and selected a place where the stream is very wide, their dam being about 40 feet in length. All the timber is cut by the sharp teeth of the animals and is floated down the stream to the location of the dam. They waste no portion of the trees not a branch or twig being left on the ground. Aspen seems to be their favorite wood although some birch trees have been used.

The large part of the trees are used in the building of the dam and the rest of the wood is sunk in the stream to be used for food during the winter months when they are unable to do extensive work in building. Most of the wood is very light and naturalists have been unable to discover just how the beavers sink the wood. The whole tree is sunk, the bark eaten off when needed for food and the wood used in the building operations.

The animals are very shy and are seldom seen at work. For a time they were nearly extinct in Pennsylvania, but since they have had absolute protection by the game commission they have increased in number until now there is estimated to be about 8,000 in the state. There is a penalty imposed of $100 for killing them or for molesting their dam or them in any way.

Little Change In Employment Here

(Special To The News)

WASHINGTON, D. C., Dec. 14.—The industrial employment situation in the Pittsburgh industrial district showed little change in November as compared with October, some slight recession in the steel activity being apparent but the volume of employment remaining at a fairly high level, according to a survey of industrial employment conditions made public today by the United States department of labor.

Col. Lindbergh Awarded Trophy

(International News Service)

WASHINGTON, Dec. 14.—Colonel Charles A. Lindbergh on Thursday was awarded the Harmon trophy by the International League of Aviators for his trans-Atlantic flight in 1927 at the session of the International Civil Aeronautics conference.

Lindbergh at the request of Assistant Secretary of Commerce William P. McCracken was led to the speaker's rostrum by Orville Wright, guest of honor at the conference, where the trophy was presented by Pierre Etienn Flaundin, vice president of the French Chamber of Deputies.

Holiday Suggestions From Local Postoffice

How the public can cooperate with the post office in preparing Christmas mail is explained by officials of the New Castle office. Numerous suggestions were given as to how to tie and address gift parcels intended for shipment for lengthy distances.

Much of the joy, everyone knows, is due to the custom of exchanging gifts, greeting cards, and other remembrances so generally followed during the holiday season. The observance of this delightful custom incidentally results in greatly increasing the volume of mail, and everything possible should therefore be done to facilitate and expedite its handling.

In order to give its full measure of happiness and cheer, Christmas mail should be carefully prepared and reach the addressee in ample time to be in keeping with the purpose for which it is intended. Postal officials here seek the whole-hearted cooperation of the general public, and that this end may be accomplished, set forth some of the suggestions that follow:

"Prepay postage fully on all mail matter, for which the rates are given. First class: Letters and written and sealed matter, two cents for each ounce; government postal cards, one cent each; private mailing or post cards, including greeting cards in this form, one cent each. Air mail: Five cents for the first ounce and 10 cents for each additional ounce or fraction thereof. Second class: Newspapers, magazines, and other periodicals containing notice of second class entry, one cent for each two ounces or fraction thereof, regardless of weight or distance.

Third class: (limit 8 ounce) Circulars and other miscellaneous printed matter, also merchandise, 1½ cent for each two ounces; books (including catalogues) of 24 pages or more, seeds cuttings, bulbs, roots, scions, and plants, one cent for each two ounces; bulk lots of identical pieces of third class matter may be mailed at special rates under conditions which may be ascertained from the postmaster. Fourth class: (over 8 ounces) Merchandise, books, printed matter, and all other mailable matter not in first or second class.

Addresses: Address all matter plainly and completely in ink, giving street address or box or rural number whenever possible. Place sender's return card in upper left corner of address side. Tags should not be used unless necessary, in which case a copy of the address and return card should be placed inside the parcel for identification if the tag is lost.

Articles must be carefully packed in strong, durable containers. Wrap parcels securely, but do not seal them except when bearing a printed label or indorsement reading: "Contents: Merchandise. Postmaster: This parcel may be opened for postal inspection if necessary," together with the printed name and address of the sender, as sealed parcels not so labeled or indorsed in printing are subject to postage at the letter rate.

Parcels may be marked: "Do not open until Christmas." Written greetings such as "Merry Christmas," "Happy New Year's," "With Best Wishes," and names, numbers or symbols for the purpose of description may be inclosed with third or fourth class (parcel post) mail. Books may bear simple dedicatory inscriptions not of a personal nature. Other written additions subject the parcel to letter postage.

Christmas seals or stickers should never be placed on the address side of mail.

Valuable parcels should be insured. The fees are: For parcel valued not over five dollars, five cents; not over $25, 8 cents; not over $50, 10 cents; not over $100, 25 cents. Return receipt three cents extra. All in addition to the regular postage."

Postmaster Crawford declares that postal officials are again renewing previous efforts to discourage the use of small or odd-sized greeting cards and envelopes, which practices is so costly to the postal service. The cooperation of manufacturers, dealers and the public in general is desired in this respect.

Chocolate And Wine In Water Since War Found Good For Use

(International News Service)

ROSYTH, Scotland, Dec. 14.—After lying at the bottom of the sea for over nine years, bars of chocolate have been found to be eatable and bottles of wine in excellent condition.

They formed part of the supplies of the German warship Moltke, scuttled with a score of other battleships in the Scapa Flow in June 1919.

Many other interesting relics have been found by the salvagers.

Terrace Avenue School In Lead

Out of a total of 11,078 children enrolled in the New Castle Public Schools, 10,631 attended in the month of October according to a report submitted to the school board on Thursday evening by Dr. C. C. Green, superintendent. The average attendance for the entire city was 96 per cent as compared to 97 per cent in September.

Terrace Avenue led the list with its usual 99 per cent, with only one school, Senior High, falling below 96 per cent, the average here being 94 per cent.

TREES INCREASE VALUES

The owners of nonagricultural land only too frequently permit the land to remain idle and unproductive, says the American Tree Association of Washington. They overlook the fact that such land planted at small initial cost, with forest trees, will increase in value every year.

Kept Awake By Neighbor's Hammer, Irate Riveter Lays Carpet At Night

CHICAGO, Dec. 14.—T. Frederick Fabry and Gerald Kapster, who live in the same flat building, appeared in court today all because of a carpet-laying marathon. Fabry was the complainant. Judge Joseph Burke listened to Kapster's story first.

"Four weeks ago about 1 o'clock at night I heard the guy upstairs hammering on the floor," he said. "I find out he's laying linoleum. In three nights he gets it all down. Then he takes it up and begins over again. I sends up word asking why? He says he's laid it wrong. So he goes on laying it wrong all night. Then he pulls it up again and—ditto.

"For two solid weeks I lay awake watching the plaster come down from the ceiling. And then I gets an idea I might as well be laying some linoleum or something myself as wasting times time trying to sleep.

"So I bring home some of my tools and starts putting down the carpet and things. I admit maybe I'm a noisier workman than he is. And I believe it's any man's right to use the tools of his trade laying carpets in his own flat."

"A reasonable argument," conceded Judge Burke. "And what is your trade?"

"I'm a pneumatic riveter operator," replied Kapster.

Judge Burke told the men to go home and cease their nocturnal carpet laying.

Bids Too High For Movie Machine

In the November meeting of the New Castle School Board bids were submitted for a motion picture machine for the George Washington Junior High School. After checking over the specifications Dr. C. C. Green felt that all the bids were too high and on Thursday evening recommended the rejection of all of them. This was done.

New bids will be asked for immediately, as the newer specifications call for a machine that will cost less than the one asked for before.

Irrigation Program May Result From Flood Prevention

(International News Service)

WICHITA, Kas., Dec. 14.—That there is a possibility Kansas farmers may in 10 or 20 years from now irrigate their land by huge reservoirs and lakes filled by the flood waters of the Arkansas and tributary streams was indicated when government engineers began a preliminary survey in view of doing something to aid in flood prevention along the lower Mississippi valley.

C. W. Merydth and J. King, government engineers, visited here recently and seemed interested in a big slough, west of the city. They seemed to think it might be possible to condemn the land and turn the flood water into a constructed lake.

The men have already viewed the Walnut river, a tributary to the Arkansas, and expect to make a survey of the Ninnescah soon. They believe both the smaller rivers will provide ideal places for dams and lakes. More difficulty is found in the survey of the Big Arkansas unless the slough could be used.

Kansans are holding high hopes for this vast improvement.

DEAF MUTE COUPLE UNITED IN MARRIAGE

YORK, Pa., Dec. 14.—A nod of the head, meaning "I do" made Theodore Souble, of Greenmount, Md., and Anna E. Horronimus, of Hanover, man and wife. Both principals in the wedding were deaf mutes.

The Rev. G. C. Daugherty was called upon to perform the unusual nuptials. The usual ring ceremony of the United Brethren church was used. The minister pointed to the questions in the printed ritual, while the bride and bridegroom nodded solemnly. The newlyweds are on a wedding trip to Martinsburg, W. Va. They will reside in Greenmount, Md.

Switzerland now has a population of 4,000,000.

GAINED GLORIOUS HEALTH THRU USE OF NEW KONJOLA

Rundown System Invigorated By This Medicine; Also Ended All His Severe Ailments.

MR. JOHN SOMTAG

The amazing manner in which this new Konjola medicine has restored thousands of people to health after many years suffering from disorders of the stomach, liver, kidneys and bowels has not only become the talk of the drug and medical trades of this section but is also the subject of much interest to the general public. Konjola is recommended at the Love and Megown Drug Store, 204 East Washington street, this city, where people are calling daily to find out for themselves about this new medicine. A steady stream of voluntary indorsements are being received from former sufferers and among those to indorse Konjola is Mr. John Somtag, 911 Maryland avenue, New Castle, who made the following report.

"I am publicly indorsing Konjola because I know what this medicine will do", said Mr. Somtag. "It has restored my health at a time when I felt sure nothing would ever give me the slightest relief.

"Some time ago I was taken sick with a severe case of influenza and when I had recovered from this sickness it seemed to me that my entire system was left in a very run-down condition. My whole body was a mass of aches and pains and nothing that I would ever do for relief helped me the least bit. It was almost impossible for me to get to sleep at night because my nerves were so upset I would roll and toss on my bed for hours. I steadily lost weight and strength until I was a mere shell of my former self. Then my kidneys became affected and I was forced to rise several times every night due to frequent bladder action and all during the day I was subject to severe pains across the small of my back that really made life miserable for me. I was quite discouraged because I thought my case was beyond hope and I would go through the rest of my life in this condition.

"But since I have taken Konjola everything is different and this medicine has made such a vast improvement in my condition that I can hardly realize I am the same person. It did not take a great quantity to produce the results I tried so long and hard to obtain. I have just completed the second bottle and I want to tell everyone that my health is all that I ever hoped it to be. I can go to sleep the minute I get in bed and I never wake up until the next morning. All the aches and pains have disappeared and I am steadily gaining in weight and strength. My kidneys are so much stronger that the night risings are things of the miserable past and those pains across my back never come over me. I have a keener enjoyment in the daily activities and am always filled with energy and ambition. It is a pleasure to indorse such a medicine and I know that others will gain the same benefits that I did if they will only give this medicine a fair trial".

Konjola is sold by **LOVE AND MEGOWN, The Druggist,** 204 East Washington street, this city.

Big Expenditure For Prohibition Passed In Senate

Senate Passes Appropriation For $270,627,384 To Enforce Prohibition

(International News Service)

WASHINGTON, Dec. 14.—Smashing all precedents by its action, the senate Thursday authorized an appropriation of $270,627,384 for the enforcement of prohibition.

The appropriation was written into the treasury and postoffice department appropriation bill during a reconsideration of the measure and after the bill once had been passed with an authorization of only $13,500,000 for prohibition.

Hens Piling Up Eggs In Chicago Storage Houses

CHICAGO, Dec. 14.—Because of the unusual activity of hens, encouraged by a perfect summer and autumn, egg speculators in Chicago stand to absorb a heavy loss.

Two billion eggs are in storage here, a surplus of nearly three million over the same period last year.

Eggs are retailing at 54 cents a dozen. A year ago they sold at 59 to 68 cents.

Beginning last May, the wholesalers were buying eggs at 34 5-8 cents and storing them. Today the wholesale standing price is 25 5-8 cents and rather than accept the loss, wholesale merchants are holding their stocks in the hope prices will advance.

Predictions are made that storage eggs here may sell around 20 cents before February, in which event the losses of speculators will run into millions.

Jimmie Deacons Adjudged Sane

Michigan Youth Must Stand Trial For Killing Of School Teacher

(International News Service)

STANTON, Mich., Dec. 14.—Jimmie Deacons 15 year old school boy slayer of Flossie Carter, his former school teacher was adjudged sane Thursday.

The decesion means, authorities said, that Deacons will be tried in circuit court on a charge of first degree murder.

Three phychiatrists examined Deacons for four hours and questioned his parents Mr. and Mrs. John Deacons to determine if there was any trace of insanity in the family.

Miss Buckets In Chicago's Fires

Loop District Blazes Are Fought Only By Professionals

SUBURBS STILL HAVE BUCKET BRIGADE

By IONE QUINBY
Exclusive Central Press Dispatch to The New Castle News

CHICAGO, Dec. 14.—A fire isn't fun any more in the Loop and its environs. The oldtime conflagration, where the neighbors volunteered as firemen and helped ruin or save the furniture, has vanished. Chicago had too big a fire back in 1871 not to take precautions.

Now, when there is a fire of any dimensions, the red buggies whiz by blowing their sirens like Mephistopheles out for a joy ride, and the only firemen who have any part in it are the professionals. If you so much as try to get by the line roped off by the police and fire department (even if you are carrying a bucket), you're likely to get arrested as a nuisance. And if you pull a bedstead out of a burning building, they'll call you a horrid name for a "looter".

But in the surburbs it's different. Particularly in Lake Forest where the industrial kings commute. Any time there's a fire in that burg you'll find neighbors dashing about, volunteering for a good old-fashioned bucket brigade. The love for a good fire, sneered at in the Loop, is here unrepressed. Millionaires hobnob with butlers and chauffeurs in an endeavor to carry out the most antique bedsteads.

A good fire out in Lake Forest the other day was the one where Laurence Armour's home was burned about several hundred thousands dollars worth. The antiques and modernistic knicknacks in danger would have stocked a good-sized museum. But that wasn't what gave the kick to the fire. The sight to fill a blase world with joy was Laurence himself running about the house with a hose and bucket and several dozen "Who's Who," and social registerites dashing about with pitchers and whatnot.

And don't think they didn't enjoy it! A fire can be more fun! The crickle crackle of the roaring flames overhead; the danger of getting too close (and no helmet in sight to order you about); and dashing up the front stairway in a fog of smoke; pouring water everywhere!

Among the volunteers at the Armour fire were: Noble Judah ambassador to Cuba, who forgot his fractured arm as he headed the brigade; E. L. Ryerson, Mrs. J. Ogden Armour, Mrs. Judah, Vaughn Spaulding, Mr. and Mrs. C. Morse Ely, Mr. and Mrs. John Coleman, Philip Peck, John McIlvaine, George Richardson and John Chapman. (Who it was that poured water unnecessarily on the grand piano, and who risked his life to save the family hams, I won't tell. It'd be a breach of volunteer fire brigade etiquette.)

• • •

"Bathtub liquor," just press agented out of New York, may be to blame for the penchant a certain millionaire on Lake Shore drive has for climbing into bathtubs. Just what lure there is about a nice hard bathtub it would take a psychologist to figure out, but his friends say that after he's had so much he toddles in and climbs into the first bathtub he can find, dress suit and all.

"If you 'usbing knocks you about like that why don't yer put the police onter 'im?"

"I would, on'y I can't afford to pay 'is fine."—Aussie, Sydney.

TITLED BEAUTY TURNS SHOP GIRL

Lady Doria Hope, charming daughter of the Duke of Newcastle of England, has been discovered working as a saleswoman in a New York department store. She has been visiting in the United States since October.

Library Story Hour Takes Place Saturday Morning

Weekly Story Hour For Children In Childrens Department At 10 A. M.

The weekly story telling hour for elementary children will take place Saturday morning in the children's department of the public library on North Jefferson street at 10 o'clock.

At this time, Miss Helen Minick, children's librarian will continue with the Robin Hood Cycle to the older children while Miss Sarah Mervis will tell the tories of the "Ugly Duckling," and the "Good Little Mouse" to the younger of the children present.

The story telling period at the public library started the week of November 11 and each week some half hundred children of the elementary school age gather at the children's department for the hour.

Miss Hutton Will Seek Office Again

Miss Jeannette W. Hutton, now serving her first term as register and recorder, will be a candidate for a second term, the office having always been known as a two term office, she asserted this morning. She is now in the third year of her first elective term.

She served by appointment from June, 1924 following the death of the late J. W. Neff, which occured in May 1924, until her election the following year in November, 1925.

Westminster Wins From Buhl Club

Westminster College basketball team opened their 1928-29 floor season at Sharon on Wednesday night, by downing the fast Buhl Club team 48 to 29. The game was played at the Buhl Club floor in Sharon.

The United Presbyterians uncovered a smooth running attack and at the end of the first half held a lead of 17 to 11. Crowell, O'Donoman and Lewis played the best game for Westminster. For Sharon the work of Seigle and Wellman featured. Coach Lawther was well pleased with the showing of the blue and white team in the initial encounter.

Rev. S. R. Maitland Home From Rochester

Rev. S. R. Maitland, pastor of Greenwood M. E. church, has returned from Rochester, N. Y., where he attended the sessions of the Council of Churches of Christ. Speakers from all over the world were in attendance.

During his visit to Rochester, Rev. Maitland heard the Clarence Darrow debate.

JUNIOR B GROUP OF Y WILL ORGANIZE CLUB

Members of the Junior B group of the Y. M. C. A. boys are meeting Saturday morning at 10 o'clock for the purpose of forming a Pioneer club from their membership.

All of these boys who are interested should come to this meeting tomorrow morning at which time the thing will be organized.

Seek To Thwart Blackmail Acts Against Kresge

(International News Service)

STROUDSBURG, Pa., Dec. 14.—Possible blackmail clouds hanging over the third marriage of Sebastian S. Kresge, five and ten cent store multi-millionaire, will be dispelled if Monroe county authorities can do it.

A warrant will be issued today for the arrest of the person who stole a court record of the charges filed by John Swaine, Maryland chicken farmer, in 1922 when he sought to divorce Clara Katherine Swaine, now the third Mrs. S. S. Kresge. Swaine dropped the suit. Mrs. Swaine later obtained a divorce on the grounds of desertion.

Reports the record was offered for sale in New York for $3,000 aroused the ire of District Attorney Ira A. La Bar who declared: "We will make every possible effort to apprehend the third."

ENCAMPMENT TO PUT ON DEGREE

Members of Lawrence Encampment No. 86, I. O. O. F. will go this evening to Grove City, Pa., where the local degree team will confer the Royal Purple degree on a large class of candidates. The local people will lease the I. O. O. F. hall here at 6:30 p. m. Indications are that a large number of members will make the trip.

Board Declares Every Teacher Should Vote

That all teachers in New Castle schools, who are of legal age, should be voters, was the consensus of opinion of the local school board when they met Thursday evening in the East street administration building.

"All teachers, if of age, should be voters, and if they are not voters in New Castle, then they should be voters in their own home cities," states Charles H. Young, president of the board, when he discussed Dr. C. C. Green's report on the voting registration of teachers.

Mrs. John Nothdurft declared that as the teacher is regarded as one of the highest types of American citizens they should exercise their right of franchise.

500 Doctors On Jobs As Car Conductors

BUDAPEST, Hungary, Dec. 14.—Five hundred physicians and lawyers without clients have been given jobs here as street car conductors. They came mostly from Hungarian territory which now is attached to Rumania, Jugoslavia and Czechoslovakia.

The regular conductors, whose places were taken by the professional men, have been transferred to farms which the government granted them on a system of installment payments.

The wholesale exodus of doctors and lawyers from former Hungarian provinces gave this country far too many of those classes of professional men. They were unable to find work in competition with the 100,000 other unemployed of the country and had been living on government doles.

Light Cruisers Have New Torpedo Tube

Aircraft Ordnance On Three Battleships Controlled By New System

(International News Service)

WASHINGTON, Dec. 14.—A new type of torpedo tube which has been developed for the new 10,000 ton light cruisers which include several new features and eliminate some of the objectional characteristics of the tube used on destroyers, Rear Admiral William D. Leahy, chief of the bureau of ordnance, navy department, announced today in his annual report.

The tubes used on this class of naval vessel are of the triple above water category.

A new type of torpedo director also will be installed on the light cruisers of 10,000 tons, Leahy said.

Leahy reported various improvements in aviation ordnance perfected during the last fiscal year, and a modern fire control system for the aircraft carriers Lexington and Saratoga, together with a new and complete anti-craft control system for three battleships which proved of such worth during gun practice that contracts have been placed for similar equipment for other ships of the navy.

2,000 IN SCOTCH CHOIR

In connection with the Edinburgh Musical Festival held recently in the Scotch city, a choir of 2,000 voices sang familiar Scotch psalm tunes. The leaders were Sir Richard Terry and Geoffrey Shaw. Many of the songs were accompanied by a pipe organ, and some were rendered unaccompanied. Singing to organ accompaniment, Sir Richard said, at the event, left him "cold," unless the singing was very good, but the old Psalms sung by a large choir, unaccompanied, thrilled him "to the marrow." His remark that he wished that the advocates of the "sickly nineteenth century part-songs, of which there were many in the hymn books, might be present to hear it," won applause from the audience.

Hear Complaint About Heating At Senior High

Mrs. Douthett Declares Girls Do Not Wear Enough Clothing

Complaints about ill heating in the senior high school were discussed at a meeting of the school board Thursday evening, which took place in the administration building on East street.

"What is wrong with the heating at the high school?" Mrs. Rose Nothdurft asked. "There are many complaints that the building is not warm enough, and the main fault seems to lie in the new part of the building. Many pupils have complained because the building was particularly cold on Monday mornings."

S. G. Ligo, superintendent of grounds and buildings, in answer to Mrs. Nothdurft, states that in reality, the number of complaints that had reached him or the officials at the senior high school were but few. There is no trouble with the system, he averred, and especially is there no trouble in the new part of the building. A great deal depends on the imagination of the pupils, and the fact that in the new part of the building the air is changed more often, and, coming from the old part, this would naturally seem colder to the pupil.

That the girls do not wear enough clothing properly to keep warm was the statementof Mrs. J. C. B. Douthett. Mr. Ligo was instructed to look into the matter of the heating of the building and to investigate the complaints.

To Erect Stages At Three Schools

Board Decides On Move For McGill, Rose And North Street Schools

Stages will be erected in the auditorium of the McGill, Rose Avenue, and North Street schools, upon the recommendation of Superintendent of Schools Dr. C. C. Green, at a meeting of the school board, which took place Thursday evening in the Administration building on East street.

The stages, the superintendent's recommendation set forth, can be erected by the school system's own forces at a small cost, and are an urgent need for the successful operation of these schools.

Platforms, eight inches high and four feet wide, which have been erected aroundthe walls of the gymnasium at the George Washington Junior High School, will probably be used for these schools' platforms, it developed. J. Clyde Gilfillan, contractor in charge of construction at the Washington school. These platforms at the present time, make it impossible for the side baskets to be used with ease. Their removal will greatly facilitate the playing of the game on the gym floor. As compensation for the extra work and materials involved in laying flooring where the platforms were, the Gilfillan company were awarded $483.

November Busy Month For Truant Officer In Schools

November was a busy month for the Attendance Officer, Mrs. W. J. Biersmith, according to the report submitted by her on Thursday evening. According to the report 610 cases of absence were investigated although comparitively few of them were for truancy. One arrest was made and a conviction secured. Following is the report:

No. of cases reported to attendance officer, 605.

No. of cases discovered by attendance officer, 5.

No. of cases investigated, 610.

No. of Employment certificates issued, 3.

No. of notices served on parents or guardians, 48.

No. of arrests of parents or guardians, 1.

No. of convictions of parents or guardians, 1.

PAY STATE DUES

Dues amounting to eight dollars were voted to be paid to the Pennsylvania School Directors association at a meeting of the school board which took place Thursday evening in the administration building on East street.

The convention of the association, it was stated, will take place at Harrisburg, February 6 and 7, 1929. A banquet in the Penn Harris hotel will feature the convention.

SHORTER STORY HOUR.

"Unmarried?"

"Yes, twice."

School Board To Meet City Council

Recreation Development Of Local Plots Will Be Considered

A dinner meeting of the city council, the school board and the recreation board was announced at a meeting of the school directors, which took place Thursday evening in the administration building on East street.

The meeting, it was announced by Dr. C. C. Green, will take place on Thursday evening, Dec. 20, at 6:30 at the George Washington Junior High school, its object being plans for the development of the George Washington playground and Gaston Park.

Four Are Killed, Five Injured As Trains Collide

(International News Service)

JOPLIN, Mo., Dec. 14.—Four persons were killed and five injured when a freight and work train collided on the White River branch of the Missouri Pacific railroad at Larussell, Mo., Thursday.

The dead:
Lowell Foster, Sarcoxie, Mo.
Howard Creviston, Larussell.
Robert Ellifritt, Monett, Mo.
Loy Campbell, Larussell.

The injured were taken to a Carthage hospital.

None of the injured are expected to die.

AN EASY WAY TO LOSE FAT

Instead of abnormal exercise or diet, they combat a cause of excess fat. They supply an element Nature employs to turn food into fuel and energy. This method was discovered by research men some two decades ago. It has for 20 years been embodied in Marmola prescription tablets. Millions of boxes have been taken, and almost every circle shows the results in new beauty, new health and vitality.

The formula comes in every box, also the scientific reasons for results. So users have no fear of harm. Go learn now what Marmola does for excess fat, and why. Your druggist supplies it at $1 per box. Take four tablets daily and watch the change.

Preaches Own Funeral Sermon Via Phonograph

(International News Service)

SAN DIEGO, Cal., Dec. 14.—Because he had guided his own soul through life, Rev. G. L. "Golightly" Morrill, veteran Minneapolis evangelist, newspaper writer and globe trotter, considered himself the only person fit to preach his own funeral oration.

His request that no other minister officiate at his funeral services was carried out when a phonograph was set up at his bier to conduct his own last rites.

A record, dictated months ago spoke his last solemn words while another sang his own requiem.

"I have guided my own soul through life," said the voice of the dead man. "I have kept it in right channels and have lived the right life. I alone feel qualified to give my soul its departing message."

The record was changed and the deep basso voice of the evangelist brought the joyful promise: "We Shall Gather at the River." The record played his own piano accompaniment.

Many Bills Paid By School Board

Action Taken On Routine Matters At Session Of Board, Thursday

Many bills were ordered paid by the school board at their meeting Thursday evening at the East street administration building.

The Ochiltree Electric company's bill for $281 for work done on the Senior High school was ordered paid, as also was the same company's bill for $1376 in consideration of part of their contract on the George Washington Junior High school.

J. Clyde Gilfillan was ordered paid the sum of $20,000 for work done on the George Washington Junior High school, and the R. T. Withers company was ordered paid the sum of $1470.45, while the W. M. Clark company is to receive $5,000, all for work done at the George Washington Junior High school.

"All contractors have been making good progress on the work at the Washington school," declared S. G. Ligo in recommending that the bills be paid. "Almost all of the work at the school is completed with the exception of the auditorium." The bills were moved to be paid by Mrs. J. C. B. Douthett and the motion was seconded by Joseph E. Ligo.

At the same time, E. H. Sheldon company was given $1108 for tables in the domestic science department of the George Washington Junior High school. G. H. Perry was awarded $216 for work done at the Terrace avenue school.

It was also voted to pay $8,725.14 to the State School Employes Retirement Board, which is now due from the New Castle school district. A warrant for $28,250 was granted to Hugh Marquis, secretary of the board, so that coupons due January 1 for interest on the school bond could be paid. Twenty thousand dollars was also granted for the school system's sinking fund.

Cuthbert went after a job the other day. 'E hight 'ave got it only 'e yawned just as they were going to offer it to 'im.

Ancient Castle Turned Into Inn

Old German Stronghold Now Hostelry For Youthful Hikers

SIEGEN, Westphalia, Dec. 14.—The ancient castle Freusburg on the River Sieg, which had been falling to pieces for centuries, has been completely restored through the efforts of the Association for German Jugendherbergen and dedicated to the service of youthful hikers as the Jugendburg, or Castle of Youth.

Minister of the Interior Severing gave the dedicatory address, and a festival play by the Rhenish poet, Otto Brues, written specially for the occasion, was performed by a troup of Rhenish actors.

There are today more than 2,300 Jugendherbergen, or inns for the youth, scattered all through Germany. In them young pedestrians—and, provided there is room, adults, can stay overnight for a merely nominal sum.

The development of this branch of the "youth movement" in Germany has been almost phenomenal. In 1911 the few inns then in existence furnished 3,000 lodgings.

Three years later the number had risen to 17,000. It passed the million mark in 1924 and has already reached roundly 3,000,000 this year.

The guests can do their own cooking in the kitchens of the inns, the sleeping accommodations are simple but comfortable, and there is always room for social gatherings.

The Jugendherbergen are open to all without distinction of class, politics or religion. Foreigners walking in Germany are also entitled to make use of these inns.

The only things required is a certificate which can be obtained for a trifling fee on application to the Reichsgeschaeftstelle fuer Deutsche Jugendherbergen, Hilchenbach, Westphalia.

WOULD DO HIS SHARE.

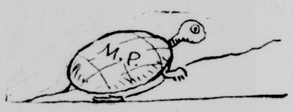
"Look here, I shall expect you to pay your own bills," said a father who had been considerably annoyed by his son's extravagant habits.

"Certainly, dad," replied the youth "I don't expect you to run about seeing my tailor and so on. Just leave a check on the table for me this morning and I'll see to everything myself!" —Stray Stories.

Northern Ireland has 30,000 unemployed, which is 20,000 less than a year ago.

CATHEDRAL AUDITORIUM

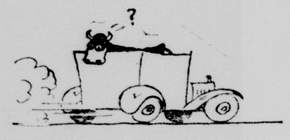
TODAY AND Saturday WILL BE POSITIVELY THE LAST times That YOU CAN possibly see THE CATHEDRAL winter CIRCUS AND frolic.



DON'T BE A slowpoke! SHAKE IT up and

JUMP UP to the CIRCUS AND FROLIC.

SEE THE ANIMALS act ALL TOGETHER. Say, IT'S not so bad!



SERIOUSLY NOW (this IS NO BULL.) There will BE TWO SHOWS tonight ONE SHOW Saturday afternoon AND TWO AGAIN Saturday NIGHT. And this

IS A PEARL of wisdom YOU ARE DOING yourself AN INJUSTICE if you PASS UP the frolic.

OLD BILL, THE hornet, KNOWS THAT it is GOOD, AND he Knows THAT IT IS A CATHEDRAL BENEFIT. We Thank you.

Everybody Show Yuletide Spirit

Contributions Needed To Make Community Tree Big Success

For seven years the Women's Club of New Castle has been highly instrumental in showing that the city of New Castle is interested in spreading the yuletide spirit and it has been largely due their efforts that a large Christmas community tree has been erected at the Public square.

Strangers coming into New Castle have admired the tree, expressive of New Castle's feeling. Children from all parts of the city have journeyed to drink in the beauty of Christmas and the hearts of everybody have been gladdened by the warmth radiated by the vari-colored and illuminated sight.

This year the Women's club desires to make the tree more beautiful. Equipment is needed to make this possible. The people of the city who want to help express their pride in the city showing the Christmas feeling, business men and industrial heads who want to help can do so with donations.

The donations should be sent to Mrs. Howard Kirk, 403 East Moody avenue, chairman, public welfare committee, Women's club. Funds which are not needed, if more than sufficient is received for the equipment will be kept until next year. But right now funds are needed. Mail your contributions; but should one wish a personal visit from a representative to more fully explain the need, telephone Mrs. Kirk.

Contributions are now in order.

Grant Permission To Connect Sewer

Council today granted permission to four property owners, representing the Edgewood Acreage Land Company, Neshannock township, south of Hazelcroft avenue to connect with the North Mercer street sewer. The owners, Stevens, Eckenrod, Stewart and Stevens will pay for the connection which will be from one lot owned by them to the sewer.

SHENANGO VALLEY HOSPITAL NOTES

Admitted—Joseph Bernstein, Franklin avenue; Vern Hoffman, Edenburg, R. D. 2; Frank Matteo, South Ashland avenue; Mrs. Jennie McFate, Edenburg, R. D. 3; Augnt Moseley, Ellwood City; Charles Hartley, Wampum.

Discharged—Howard Calvert, Cherry street; Joseph Rigby, Bell avenue; Myra Smith, Delaware avenue.

Ask Ex-Service Men To Attend Funeral Service

A request was issued today asking all ex-service men who can possibly attend tomorrow's funeral services for the late George V. McCormick, who was a veteran of the world war, to do so. The funeral will be held from St. Mary's church on Saturday morning at nine o'clock.

Red Cross attaches here desire that a detail of ex-service men meet at the American Legion home tomorrow at 8:30 a. m. for the purpose of attending the funeral enmasse. It is also desired that a number of legionnaires be in attendance to comprise the firing squad at the burial.

The Red Cross here is desirous that several legionnaires make plans to attend, as the deceased had no relatives living here. The father has wired that it will be impossible for him or other members of the family to attend. Those who can assist at the funeral are asked to either call the Red Cross office or notify the Legion Home.

The body of the late war veteran may be viewed by anyone until the funeral hour. It lies in the funeral parlors of Darrell Burke on Croton avenue.

Boy Scout News

Wampum Troop

The Wampum Boy Scout Troop Number 1, on Tuesday evening, December 11th, held their regular meeting in the Scout House at Wampum. The meeting was in charge of Scoutmaster Earle Herbert. There was a large attendance. The meeting was opened by the members repeating the Scout Oath. Plans were made for an all-day hike on Saturday. Plans were made for basketball. The hike will be on December 29th.

The troop will celebrate their Eighth Anniversary. A committee was appointed to prepare a program for this occasion. The meeting was closed by the Scouts repeating the Twelve Scout Laws and singing the taps.

The next meeting will be held Friday evening, December 22nd.

Card Of Thanks

We wish to thank our many friends and neighbors for their kindness and sympathy shown during the illness and death of our husband and father also for floral tributes and cars donated.

MRS. FRANK LUKSETICE SENIOR
FRANK, JR.
MARY & JENNIE

Need Co-operation For Credit System Success Says Bureau Manager

By RAY F. HALL
Manager, the New Castle Credit Exchange

Empires are built upon credit. Governments, like commercial establishments, are based upon credit. Credit is the confidence which people place in each other, and by which business relations are carried on. So well founded is the confidence displayed in credit that a sigle word, or a signed document, is enough to cause the transfer of huge sums of money.

In trading with the grocer, baker, butcher, tailor, or any man engaged in merchandising of any kind, the same solid rock principle of credit exists.

Let us go into the earlier history of our country and see what the basis of credit was at that time. Character, capacity and capital the three C's of credit work, had little to do with the granting of credit. The earlier laws, particularly in England, made it a criminal offense to owe money. The Newgate Calendar, a most famous British document, shows hundreds of people were thrown into prison because they could not pay their bills. In the United States, while the punishment was not as severe as it was in England, some people were thrown into prison when they could not pay their debts. Their earning power was taken away and their health impared—all for a small bill. It was not in confidence that credit was based, but credit was extended because of the fear the individual had for the law.

As these laws were gradually repealed and amended the business man was forced to use other means of collection. It was at this time that our present plan of cooperation in the credit field first started.

At first, it was disastrous because one business man would not trust another. Mr. Jones would ask Mr. Smith his experiences with a certain man. The man might owe Mr. Smith a large bill that the merchant was dubious about collecting. He would tell Mr. Jones that the man was a good customer, with the hope that, while Mr. Jones was extending credit, he would be paid at the expense of his brother merchant.

We are all familiar with banking credit and the extension of credit on ample security. The banker dealing with money saw the need of credit protection first. The merchant with a line of merchandise lost sight of the actual money involved and concentrated on a sale, and in too many cases, forgot all about the collection of the bill.

With the resulting large accounts receivable and what we will call frozen assets,t he merchant was gradually forced either to close his doors or find some way of melting those frozen assets, or liquidating his accounts receivable. The solution to the problem was a well managed credit department cooperating with other credit departments of other businesses.

Cooperatin is the life blood of business today. Babe Ruth shines as a base ball player, but without the cooperation of the rest of the team, his work would mean little, or nothing. He alone could not defeat his opponents.

The same rule applies to business today. If we take advantage of every available means of gathering information in regard to a customer, we are not takin- a chance: we are extending credit on a sound and business like basis.

An account well opened is half collected, and if a man will not pay a merchant, he will not pay the merchant's competitor. To open an account properly, three things must be taken into consideration. I call them the three C's of credit: Character, Capacity, and Capital. The greatest of these is Character, for, without character, capacity and capital mean very little.

Character is the willingness to meet obligations when they are due. The clerk with a modest income who is trustworthy, honest and willing to meet obligations when they are due is a better credit risk than the man with plenty of security, but who has to be "johnlawed" before the merchant gets his money. For this reason, I say that character is the outstanding feature in granting credit.

Again, if a man is near the saturation point, a merchant may make a poor risk out of a good one by extending further credit. In this day and age, installment buying and selling is an item of vital importance. A man may have a good paying record, but with the necessities and luxuries of life so easily obtainable by a little down and a little each week or month, a man can soon, mortgage his income for some time to come. To extend credit to such a man would be doing him an injustice, as well as an injustice to the merchant. If sickness comes into his family, that man would be swamped, and as I have seen in many cases, they are so far in debt that when something unforseen occurs, the man throws up his hands and not very politely, tells his creditors to go hang.

Who is the loser in a case such as this? Everyone in the Community. The merchant loses the money, the man loses his credit, character and his standing in the community is lowered considerably. The thing that should have been done is to extend credit to the man, but limit it so that he would have the capacity to pay.

The third and last, is Capital, which although it is a great convenience, is not an absolute necessity. If a man has character and capital, there is very little risk in extending credit to him for he has the security to back his credit, and his character backs your judgment.

I have listed these three things that should be studied by the merchant in his extension of credit. Now, the problem is how to obtain this information in the quickest, least expensive manner and still have reliable information.

M. A. Kendall, vice president of the Farmers' Deposit National Bank of Pittsburgh gave a very good answer to the question when he said that a man must give to get.

Every merchant should be affiliated with a central office and give that central office reliable information in regard to its customers' capacity to pay. In giving this information to the central office and having them compile the information with every other merchant's information, a complete picture of the man's character can be formed. It acts just like a picture puzzle, each business man having a piece of the puzzle. When each piece is sent in to the central office and there assembled, the merchant can get a complete picture of the account.

The man in business today with competition so keen and the greater percentage of sales made on credit must not do business in the dark. He must put the search light of investigation on every transaction, doing business on facts and not on guesswork.

Allow me to give a few examples of guess work. Mr. X came into one of our stores and applied for credit. Mr. Merchant asked for references and got them. Mr. Merchant did not use the central office but called his own references.

The references all recommended Mr. X and credit was granted. The account was never paid. If the merchant had used the central office, he would have found a record of unpaid bills and poor character. Nearly everyone can give a few good references and in this case, Mr. X placed his references so that they would show him in the best light.

This is only one instance and there are many more like it, for Mr. Merchant went into bankruptcy a few months ago with $13,000 in accounts receivable.

Another case of non--cooperation with the central office although the merchant was a member, is shown by the following. Several loan companies all wanting to get information but not willing to give are in existence. Naturally the central office has no record of the accounts and one man whom I know capitalized on it. He went from one loan company to another gathering loans from each one on the same security. Had the loan companies cooperated with the central office, they could have saved several profit and loss accounts. Again I repeat—he who gives gets.

The man in a row boat can only sail on smooth seas. In rough weather, he must put in to shore or sink. The man who joins the crew on the big boat of cooperation can safely weather the storms.

Achieving a boyish figure a peril to health for many

Men and women injuring themselves by starvation diet

THE passing fad of dieting to reduce weight is permanently injuring the health of girls, women and men in the opinion of eminent medical authorities. How dangerously serious dieting has become may be judged from the following statement by a famous doctor. He says: "Many young women to whom motherhood has been denied have come to me to learn the reason why. I have to tell them, only too often, that they have sacrificed their children for the sake of a boyish figure." This doctor goes on to show that many adults, both men and women, do injury to themselves by starvation diets from which they can never recover.

It is time to call a halt in this dangerous practice. Whoever said that two persons could have the same standard of weight? Medical science now declares that standardization in the weight of human beings is impossible, as well as undesirable.

Eat enough of a great variety of foods and enjoy them. Remember that sugar is the ideal flavorer of other foods and that it adds greatly to the zest and pleasure of eating. Sugar is also a food—the most inexpensive and purest known. Don't be afraid to sweeten grapefruit, oranges, cereals, dried fruits, and all canned vegetables. Delightful flavors demand sugar. Enjoy eating. The Sugar Institute.

Always a Second Dish *for the* Little Ones

SINCE one box of Jelly-Quick makes twice as much dessert of guaranteed equal quality as the ordinary prepared gelatine, the children can each have a second dish. They will want it, too! Jelly-Quick is good for them, easily digested, and ideal when they just can't wait for dinner.

2 Pints in Each Box

Easily made in one minute with choice of seven flavors—jells in a little while. Merely mix with hot water and allow to harden. Flavoring and coloring separate in each package. Grocers can supply you.

Organist Is Ill; Cantata Program Has Been Postponed

New Wilmington Program Is Called Off; Other News Of Town

(Special To The News)

NEW WILMINGTON, Dec. 14. — Because of the illness of the organist, Paul Robinson, the Christmas cantata to be given this evening in the United Presbyterian church here by the church choir has been indefinitely postponed. Effort to find another organist at the last minute was not considered because other members of the cast are also confined because of illness.

This cantata was booked to be one of the best presentations of the Christmas season in the college town, special singers having been secured. The local people who would have taken solo parts are Miss Elizabeth Rose, Miss Isabell McConagha, Dr. Hugh Hart, and Arthur Kirkbride.

Excavation work having been completed, the concrete foundations for the new department store building in the center of town are now being put in. It is expected that the regular upright building work on the structure will begin soon.

Other building activity which is going on in the college town consists of an extension to the buildings of the Campbell Lumber company and a residence on Neshannock avenue. Three new homes will be started on Lincoln street next spring.

James and Margretta Barr left here Wednesday for Colorado Springs, Colo., where they will rejoin their aunt, Miss Frances Barr. Miss Frances Barr will remain with James, Margretta and their younger sister, Eleanor, for the present.

Dr. and Mrs. Harold Black along with Professor and Mrs. Ben Euwema, will motor to their homes in Michigan at the beginning of the Christmas recess.

THREAT OF THE FUTURE

"With all these scientific ideas," writes a cynic in Woman's Home Companion, "they will soon have us in stalls with a food box for our green tomatoes and oats and a rake in front from which we will nose out our spinach like horses reaching for hay."

A SURE THING.

Things are so contrary that probably even a cigarette lighter would work if you used it to see how much gas you had in the tank—Cincinati Enquirer.

Curtis Holder Of Kaw Lands As Allottee

PAWNEE, Okla., Dec. 14.—The world may know of Charles Curtis as a veteran senator—the former leader of the majority party in the upper house of congress—and vice president-elect of the United States, but to the Pawnee Indian agency he is merely Kaw Allottee No. 139.

Because he has Indian blood in his veins the vice president-elect is the holder of Indian lands granted to all Indians of the Kaw tribe, on which reservation Curtis was raised, when the reservation was divided years ago.

Curtis could have obtained an outright title to the land, but he declined to do so, preferring to leave it "restricted"—that is, under Indian agency supervision—as an example to other Indians.

Restricted land cannot be sold or leased without the consent of the secretary of the interior. The vice president-elect felt that leaving his land restricted would influence others to do likewise, thereby saving money for some who might have permitteo their property to filter away.

Oil and gas leases on the Curtis land, covering the northeast quarter of section 26, township 27, north of range 4 of the Indian meridian, are now being advertised for sale.

Seek Pay Increase For Federal Jurors

M. A. Vaughn, Of New Castle, Is Member Of Committee To Act

Dan T. Burn of Sharon was named chairman of a committee to advise congressmen of the state of present conditions, in an effort to secure higher pay for federal jurors, as the result of action taken in Pittsburgh by jurors serving at the present session.

Although a great majority of those who have served as federal jurors have felt that the remuneration paid them for their time and expenses was sadly inadequate, no definite move has previously been made to amend the situation.

The project was broached before 125 jurymen by James Wilson of Erie, who stated that he felt the $4 a day paid at present is entirely insufficient to cover the expenses of the jurymen. For that reason, many people were nuwilling to serve as federal court jurors, Mr. Wilson asserted.

A motion introduced by him to recommending an increase in the rate of pay was unanimously approved by the jury panel.

The other members of the committee who will serve with Mr. Burn are Milton E. Vaughn of New Castle, L. G. Runk of Altoona and Edward Mills of Central City.

Janitor Service Must Be Improved

Some Changes In School Janitors Intimated In Report To Board

A report of the janitorial service in the New Castle school buildings and a report on the condition of the grounds was given to the board of directors of the school system by S. G. Ligo, superintendent of grounds and buildings, at a meeting of the board which took place Thursday evening in the East street administration building.

"The janitorial service in our buildings is good with few exceptions," Mr. Ligo's report stated. "These exceptions must be eliminated before the start of another school term, if it requires a change of help to do it.

"The improvement of school grounds is badly needed, as the outside appearance is more often seen than the inside by the majority of the people. Often a well kept building is surrounded by unsightly grounds.

"While special efforts have been made to get our organization to function 100 per cent, it has not reached that point as yet, and I am afraid that some changes will have to be made in the personnel unless improvements are shown within the next three or four months."

Vegetables Are Path To Youth, Viennese Says

PARIS, Dec. 13.—The path to the fountain of youth winds through the onion and celery patch and not thru the monkey jungle.

The legendary fountain is the bubbling pot of vegetable broth, according to Dr. Benjamin G. Hauser, Viennese physician, with a knifeless rejuvenation creed.

"Glandular operations," said Dr. Hauser, "are no longer effective after two or three years. The patients then relapse. Their state of health is what it was before, and frequently is worse."

Dr. Hauser explained that by his method old age could be eliminated and life prolonged.

"Old age is purely conventional," said the physician. "We have come to believe that it is necessary for men and women to grow old, acquire wrinkles, gray hair and toothless gums. We have not yet discovered how to make life everlasting, but we can make life vigorous and effervescent until the end. The way to do it is with food, specifically food taken the individual."

The body, according to the physician, is made up of 17 chemicals, according to chemical requirements of which it receives from the different food substances it absorbs.

Onions, for example, are rich in phosphorous and sulphur. Celery likewise. Anything with a sharp flavor has sulphur, such vegetables as carrots, turnips, cabbages and kohl. Milk is rich in calcium, which is the bone building chemical.

"Individuals fall naturally into chemical classes," continued Dr. Hauser. "Henry Ford, for example, is a man with the high broad forehead, slender and nervous, with a quick and inventive mentality. Lincoln, the raw-boned, slow-moving individual, leisurely in making decisions, but immovable once they are made, was the calcium type. The source of his energy is the vital organs, and it is these he must watch. Not too many potatoes for Hoover.

"The Ford type should take plenty of phosphorous. Onions, celery, etc., should form the staples of his diet. He must keep the directive agents of his organisms supplied with the chemicals they need."

Will Paint Senior High School Gym

During the Christmas vacation the Senior high school gymnasium will be painted according to the action of the school board which was taken at a meeting which was held Thursday evening in the East street administration building.

After a short discussion S. G. Ligo superintendent of grounds and buildings was authorized to buy paint sufficient to cover the walls of the gym. The painting, it is supposed to be done with a modern painting machine which, if the demonstration at the Senior high gym should prove satisfactory may be purchased by the school district.

It was also decided to buy 55 gallons of paint at $2.70 a gallon from J. Clyde Gilfillan. This is not to be used for the gym but at the George Washington Junior High school and the Senior High cafeteria.

MAKES MANY KNOTS.

"Yes, this little boat makes 20 knots an hour!" said the motor-boat owner as they plowed through the waves.

"Go on!" gasped his pretty companion. What a lot of rope you must use! But tell me—who unties them all?"

Plump chorus girls are in demand these days, the theater magnates having decided to fill the stage with fewer salaries.—The Miami Daily News and Metropolis.

Discuss Disposal Of School Garbage

Matter Of Incinerator For Senior High Is Considered By Board

S. G. Ligo, superintendent of grounds and buildings for the New Castle school district was asked to take up with the city authorities the matter of a more frequent garbage collection from the senior high school at a meeting of the school directors which took place Thursday evening at he East street administration building.

The instructions grew out of a recommendation made to the board by Mr. Ligo asking their attention to the need of a garbage incinerator at the Senior High school of about the same since as the one at he George Washington Junior High school. The cost of installing an incinerator at the Senior High school Mr. Ligo continued will be around $800.

At the present time it is necessary for the school to haul a truck load away from the Senior High school each day to the garbage furnace, taking anywhere from two to three hours for a truck and man or at the cost of $5.00 a day for the haulage. This is very unsatisfactory he stated and he sought the approval of the board for the construction of the garbage incinerator. To burn the refuse in the furnaces was not in keeping with the best policy.

After a short discussion Mr. Ligo was asked to take the matter of collection up with the city.

Big Beaver School Attendance Good

Twenty-Seven Pupils Attend All Classes During November

Pupils of the McAnlis school, Big Beaver township, had a fine attendance record for the month of November, the report for that period shows.

The following students attended their classes each day during the past month: Mate Beatty, Lois Beatty, Billy Beatty, Ida Beatty, Irene, Marie and Virginia McCready, Milton, Arthur, Albert and Edwin Reynolds, Morgan Patterson, Chalmers McCready, Alice, Dorothy and Sarah McConnell, Elizabeth McCready, Thomas, Charles, Wanda and Geraldine McCullough, Naomi Mielke, Marie and Dorothy McAnlis, Wayne Withrow, Laurice Cameron and Harold McCown.

Boys of the class had a hundred per cent. attendance during the month while the girls came near it, their's being 99 per cent. Miss Ellen Hawkins is the teacher.

Slayer Executed At Sing Sing Prison

(International News Service)

OSSINING, N. Y., Dec. 14.—Thomas (Red) Moran, 20 and hard-boiled, was executed in the electric chair at Sing Sing prison early today for the murder of two Brooklyn policemen in 1926. The current was turned on at 1:05:30 o'clock and Moran was pronounced dead at 1:08.

There is a difference between Christmas shopping and Christmas buying, says the young lady at the notions counter.—The Tulsa Daily World.

Passengers Aboard Disabled Steamer Reported As Safe

Schooner Captain Reports Rescue Of All Passengers And Crew Of Star Vessel

(International News Service)

CORDOVA, Alaska, Dec. 14.—Passengers of the disabled Alaskan packet Starr, were today safe on board the relief schooner Olive and enroute to Kodiak, Alaska, where they can be transferred to regular coastwise vessels.

Captain Barron, master of the Starr expressed a desire that families of the 12 passengers and all members of the crew be advised that all were safe.

The passengers were taken off the Starr in small boats and set aboard the Olive at sunday Thursday.

The Starr is rudderless and her propeller is damaged. She is at present riding at anchor in uncharted waters near Dark Island, but today expected the power boat Alameda which will tow her to deeper waters and thence to Seward if the weather is favorable.

Crude Oil Prices Are Given Boost

(International News Service)

PITTSBURGH, Dec. 14.—Twenty-five cents per barrel increase in five grades of crude oil and a 35-cent increase in another, were announced today by the Joseph Seep agency, purchasers for the Standard Oil interests here.

The new prices are:

New York Transit Lines	$3.85
Bradford district	3.85
National Transit Lines	3.75
Southwest Penna. Lines	3.75
Eureka Lines	3.65
Buckeye	3.60

Each grade except Buckeye advanced 25 cents per barrel. Buckeye showed a 35-cent rise.

All other prices remained unchanged.

New Hampshire Town Offers Doctor $1000

Residence Is Worth Just That Much To Community Of Brookline

(International News Service)

BROOKLINE, N. H., Dec. 14.—A resident doctor is worth just $1,000 to this town, or at least that is what they are offering Dr. George Hilton, of Milford, if he will locate here.

The last resident doctor was Charles Holcombe, who died nine years ago, and since then the populace of Brookline has had a hard time getting a doctor in the winter time. For the past nine years only one doctor has been able to get through on horseback in the winter. Rather than face another such winter, citizens, at a special town meeting, voted to give Dr. Hilton $1,000 in addition to what he makes in office practice and home calls, if he will reside here. Dr. Hilton has been coming here twice a week since last May.

Trolleys Crash, Three Are Dead

Nine Seriously Injured, Three Are Killed, As Street Cars Collide Near Lancaster

(International News Service)

LANCASTER, Pa., Dec. 14.—Three persons were dead today and nine others were seriously injured as the result of the head-on crash of two trolley cars at Hauser's Lane near here yesterday in a heavy fog.

P. R. Henry, motorman of one of the cars, was dead when extricated from the wreckage. Joseph Brienall, a conductor, and Addison Dussinger of Bareville died in a hospital here.

Officials of the Conestoga Traction company announced that the heavy fog that blinded the motormen of both cars was responsible for the accident. Both cars were traveling at a fair rate of speed when the crash occurred.

Make Attempt To Rob Store

Burglars Visit New Castle Hardware Store In Early Evening

John Whitten, president and manager of the New Castle Hardware company, on returning to the East Washington street store of that concern about 7:30 o'clock Thursday evening, made the startling discovery that the place had been entered and ransacked since closing time.

Police authorities were notified at once and Officers Letera and Richards answered. On investigation, they discovered that the person or persons involved in the attempted robbery had climbed by means of the fire escapes at the rear of the storeroom to the roof of the back part.

They had then torn off the ventilator and made their entrance into the store through the opening made.

After arriving in the store, the thief or thieves had picked up a meat cleaver and had chopped off the front of the cash register in an effort to break into it.

It was also found that they had struck matches in trying to work the combination of the safe.

Drawers throughout the store had been opened and thoroughly ransacked in the search for something of value.

Lieutenant Peter Hillers and Detective John Young investigated the place later and secured some clues with which it may be possible to make an arrest in the attempted robbery.

According to John Whitten, president and general manager, this morning, nothing of value was taken.

Local Physician Talks At Ben Franklin

Dr. Mildred Rogers Discusses Milk With Nursing Club Members

Dr. Mildred Rogers addressed the girls of the Home Nursing club of the Benjamin Franklin Junior High school at their regular meeting recently. Dr. Rogers discussed the different classes of milk and their relative value as food for babies. The girls were given an opportunity to sample various kinds of canned milk that may be used in the preparation of formulas. The latter part of the hour's meeting was thrown open for questions, which Dr. Rogers graciously answered.

Dr. Roger's talk was instructive and helpful and the girls of the club, together with their sponsor, appreciate her kindly interest in giving them so freely of her time at this busy season.

Miss Lois Kerr is supervisor of the club.

Circulation At Library Is 19,188 During November

Increase Of 39 Per Cent Over Same Month In 1927 For Circulation

The circulation in the month of November in the New Castle public libraries was 19,188, according to the figures listed on the monthly report of Alice M. Sterling, librarian. This was a gain in circulation of 5,427 or 39 per cent over the same month in the year 1927.

The gain in the circulation is credited to the establishment of the branch libraries and especially the South Side branch. Despite this gain, the main library on North Jefferson street, lost some 1,042 in circulation as compared to the same period the year before.

This of course, states Miss Sterling, is not a loss but a transfer of the cards to one of the branches. In this circulation, the adult fiction totalled 5,798; adult nonfiction, 1,291; foreign books, 114; juvenile fiction, 7,758; juvenile nonfiction, 4,227. The total number of adult borrowers was 7,203 while the juvenile borrowers numbered nearly 12,000.

New borrowers at the library totalled 372. Of this number 247 were juvenile while 125 were adults.

CONSTIPATION CAUSES BAD COMPLEXIONS

Kellogg's ALL-BRAN brings natural relief

Disordered blood, skin eruptions, blemishes, are often the result of faulty elimination. Indeed, constipation is the cause of more than forty diseases. Just a few of its symptoms are headaches, listlessness, dull eyes, falling hair, failing appetite. . . .

Guard against this scourge. Kellogg's ALL-BRAN is guaranteed to relieve constipation. More—to prevent it. Two tablespoonfuls daily — chronic cases, with every meal.

Doctors recommend ALL-BRAN because it is 100% bran. Because ALL-BRAN accomplishes 100% results that no part-bran product can hope to equal.

An inviting health cereal—to eat with milk or cream, or with fruits or honey added. Use it in cooking too. Waffles, bread, muffins. Sprinkle it into soups. Sold by all grocers. Served by hotels, cafeterias, on diners. Made by Kellogg in Battle Creek.

Kellogg's ALL-BRAN

SEED FROM INDIAN MOUND PRODUCTS

WILMINGTON, Dec. 14. — Lon Rhonemus, farmer, living near here attended the excavation of Seip Mound at Bainbridge last fall.

They uncovered a quantity of Indian maize. Rhonemus took two grains of the corn, which was thought to be 300 or more years old.

This spring he planted the seeds the result being two thriving stocks and two hardy ears. Eact grain on the ear is covered by a separate husk unlike the field corn.

Rhonemus will plant the grains of the two ears next spring in an effort to grow ears for various museums in the country.

Westminster College Vacation Period Starts

(Special To The News)

NEW WILMINGTON, Pa., Dec. 14. —Christmas recess starts tomorrow at noon for Westminster College students. While the college calendar, as originally arranged, called for the recess to begin Dec. 19, the victory over Geneva in football and the tie with Duquesne for the tri-state conference championship brought the added vacation.

Many of the professors will journey to their homes for the holiday season. Professor J. George Lutz will motor to his home in New York City. Miss Mildred Ailman, librarian, will spend the holidays in Keene, New Hampshire. Professor A. T. Cordray will journey to his home at Athens, Ohio, for the recess.

Misses Ethel McKay, Lois Doolittle, and Florence White of the faculty will motor to Chicago Saturday. From there they will go to their respective homes in Iowa. Miss Juanita Robinson will spend the recess at Delaware, Ohio.

Kappa Phi Lambda fraternity will hold its annual dinner dance at the Field Club tonight. Paul Freed of Youngstown is in general charge of arrangements, and Robert Furst of New Castle, president, has made plans for one of the best parties in the history of the fraternity.

MEASLES EPIDEMIC IN BRADFORD COUNTY

TOWANDA, Pa., Dec. 14.—With 60 cases of measles reported in Towanda an a large number of cases throughout Bradford county half a dozen schools outside of the town have been closed by the health authorities. The disease has been spreading at an average of ten cases per day for the past six days here, health authorities reported.

Schools here will not be closed for the present officials said expressing belief that a better check on development of the epidemic can be obtained from the pupils in school.

Calahan Chosen Leader Of Scout European Trip

J. L. Calahan, Lawrence County Scout Executive, Will Take Boys' Party

ALL SCOUTS WILL MEET IN ENGLAND

Announcement has been made by the National Boy Scout council that J. Lee Calahan, Lawrence County Boy Scout executive has been chosen to take charge of a special group of scouts from Lawrence, Mercer, Butler and Beaver counties to the International scouts meeting which will take place in August, 1929 at Berkenhead, England.

This meeting is the international good will meet of scouts from both hemispheres and it is estimated that more than 100,000 scouts will attend.

The entire United States has been divided off into districts consisting of several counties and Mr. Calahan was chosen from this territory to conduct this special group of boys who will number 25.

The international conference starts August 14, 1929, and one month will be taken up by the meetings and scout demonstrations. All scouts will be housed in English homes.

The local party of scouts will first see New York and then go by boat to Montreal for a special sight seeing tour. They will then sail to England. While at this international conference, there will also be other sight seeing tours which will extend into France.

Special arrangements have been made, stated Mr. Calahan, in connection with his appointment, to take the scouts to Europe at a cost of less than what is charged for summer camps.

Scouts' parents who consider the plan should get in touch with Mr. Calahan immediately. Several parents of New Castle scouts have already spoken for places for their boys.

Mother Superior Dies At Scranton

Two Sisters And Two Brothers Reside In New Castle

(International News Service)

SCRANTON, Pa., Dec. 14.—Mother Superior Germaine, who founded Marywood college here in 1923, died today at the college at the age of 56 years.

She was formerly Miss Agnes O'Neill of Williamsport, where she entered the religious order of the Immaculate Heart at the age of 17. She had also founded Catholic schools for girls in New York, Rhode Island and Pennsylvania.

Mother Superior Germaine is survived by three sisters and two brothers, Mrs. John Golden of Williamsport, Mrs. Beatrice Malloy, Miss Ann O'Neill, Daniel and Andrew O'Neill, all of New Castle, Pa.

Four Men, Boy Held As Thugs In Greensburg

(International News Service)

GREENSBURG, Pa., Dec. 14.—With the arrest of four men and a boy, state police today believe they have broken up a robber gang which has been active in the Latrobe and Ligonier districts.

Those arrested are John Kozancick, 15; Mike Kozancick, Andrew Waldron, Harold Loucke and William Skacel, ranging in ages from 18 to 30, all of Derry township. State police say the gang confessed to robbing the Seger Brothers Coal company plant near Derry and stealing 200 sticks of dynamite and a quantity of tools.

The gang also admitted robbing the Barnett Coal company filling station at Millwood where gasoline was stolen, according to police. They will be given hearings.

Man Is Killed, Another Hurt, Hit By Trolley

(International News Service)

WILKES-BARRE, Pa., Dec. 14.—Apparently blinded by the headlights of an automobile and unable to see the approach of a street car, John McDeka, 45, of Plains, was killed and John Kochonowski, 40, perhaps fatally injured early today when they were struck by the trolley while walking on the tracks.

Kochonowski, whose skull is believed fractured, was in the hospital several hours before identification was possible.

Merriman Reports His Auto Stolen

Two automobiles were stolen, but one of the two were recovered according to the police.

A Studebaker owned by H. L. Merriman, Beaver Falls was taken from Lincoln avenue.

Chevrolet coupe owned by the McCoy Motor Car company was taken from near the plant but was later found.

Radio-Victor Stock Soaring

Hint Of Merger Between Radio Corporation And Victor Company Boosts Stock

By W. S. COUSINS.
International News Service Staff Correspondent

NEW YORK, Dec. 14.—Back again to the centre of the big speculative stage, Radio Corporation and Victor Talking Machine got the spot-light today while Wall street made strenuous efforts to find out the results of negotiations which are expected to merge the two corporations.

Radio started the day with a jump of 21 points to 329 and sold up 32 points at 340. Buying orders for 40,000 shares of Victor Talking Machine awaited opening of the market and the sale was made at 140, the stock subsequently jumping to 140 up 23 points from Thursday's close. The Bears which stood in the way of the steam-roller advances in these stocks were flattened out but the demand for Victor and Radio also came from inside interests which have been following developments in the merger.

Merger Rumored

Radio will probably hook up with Victor in the amusement business and with Western Union in the telegraph and wireless communication business, along lines to be announced shortly—perhaps before the end of the week.

With brokers loans down $219,000,000 for the week, and trading back to less than a 4,000,000-share basis, money was much more plentiful, and as low as 5½ per cent was quoted for money outside, as call loans brought only 6 per cent. Brokers warned against a new "money squeeze" next week or the week after, and traders sold stocks after the first hour on a down market.

International Nickel continued its star performance today, the stock prancing for another 20 points to 252 as the market heard of powerful buying by Canadian and British interests. "Nickel" practically has a monopoly on the world's nickel business, and has made some new valuable "finds."

Police Probe Biting Of Boy

Police were called to the home of Df. J. C. B. Douthett, 821 East Lutton street on Thursday to investigate the biting by a dog of Seth Douthett a son of Dr. Douthett.

Officer Thompson answered the call and found that a bulldog belonging to a family named Elliott residing at 826 East Lutton street had been tied to a wire.

Seth Douthett and several companions, Billy Williams, J. Johnson and Roy Huber in going through the alley alongside the Elliott home and near which the dog was tied on the wire teased the dog. The dog ran after Seth Douthett and knocked him down biting him on the left leg.

The wound was dressed. The officer ordered the dog kept tied up ten days pending the outcome of the injury to the Douthett boy.

Scientists Reveals Terrible New Gas

Instant Death To Anyone Inhaling It Will Revolutionize Warfare In Future

(International News Service)

CHICAGO, Dec. 14.—A terrible new gas, which will make war "an international suicide," has been invented by American chemists, Dr. Hilton Ira Jones of Wilmette, Ill., research chemist, told a gathering in Chicago today.

The new gas means instant death to anyone who inhales it, Dr. Jones declared.

Automobile tires are now being made in some places from fish skins through the aid of chemistry, he told the gathering. Corncobs in the future, due to chemical discoveries, may be more valuable than the vegetable itself, he said. Excellent sugar can be made from them.

Water, through various processes can be changed to wine and wine back into water, Dr. Jone stated.

Anti-Trust Law Repealer Urged

Secretary James J. Davis Says Trust Law Repeal May Aid Coal Ills

(International News Service)

WASHINGTON, Dec. 14. — Repeal of the Anti-Trust laws to permit consolidation of coal companies was suggested today by Secretary of Labor Davis as a possible remedy for the present ills of the soft coal industry.

Appearing before the Senate Interstate Commerce committee holding hearings on the Watson bill to set up a coal commission, Davis described the coal industry as being in a "critical condition." For this situation wastful mining methods and over-production are chiefly to blame, he asserted. He said coal miners were being hard hit by the installation of mining machinery.

Husband Freed In Killing Of Wife

(International News Service)

SOMERSET, Pa., Dec. 14.—William R. Keller, of Jerome, today stood acquitted of the murder of his wife, whom he was charged with having pushed from the family auto while it was in motion.

Keller, father of three children, testified his wife either leaped or fell from the car.

More Schools Are Closed Because Of Influenza Spread

Elgin Academy In Illinois And University Of Wisconsin Plan Shutdown

(International News Service)

ELGIN, Ill., Dec. 14.—Elgin Academy will close its doors at the end of all classes today in an effort to check the spread of influenza, school authorities announced today.

MADISON, Wis., Dec. 14.—The University of Wisconsin will dismiss classes tomorrow until after the Christmas holidays as a precaution against the spread of influenza, President Glenn Frank announced today. Several cases are reported among the students and faculty.

Youthful Flier On Way To New York

Richard James, 17, "Solo" Flier Starts Final Leg If Flight Over Country

(International News Service)

BELLEFONTE, Pa., Dec. 14.—Starting on the last lap of his transcontinental flight, Richard James, youthful New York pilot, hopped off from the government airport here at 12 noon today for New York.

James, who is attempting to be the first pilot under 21 years of age to complete such a flight, was followed by Martin Jenson who has accompanied him in his trip across the continent. Jenson's plane carried three passengers in addition to the pilot.

The young aviator had encountered considerable trouble during the lap from Columbus to Bellefonte, having been forced down once near Mercer, Pa., and again at Kylertown, about 25 miles west of here. He was delayed almost a week while repairs were made on his plane which was damaged in both forced landings.

Government Seeks Fall Trial Date

(International News Service)

WASHINGTON, Dec. 14.—The government moved today to bring Ex-Secretary of Interior Albert B. Fall to trial on bribery charges in connection with his alleged acceptance of $100,000 from E. L. Doheny, California oil magnate, to induce the leasing of the Elk Hills naval oil reserve.

Atlee Pomerene, special oil counsel filed a motion in the District of Columbia supreme court asking that the trial be set for January 14. Hearing on the motion will be held next Tuesday.

Leather Company Plant Destroyed, By $500,000 Fire

(International News Service)

CURWENSVILLE, Pa., Dec. 14. — Fire which started in the fan room of the Pennsylvania Hide and Leather company here last night, destroying one unit of the plant, was estimated today to have caused damages exceeding $500,000.

The unit destroyed by flames housed the fan room, boilers and automatic dryers. Had the fans been off when the blaze started, fire officials said, the damage would have been slight, and the company could have resumed operation today.

Cause of the fire was not determined. The fans had whipped the flames through the entire structure before firemen arrived. The clearfield fire department assisted in preventing the flames from spreading to other shops.

Congress Can Avert Deficit, Byrns Asserts

(International News Service)

WASHINGTON, Dec. 14.—Congress alone can save the nation from a deficit next year if the administration has given congress a true statement of the present condition of Uncle Sam's pocketbook, Rep. Joseph Byrns (D) of Tennessee, ranking majority member of the house appropriations committee, declared today.

"Basing my observations on figures submitted by the treasury and giving full credence to them, I don't see any way to avoid a deficit," said Byrns.

The budget message of President Coolidge, based upon treasury figures, estimated the probably surplus for the fiscal year 1929 at $36,990,192 and for 1930 at $60,576,182.

Girl Is Injured; Struck By Auto

Ralph E. Bartley, 418½ Euclid avenue reported to the police Thursday that he was driving west on East Washington street near Winslow avenue when a small girl by the name of Edna Sheffler aged 7, 1221 Huron avenue was hit by his machine and knocked to the ground. She was running from the west to the east side of the street. She got up herself, claimed she was not hurt and declined the services of a physician. Her only apparent injury was a scratch on the kee.

Girl Takes Life; Inhales Gas Fumes

(International News Service)

PHILADELPHIA, Dec. 14. — A threat by Laura Dayton, 17, of Stonehurst Hills, Delaware county, following the refusal of her mother to return home with her while on a visit to an aunt, was treated as a joke by the mother.

"If you don't come with me I'll take gas," the girl told her mother.

A short time later the mother returned home to find her daughter dead in the gas filled kitchen.

The girl's act is believed to have grown out of a quarrel with a boy friend a few weeks ago.

Bolivia Will Not Backtrack

Bolivia Seeks "Moral Reparations" Before Considering Arbitration

CAPITAL DELEGATE ANNOUNCES STAND

(International News Service)

WASHINGTON, Dec. 14.—Efforts of the Pan-American Conference to arbitrate the widening rift between Bolivia and Paraguay received another setback today when Dr. Diez De Medina, Bolivian minister, and delegate for his government to the conference, announce he would attend no plenary sessions at which the boundary dispute was under discussion.

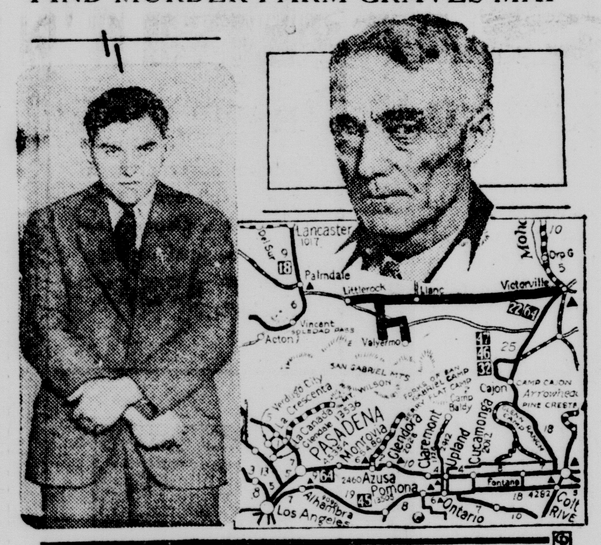
Last-minute instructions from La Paz reached De Medina this morning, advising him to stand pat on the Bolivian demand for "moral reparations" before any arbitration is attempted. The minister further received word of the appointment of Tomas Manuel Elio as Bolivian minister of foreign affairs, and as Elio is of the opposition party, De Medina pointed out the unity of thought in his country.

(International News Service)

FRANKLIN, Pa., Dec. 14.—Mrs. Adah Kauffmann, 26-year-old former bank clerk, today began serving a 10 months' term in Venango county jail on a conviction of embezzlement.

She appealed both to the superior and to the supreme courts of the state and lost in each instance.

FIND MURDER FARM GRAVES MAP



A map declared by police to be Gordon Northcott's record of the places in the Mojave desert where alleged "murder farm" victims were buried, has been unearthed by police in a home that Northcott once occupied at Los Angeles, Cal., where the youth is awaiting trial. Northcott is shown above at Los Angeles as he pleaded not guilty to another killing, that of a Mexican boy. He had previously plead not guilty to three of the "murder farm" deaths in Riverside county, although admitting in a confession to police that 11 murders were committed on the farm. Inset is of Cyrus Northcott, father of Gordon, who is expected to testify against his son at the trials.

CURTIS BUYS HIS CHRISTMAS SEALS

These two health crusaders, Rosamond and Jacquelyn Krah, are shown being received by Vice President-elect Charles Curtis, at ington, whom they persuaded to buy a supply of tuberculosis els.

Evangelist To Tell Own Story

Erickson Announces Special Meeting At Tabernacle Next Monday

SPEAKS TO LARGE CROWD THURSDAY

As the evangelistic services at Everybody's Tabernacle, South Mill street, near the close, after more than twelve consecutive weeks of effort along evangelistic lines by C. H. Erickson and his party of ten, interest is increasing in the announcement made by Evangelist Erickson that on next Monday evening, he will tell the story of his life.

From what can be learned, whenever the story of his life has been told in other places where he has conducted evangelistic services, there has not even been standing room available for the great throngs that desired to hear his story, which there is every indication, must be of more than ordinary interest.

At one place, he found it necessary to tell the story three times in order to accommodate the throngs of those anxious to hear him. And admission on those occasions was by ticket.

The story will be told but once here, next Monday evening, and there is every indication that it will see the vast tabernacle filled to overflowing.

Evangelist Erickson lat night had as his text the 28th verse of the Twelfth Chapter of the Gospel according to St. Mark, which reads, "And one of the Scribes came, and having heard them reasoning together, and perceiving that he had answered them well, asked him, which is the First Commandment of All?"

The succeeding verses containing the answer of Jesus tell how he said that we must love the Lord our God and also one another, naming them as the greatest of the commandments.

The Evangelist then said among other things "All law is summed up in one word 'Love'. We must love God and men and the whole gospel.

"If we love God we will be glad to do anything He wants us to do.

"Just doing good or being good is not being a Christian. There are too many almost Christians. It is the saddest thing in the world to me to know of a person, who is almost a Christian but not quite. It's terrible to have a revival meeting, where you come in contact with God and fail to hear his call.

"Let Jesus Christ come into your life. He wants to."

At this appeal, twelve persons came forward to the altar and professed a desire to lead a better life.

Following this more than a dozen persons came forward for anointing and prayer for their physical ills. This was followed by a duet by Mr. and Mrs. Lacey.

The earlier part of the evening was taken up with testimonials by scores of people, who had received benefits through prayer and anointing by the evangelist. The Alliance Colored Quintet rendered a number of selections during the evening.

At this evening's service, Evangelist Erickson will speak on "Why Some Miss Healing". The Saturday evening meeting will be of special interest. Sunday afternoon, the evangelist will speak on "Elisha" and on Sunday evening on "What is the Sin against the Holy Ghost?" Monday evening, the evangelist will tell the story of his life.

Tuesday evening will be the farewell service and there will be interesting and surprising things occur. Immediately after the service that night, the tearing down of the tabernacle by volunteers will be started and it will be completed by volunteer labor on Wednesday. It is planned that the ladies will feed the workers on Wednesday at noon.

Indiana Pool Halls To Be Billard Parlors

(International News Service)

INDIANAPOLIS, Ind., Dec. 4.—"Pool room" is an undignified title, according to proponents of an amendment to an Indianapolis licensing law, who wish to have the city council change the name to "billiard parlor."

Maybe it isn't significant, but the ladies didn't stay away from home until the saloons closed and men were driven to their own firesides.

Lindy Junior Club

By KRANA SHERMAN

Christmas draws near,
When we give and we take.
Some gifts for relations
We now shall make.

FOR AUNTY

To make a Recipe, Envelope in which Aunty can keep her recipes together, use a large manila envelope, or make one of bright paper. Letter the word RECIPES on the front and decorate the envelope with pictures of good things to eat, taken from magazine advertisements. Almost every magazine prints many good recipes and these may be cut out and put in the envelope. You may also copy some of Mother's choice recipes and put them in the envelope too. And I know that Aunty will be very pleased with your useful and pretty Christmas gift to her.

FOR UNCLE

To make Uncle a clever Cross-word Puzzle Book, cut out the crossword puzzles you find in magazines or books, and paste them, numbered, into a scrapbook or a "wrapping-paper" book of your own making. Save the solutions to the puzzles (they will be given the following day) and number them according to the number you placed on the unsolved puzzles. Then put all the solutions in a sealed envelope and place them in the book of puzzles. Decorate the cover of the book with a clever picture taken from a magazine, and lo and behold, Uncle has a novel and interesting "Cross-word Puzzle Book for Christmas.

TOOTHPICK AND PEA TOYS

Here's a game to play
On any rainy day.

Here are directions for making articles out of peas and toothpicks. This idea may also be used as a contest at a party. Each player must have ten toothpicks and thirty green peas. Then one player calls, "Go," and all begin to make some article with the toothpicks and peas, as a box, cart, hatchet, tree, sled, or sofa. A period of ten minutes is allowed for making the articles. Then they are collected and the cleverest one receives a prize.

HEALTH RIMES FOR MODERN TIMES

At night, if your windows are open, a breeze
Will enter your bedroom and sweep out disease.

GEMS FROM THE BOOK OF KNOWLEDGE

(Continued from last week)

Let us now pay a visit to Mr. Sun Day and hear what he has to say in answer to all our questions.

Mr. Sun Day says: How I got my name? Well, far back in the history of the world, my child, people could see nothing so wonderful, nothing so beautiful, and nothing so useful as the sun. They had in them what is called the instinct of worship—that is to say, they has a feeling that there was something greater, stronger, and more glorious than ourselves — Something that they ought to fear, reverence and worship. The sun seemed to these first people the token or sign of that Something, and they worshipped it. The sun, in fact, became the visible expression of God. Now, when the world got wiser, and men and women knew more about the true God, they still kept the old idea of the heathen in their heads, and called the Christian Sabbath—which means the day of rest—Sunday. They no longer worshipped the sun, but they called the first day of the week after him, and that is how I got my name.

People loved me then, and I gave rest, and pleasure, and festivity to hundreds of generations. Well, as time passed on, people began to make me anything but a sun-day; they made me a black day. Children were not allowed to play; books and games were put away and locked up in cupboards as something wicked; and all my precious hours were spent in gloom and solemnity.

Then it was that I got a thoroughly bad name. People said Sunday was the gloomiest day in the week; they ate too much, and set about yawning and grumbling. Just lately I've reminded them that the Founder of Religion once said: "The Sabbath was made for man, not man for the Sabbath." They don't quite understand just yet what that means. Some of them are noisy and wild and foolish on the Sabbath; they have gone to the other extreme. But it will come right soon. People will use me for rest of body and mind in a proper way and my good name will be restored.

POEMS EVERY CHILD SHOULD READ
OUR HIRED GIRL

By James Whitcomb Riley.

Our hired girl, she's 'Lizabuth Ann;
An' she can cook best things to eat!
She ist puts dough in our pie-pan,
An' pours in somepin' 'ats good and sweet,
An' nen she salts it all on top
With cinnamon; an' nen she'll stop
An' stoop an' slide it, ist as slow,
In th' old cook-stove, so's 'twon't slop
An' git all spilled; nen bakes it, so
It's custard pie, first thing you know!
An' nen she'll say;
"Clear out o' my way!
They's time fer work, an' time fer play!
Take yer dough, an' run, child, run!
Er I cain't git no cookin' done!"

When our hired girl 'tends like she's mad,
An' say' "Folks got to walk the chalk
When she's around, er wisht they had,"
I play out on our porch an' talk
To Th' Raggedy Man 'at mows our lawn;
An' he says, "Whew!" an' nen leans on
His old crook-scythe, and blinks his eyes
An' sniffs around an' says, "I swawn!
Er' my old nose don't tell me lies,
It 'pears like I smell custard-pies!"
An' nen he'll say,
"Clear out o' my way!
They's time for work an' time fer play!
Take yer dough, an' run, child, run!
Er she cain't git no cookin' done!"

OUR INTERESTING ALPHABET FOR CHILDREN

"D"

D stands for Dollars and now that Christmas is so near, we surely would like the feeling of some nice "greenbacks" in our purses! We can earn money by doing errands for the neighbors, and we can save our pennies and nickles (for they'll soon grow to dollars) and bye and bye we'll have some nice Dollars in our possession to make us feel as important as the grownups.

Returns Marriage License Year Late, Girl Changes Mind

YORK, Pa., Dec. 4—Nearly a year after obtaining a marriage license here, a prospective bridegroom today returned his license to Robert Glenn, clerk of the York county courts.

The man in the case was Myer Glazer, Baltimore. The girl was Sara Fox, also of Baltimore. They applied for their license last January.

Today Glen received the following letter:

Dear Mr. Glenn:

Inclosed you will find a marriage license for Myer Glazer and Sara Fox. The young lady got cold feet. Thanking you for your trouble at the time.

Your Truly,
Myer Glazer.

Closing Schools Would Be Costly

Dr. Green Says Cost Would Be At Least $3,000 Per Day

"It would cost the board $3,000 a day to close the schools of New Castle at this time" was the statement made Thursdoy evening to the school board of the New Castle schools by Dr. C. C. Green, superintendent of the New Castle school district in commenting on the amount of sickness in the different schools of the city.

"Many of the pupils who have been sent home from school really are not sick at all' Dr. Green continued. "The children are sent home at the development of the slightest symptoms of sickness so that the schools and the individual will be protected. At the high school it is particularly hard to tell when a pupil is sick for they themselves will not reveal the fact.

"However the number of absences in the schools does not warrant the closing down of the system."

City-Wide Prayer Services Tonight

In connection with the coming visitation evangelistic campaign, community prayer services are being held about the city and are being well attended. Another series of meetings is announced tonight, and the Christian people are asked to attend the meeting nearest their home. The meetings are scheduled as follows:

J. M. Wallace, 211 Boyles.
C. C. Campbell, 102 N. Ray.
Rev. D. C. Schnebly, 211 Newell.
C. R. Thompson, 114 Euclid.
H. E. Eckelburger, 1730 East Washington.
W. M. Hockenberry, 921 Maryland.
G. W. Miles, 919 Marshall.
George Kemp, 1221 Finch.
Mrs. R. McKee, 117 East Wallace.
C. E. Conner, 1717 Pennsylvania.
Ben Fowler, 1306 Hamilton.
Frank Kirker, 1602 Hamilton.
Mrs. Elizabeth Jones, 121 East.
Mrs. Leroy Whiting, State street extension.
Miss Minnie McClaren, 401 Florence.
R. J. McFate, 321 Fairmont.
Clyde Tindal, 737 County Line.
Rev. W. E. McClure, 123 Sheridan.

The topic for consideration is "The Passion For Souls." John 4:35, Mat. 21:22.

Falls To Death From 14th Floor

(International News Service)

NEW YORK, Dec. 14.—"Jumped or fell to death" was the tentative verdict of police today in the spectacular death of Irwin R. Heilbroner, 39, millionaire vice president of Weber and Heilbroner a chain of mens furnishing's stores. He leaped or fell from a window of his 14th story apartment last night. He had been ill for some time and had suffered from attacks of vertigo.

Members of his family said no one else was in the apartment when the wealthy merchant plunged to his death. They refused to discuss the tragedy.

SLEEPER IS VICTIM OF EYE EXPLOSION WILL BUY NEW ORB

MIDDLETOWN, N. Y., Dec. 4—Few persons have their eyes explode, but that was the experience of Ralph Phillips of Forestine, Sullivan County.

As he was sleeping, his glass eye, the chemicals of which were warmed by the heat of the socket, suddenly exploded.

An eye specialist removed the remaining glass from the socket. Phillips will purchase another eye.

AYE, THERE'S THE RUB

Host: "You know it is said that the mustard people make their money, not by what is eaten, but by what is left on the sides of the plates."

Fair Guest: "Yes; but what always puzzles me is how they collect it!"—Pearson's Weekly (London).

Repudiates Story

Peter Kudzinowski, held by Jersey City police for the slaying of Joseph Storelli, seven, has repudiated a second "confession" in which he admitted the killing of Julia Mlodzianowska, five, also of Jersey City, according to police. Kudzinowski is shown in jail at Jersey City just before tearing up the alleged second confession.

Your Broadway And Mine

By WALTER WINCHELL

Exclusive Central Press Dispatch to The New Castle News.

NEW YORK, Dec. 14—Among other amusing episodes unfolded in the Longacre sector is one concerning Jesse J. Eldot, a prosperous printer, whose biggest kick comes from giving away money to those he likes. Mr. Eldot is incessantly throwing respectable parties, to which he invites his intimates, and they always come away loaded with gold coins. A few years ago he prepared his will, and the beneficiaries were his closest pals.

One of them was Kelcy Allen, the critic. Shortly after the will was made Eldot took violently ill, but recovered . Jess Dandy, the actor, died shortly after. Al Sanders, another theatrical man, succumbed. Jack Gleason, also named in the will, died, and the others started to complain about their health. Even Eldot's pet dog died, and Kelcy Allen got sick for the first time in his life.

So Allen urged Mr. Eldot to strike his name out of the will, which was done, and two days later he was well again.

SUPPOSIN'

Now just supposin' we had never met;
Our lips not kissed, our hands not wrenched apart!
Why, just supposin' we had never loved,
How would I ever know I had a heart? —Jean Douglas.

* * *

THEATER GUILD TRIUMPH

Maurice Browne and Robert Nichols have provided the Theater Guild with an unusual and highly engrossing new play. "Wings Over Europe," it is christened, and it is given elegant direction by Rouben Mamoulian, who was dragged from the wings by one of the collaborators after the thrilling proceedings at the Martin Beck theater to acknowledge the hand-clapping. There were some cheers, too, when the last asbestos dropped on the incessantly arresting mellow drama, and not a few of them were for the womanless cast of 14, all of whom contributed handsomely to the novel event.

"Wings Over Europe" is fashioned from a most entrancing theory. The theme concerns a 25-year-old genius, inspired by Shelley and Maxwell, who perfects an invention which could destroy the universe. A preposterous and absurd idea, unanimously declare the British cabinet, before whom the young Einstein brings his startling and amazing revelation. After urging him to abandon and destroy his "secret" they threaten to confine him where he no longer may serve humanity and practice his deadly magic, but he is determined to "build a house for man."

He is impersonated by Alexander Kirkland, a remarkable actor for his age, on whose shoulders the manuscript chiefly rests. Master Kirkland acquitted the difficult and lengthy assignment with great conception.

Resuming from the second paragraph, the cabinet members argue pro and con with the determined to better humanity and the world young man, and, after they have threatened to jail him, he warns, if he is so condemned, that soon after his confederates will release a devastating atom that not only would blow London and Great Britain to bits but the entire world. The complications that follow are equally as engaging, and the denouement comes with as neat a wallop as the theater has enjoyed in a long spell.

* * *

NEWSPAPER STUFF

Even Balzac sympathized with the reporter who is dambed if he prints it and dambed if he doesn't. He once scrivened: "Whoever has dipped into journalism or is still in it lies under the hard necessity of bowing to men he despises, smiling upon his worst enemy, consorting with the rankest baseness and dirtying his fingers in his struggle to pay his adversaries in their own coin."

* * *

SURE ENOUGH

Alexander Woollcott, to hear them tell it, was a fearless dramatic critic because he Knew What He Liked and so stated in the paper. They add, however, that when he was a critic it was feared that, if he were found murdered, at least 2,000 people would have been held under suspicion.

PHYSICIANS FIGHT SMALLPOX EPIDEMIC

GALLIPOLIS, Oct. 14—With schools closed and town quarantined, physicians at McArthur, O., 40 miles north of here, have been fighting a smallpox epidemic. Over 35 cases have been reported in the town of 1,800 which is the county seat of Vinton county. Physicians today reported conditions to be improving.

VITAGLASS BEING TESTED

Vitaglass, which admits the violet rays of the sun, is to be tested as to its benefits to plant life, at University College, Southampton, England, and at Kew. At Kew, one-half of an experimental greenhouse will be fitted with vitaglass, and the other half with ordinary glass. A typical selection of flowers will be duplicated in each section, while a similar course will be followed with a wide variety of plants, including radishes, sunflowers, and beans, in a large glass corridor with a southern exposure. It is hoped to discover whether any advantages, such as earlier cropping, better quality, heat saving, better color, hardier constitution, and greater resistance to disease, are obtained by the use of vitaglass.

WYOMING DISTRICT.

Jackson Hole is the name of a lake and a large basin in Lincoln county, Wyoming, south of Yellowstone National park. That region is almost always spoken of as Jackson Hole country.

GOT IDEA FROM POLO.

Hockey and the Irish national game of hurling are derived from polo, the most ancient of games with stick and ball, the earliest records of which are from Persia. The game flourished in India in the Sixteenth century.

Simple Way to Be Rid of Gas

PEOPLE who belch after eating may not realize that the cause is excessive gastric acid. Or may not have been told how easily this may be remedied. Quick and complete relief can be obtained by taking a little "Pape's Diapepsin" after eating or when pain is felt. Remember this for your comfort, and lest that constant gas on the stomach does not drift into gastritis!

"Pape's Diapepsin" instantly neutralizes the excess stomach acid and soothes, heals and strengthens the inflamed stomach lining, thus promoting normal, painless digestion and helping to prevent future trouble.

For many years millions have used and recommended "Pape's Diapepsin" for the speedy and sure relief of indigestion and allied stomach troubles. Follow their example! Get a 60-cent package of "Pape's Diapepsin" from any druggist; no matter how severe your stomach troubles you will get relief.

Reserve Officers Assemble Here

Annual Gathering Takes Place On Thursday Evening At Elk's Home

MAJOR BURNSIDES IS NEW PRESIDENT

December dinner meeting of the Shenango Valley chapter, Reserve Officers association of the United States held last evening in the private dining room of the Elks home, was well attended, members being present from all sections of the four counties which the chapter serves.

The affair was featured by the annual election of officers and addresses by Major C. B. Shaffer, 329th Engineers Reserve, vice president of the Pennsylvania branch of the Reserve Officers association, and Major Walter S. Moore of the infantry, regular army.

Elect Officers.

Election of officers resulted in the selection of Major Lewis E. Burnsides of Sharon, Pa., Engineers Reserve, as president for the coming year. He succeeds Major C. E. Imbrie, Butler, Pa., Medical Reserve.

The other officers selected are: First vice president, First Lieutenant John D. Kennedy, New Castle, Finance Reserve; second vice president, Captain R. C. Gregory, Grove City; third vice president, Lieutenant Colonel J. P. Leaf, Rochester, Pa., 52nd engineers; secretary, First Lieutenant Pat J. Dempsey, New Castle, Medical Reserve; treasurer, Lieutenant Paul A. Welsh, New Castle, Field Artillery Reserve.

It was announced at the meeting that the state meeting would be held May 30-31 and June 1 and 2 at Conneaut Lake, Pa. As many members as possible were urged to be in attendance.

The January meeting will be held January 23 in this city at the Elks home.

Major Shaffer Speaks.

Major C. E. Imbrie, retiring president, presided for the last time at the meeting held last night. Major C. B. Shaffer, vice president of the state branch of the United States Reserve association, was the first speaker and told of the preparations for the 1929 state meeting and the effort being made to have at least 500 reserve officers in attendance at the Conneaut Lake meeting. He urged the present members to go out and get those eligible to join but not yet affiliated, to become members of the local chapter. He stated that the Ohio state association will be invited to have its members attend the Pennsylvania state meeting.

The address of Major Walter S. Moore of the 99th division headquarters in Pittsburgh, addressed the group on the "Infantry Division". He illustrated his talk with drawings on a blackboard and conducted an examination of the various members in regard to such an army unit. His talk was instructive and helpful.

Those Present.

Those in attendance at the affair were Major J. R. Cooper, Medical Reserve; J. D. Perrine, first lieutenant, Engineers Reserve; J. D. Perrine, Medical Reserve; E. P. Reebel, second lieutenant, Ordnance; First Lieutenant J. D. Kennedy, finance reserve; First Lieutenant Robert M. Strickler, Jr., M. F.; Clair R. Sowash, first lieutenant, quartermasters corps; M. L. Ancient Redwood To Be Christmas Tree

(International News Service)

SANTA CRUZ, Cal., Dec. 14. — A Christmas tree that was 2,500 years old at the time of the first Christmas, will be festooned with electric lights this year and will be the center of Yuletide services attended by thousands of persons.

The patriarch of the redwoods near here, known as the "Giant" towers 306 feet in height, is 66 feet in circumference and contains some 425,916 feet of lumber—enough to build thirty 5 room homes.

Sentence Sermons

By Rev. Roy D. Smith, D. D.

WHENEVER—

You find a home breaking up you will find two sides to the trouble.

The church is closed up we will have to find something else to do the same work.

One honest man succumbs to temptation all the rest suffer for it.

A man begins pitying himself you have a "home-made failure."

The preachers begin quarrelling the people begin doubting.

Factories are built on playgrounds you will need more policemen.

You find a man pleasing everybody you find one who is mistaken somehow.

GOODYEAR PLANT FOR ALABAMA

(International News Service)

AKRON, O., Dec. 14.—The Goodyear Tire & Rubber Company's new southern plant will be built at Gadsden, Ala., it was definitely announced at Goodyear offices here today.

Rummers Row Has Moved Elsewhere

(International News Service)

BOSTON, Mass., Dec. 14.—The famous "Rum Row" of the New England coast has at last transferred its activities elsewhere, according to official coast guard report. Patrol craft in New England waters reported rum running ended.

The ships bearing "booze" for the Yuletide holiday are said to be off the Atlantic City, N. J., coast waiting for a foggy night.

French Prince Is Eager To Serve

(International News Service)

PARIS, Dec. 14.—Prince Henry of France, son of the pretender the Duc de Guise has just reached military age, but as one of the royal exiles he is forbidden to join the colors.

This annoys the Prince. In a written statement he professed intense eagerness to enter the Army merely to serve France and not in preparation for a mythical day when the House of Orleans will be restored.

He announced, therefore, that he has created a scholarship to be awarded annually to a cadet of the government military school.

DANGEROUS SITUATION IN ROAD REMOVED

OIL CITY, Pa., Dec. 14.—The dangerous situation at the junction of the Oil City road and the lakes to the sea highway at Salina is to be remedied. The Oil City Chamber of Commerce has purchased a house located at the intersection, is moving it away and will use the lot as the basis of a wide curve onto the road. This intersection is heavily used, in addition to Oil City, the Oil City road also furnishes a link in a short cut from the lakes to the sea highway and the city of Erie.

OF OLDEN DAYS

"I'm majoring in Greek. And you?"

"Latin."

"Well, we'll have to get together and talk over old times."—Wisconsin Octopus.

TELLS PUBLIC HIS AMAZING HEALTH SECRET

Uses Ten Herbs and Feels Better Than He Has For Twenty Years.

"I feel better now than I have during the last 20 years," was the statement of Mr. John W. Herbert, 543 Fair Oaks Street, McKees Rocks, Pa., (near Pittsburgh), to the Ten Herbs Man who is at Eckerd's of New Castle, , 30 East Washington Street,

MR. JOHN W. HERBERT

New Castle, where he is daily demonstrating this famous new herbal medicine to crowds of people. "The fact that I can hardly remember the time when I did not have stomach trouble, but now can enjoy a hearty meal without having any distress afterwards, will prove what Ten Herbs has done for me," continued Mr. Herbert, who is employed in the McKees Rocks shops of the P. & L. E. Railroad.

"I sought relief in all kinds of medicines, none of which did me any permanent good. Food did not digest properly, and my misery would start two or three hours after eating. Gas would form and I would bloat terribly. Gas seemed to roll around so much at night that it kept me awake. I was badly constipated. I was bilious and became so drowsy during the day I could hardly keep awake. There were pains across my back, which was so weak I could lift scarcely anything. I had rheumatic pains in my knees and they would shoot up to my shoulders. At one time they were so bad I had to quit work. The pains eventually played havoc with my nerves.

"I am a changed man since taking Ten Herbs. I am free of stomach trouble—no more gas or bloating. My bowels are regular. I used to have to arise at night but now that is a thing of the past. Biliousness and drowsiness have left me. The rheumatism in my knees and shoulders and the pains in my back have disappeared. My nerves are stronger, and I sleep better at night. I am on the job every day, with new strength, energy and ambition. If Ten Herbs can do all this for me, I think it can do it for others, and that is why I heartily endorse your medicine to the public."

The Ten Herbs Man is at Eckerd's of New Castle, Inc., 30 East Washington Street, New Castle, where he is daily meeting the public and explaining the merits of this medicine.

Mrs. Headings Goes On Trial

Only Men Are On Jury To Hear Evidence In Case

WITNESS TESTIFIES TO BUYING LIQUOR

Case of Mrs. W. W. Headings, charged with possessing and selling liquor, went on trial before Judge R. L. Hildebrand in court room No. 1 late this morning. In the selection of the jury, only men were accepted, being rather unusual at this term of court, where mixed juries have been the rule.

Attorney Thomas W. Dickey is acting counsel for the defendant, while District Attorney J. Elder Bryan is conducting the case fo rthe commonwealth.

But one witness had been examined when court adjourned at noon today, that being J. J. Laing, who admitted on cross-examination to have been in the employ of the county detective and district attorney's office for a period of about forty days for the purpose of seeking information against persons thought to be engaged in the illicit liquor traffic.

He told of going out riding in his own machine on September 15 between six and seven o'clock in the evening with Miss Kathryn Klee. They had gone to the home of Mrs. W. W. Headings, 11 West Edison avenue, he stated and Miss Klee after some ordinary conversation and introductions in the living room of the Headings home, had asked Mrs. Headings to bring a couple of pints of liquor. Mrs. Headings went upstairs, he declared and returned with two pints of bonded liquor. Miss Klee took one and he the other. He had not opened his bottle and identified one shown him on the stand by the commonwealth as that bottle.

They had spent perhaps half an hour at the Headings home, he said, then drove down street to the office of Miss Klee in the Dean Block. He had gone to a restaurant for supper, after that, he said.

Te then testified to returning to the Headings home the following day, which was Sunday, about 5 o'clock in the afternoon. He was accompanied this time by a Miss Daniels of this city. He had asked Mrs. Headings for a pint of whiskey and when she gave it to him, gave her four dollars in bills in payment. The price was $3.50 but Mrs. Headings had no change and he did not insist on his change, she stating she would give it to him later.

He and Miss Daniels had then driven to the outskirts of the city, where he opened the bottle and took a drink. He identified a pint bottle partially filled with liquor, when shown him by the commonwealth, as the bottle he had purchased on this occasion.

On cross-examination, he could not remember positively whether or not Mrs. Headings had accompanied he and Miss Klee down street on his first visit to the Headings home.

He admitted that he met Miss Klee through posing as a prospective concessionnaire at the New Castle Fair. He met her September 15 by appointment. He gave the name of Bobby Johnson and had a mustache at that time. He admitted using both Ohio and Pennsylvania licenses on his machine. He claimed Dixonville, the home of his stepmother as his place of residence, but stated that he had been travelling most of the time in the past five years. He admitted being married, but said he was not living with his wife at present, she residing in Butler county.

The case promises to be hard fought and will likely continue for some little time.

SMITH'S SUCCESSOR ENDS VACATION

New York's new governor, Franklin D. Roosevelt, has returned to the metropolis after his vacation in the south, ready to plunge into preparations for his inauguration, Jan. 1. He is shown upon his return with Mrs. Roosevelt and their daughter, Mrs. C. A. Doll.

Liquor Case Being Heard

Case of E. J. Houk, charged with possessing, selling and transporting liquor, went on trial in court room No. 2 before Judge James A. Chambers this morning. Attorney Clyde Gibson is acting as counsel for the defendant, while Acting District Attorney Mont Ailey is prosecuting the case. A number of witnesses were examined this morning. The prosecution still had one witness to present, when court adjourned about noon.

Army Field Service Building Destroyed

Army Field Service Building At Carlisle, Pa., Is Destroyed By $150,000 Fire

(International News Service)

CARLISLE, Pa., Dec. 14.—Army officers at the United States Medical Field Service School here today were attempting to determine the cause of the fire which swept building No. 9 last night, causing damage estimated at $150,000.

Three firemen were overcome by smoke while fighting the blaze which was confined to the one building. Thirty enlisted men of the quartermaster corps who were stationed in the building escaped before the flames had got beyond control.

Fire companies from nearby towns aided in fighting the flames which for a time threatened to spread to nearby buildings, but were brought under control early today. Explosion of blank ammunition which was stored on the first floor of the building hampered the firemen and many of the records of the quartermaster corps were destroyed.

Enforcement Sum Bitterly Fought

(International News Service)

WASHINGTON, Dec. 14.—The senate's "one-man" appropriation of $270,627,384 for prohibition enforcement will bring a "showdown," it was apparent today, on the question of law enforcement.

With the wets contending for the last several years that actual enforcement of the Volstead Act would require hundreds of millions of dollars, Senator William Cabell Bruce (D) of Maryland, by a coup, had the $270,627,384 appropriation incorporated in the treasury appropriation bill. He secured approval of his amendment while confusion reigned in the senate and scarcely a senator present realized at the time what he had accomplished.

To Take Letter Boxes Off Poles

Boxes In City Will Be Erected On Especially Provided Poles

Because of a recent order by the Bell Telephone company, some 65 or more mail boxes in various sections of New Castle will soon be removed from their present hangings and placed on a new concrete pole nearby.

Numerous letter boxes were taken from the telephone poles some time ago, but nevertheless there are at present some that occupy their old positions, these are the boxes that will be removed.

Accordingly, local postal authorities are taking bids for the transfer of about 75 concrete poles from a local railroad depot to the post office here, and then to the sections of the city where they are needed.

It is said that the reason for the shifting of the boxes from the poles comes as a result of a Bell company decision which maintains that their present locations on the poles present hazards to their workers. It is believed that there is a possible chance for injuries to the linemen when such an obstruction is below.

They say solitary confinement shortens life. But a fool idea seems to live longer under such conditions.

Sidewalk Contractor To Guarantee Work

Council today decided that owing to the nature of the grade it would be necessary for sidewalks to be built at the properties of Gusky, Morgan and Hendricks in Huron avenue. The notices were delivered some time ago. The contractor in bidding will be asked by the specifications to guarantee the sidewalks for two years as the work will be done this winter. Councilman Davis voted against the work being done this winter. Solicitor White said construction now might save the city money later if claims for damages for grading are presented.

AMERICANISM: Yearning to get big money without earning it; doing business with the fellow who has found the way to get it.

Another good way to improve your memory is to lend $10 instead of borrowing $10.

Yes—It Will Last

Ride hard, and a Goodyear Tire will stay with you for thousands of miles.

Ride easy, and a Goodyear Tire will stand by you month after month.

It really doesn't matter whether you pile up tire mileage all at once, or spread it out over the years—

Goodyear gives you the best service under every condition, all the time. They cost no more and often less than you are asked to pay for many inferior tires.

Next time you need a pair of chains, try our RUBBER CHAINS, put them on and leave them on all winter.

Stop in and Look Them Over.

Big Doings At the CAPITOL TONIGHT

Besides the regular big program of four good acts and fine pictures, the Capitol is indeed proud to present Jacques Van Ipe's Ballet and Concert Dancers, New Castle's own beautiful classic dancers—Something entirely different from anything that has ever been seen in New Castle before. There is going to be the usual big crowd and we suggest that you come early for a good seat. Admission remains the same.

SEVENTH WARD NEWS

Over Three Hundred Served At Church Supper In Ward

Approximately more than three hundred persons were served Thursday evening at a church supper event in the Mahoning Methodist church. The supper was held by the two ladies Missionary societies of the church, the Home and Foreign Missionary societies.

The supper tables were attractively decorated with Christmas decorations. There being poinsettias and Christmas baskets on the tables.

In the ladies parlor of the church a bazaar was conducted, by the same societies, where a fine display of fancy work, aprons, and etc., was on sale. Chairmans of the committees were as follows:

General chairmen for the supper were, Mrs. Joseph Gilmore and Mrs. George Meyer.

In charge of the kitchen were, Mrs. J. H. McIlvenny and Mrs. H. G. Coates.

Chairman of the dining room was, Mrs. Frank Gage.

Mrs. Henry Evans was chairman of the bazaar committee.

The candy booth was had by the King Herald band and the Home Guards.

The supper and bazaar event was very successful, a nice sum being realized which will be used for the benefit of the missionary societies.

NO PRAYER SERVICE

There will be no Cottage Prayer service this evening in the home of Rev. D. C. Schnebly, Newell Avenue, as was scheduled. Mrs. Schnebly is ill and it was thought best to not have the meeting.

MISS MORRISON ILL

Miss Dorothy Druschel was in charge of the branch library in the seventh ward on Thursday in the absence of Miss Alice Morrison, assistant librarian of the New Castle Public library who is ill.

SCOUT MEETING

The Kiwanis Boy Scout troop number 4 will have their scout meeting this evening in the Mahoning school building. C. T. Westfall is scoutmaster.

P. A. L. S. CLUB

Miss Harriet Truny of Winter avenue is entertaining the P. A. L. S. club this evening in her home.

Crescent Tonite. Double feature attraction. Bebe Daniels and Richard Arlen in "Feel My Pulse" and Arthur Lake in "Stop That Man".

Mabel Wilson Lodge Christmas Party Thursday Evening

Elect Officers At Business Meeting; Other News Notes Of Seventh Ward

Mabel Wilson lodge members to Brotherhood of Railroad Trainmen had several features of interest at their lodge meeting Thursday evening in the Daughters of America hall. Special features were a tureen dinner, exchange of Christmas gifts and election of officers.

At 6 p. m. the lodge members had a tureen dinner. A large number were present. Dinner tables were attractively decorated with Christmas colors. An elaborate menu was enjoyed. Favors were candy candles.

The dinner was a part of the lodge Christmas party and immediately following the members had exchange of gifts, and the treat from the lodge was given out.

Committee in charge of the arrangements for the Christmas party, Mrs. B. G. Freeburn, Mrs. Henry Thayer, Mrs. Edna McConnell, Mrs. Alice Taylor and Mrs. William Ellgass.

After the Christmas party a business meeting was conducted. The annual election of officers took place. There will be a joint installation of the officers of this lodge and the Brotherhood of Railroad Trainmen No. 955 next Thursday evening in the Daughters of America hall. The installation will be at 7:30.

An inspiring part of the program Thursday evening was the draping of the charter of Mabel Wilson lodge No. 567 as a memorial to Mrs. Fannie Baney, charter member of the lodge, who passed away recently.

The election of officers resulted as follows:

Past president—Mrs. Frances Johnston.
President—Mrs. Jane Campbell.
Vice president—Mrs. Rose Doone.
Secretary—Mrs. Mary Metzler.
Treasurer—Mrs. Cora Fisher.
Chaplain—Mrs. Grace Stokely.
Conductor—Mrs. Edna McConnell.
Warden—Mrs. Flossie Wilson.
Outer guard—Mrs. Pearl Taylor.
Inner guard—Mrs. Ouida Collingwood.
Delegate—Mrs. Pearl Taylor.
Alternate—Mrs. Cora Fisher.
Medical examiner—Dr. M. A. Swaney.
Councillor—Sam Taylor.
Pianist—Mrs. Nancy Thayer.
Legislative representative — Mrs. Cora Fisher.
Alternate—Mrs. E. M. Johnston.

CORRECTED

"Clorine," said her mistress, "I've heard about your hard luck and I'm terribly sorry."

"Oh, yes, ma'am—but dat's his hahd luck."

"Why—wasn't your husband killed in a railroad accident?"

"Oh, yes, ma'am—but dat's his hahd luck—not mine."—American Legion Monthly.

There's good in everything and the ultimate smash of the bull market will convince a lot of folks that gambling is wicked.

Card of Thanks

We wish to thank our friends and neighbors for sympathy and kindnesses expressed during the death of our Thelma.

What Are Chief Duties Of City Librarian? Well Here Are Some Of Them!

Just what the duties of a full fledged librarian are is the question asked by the librarians of the New Castle public library.

According to the statement of librarians at the local library, there is no limit to the things which a library keeper is asked to do, regardless of whether it be in the field of books of corn husking. It seems that all persons flock to the library and ask, regardless of what the matter is, for the answer.

For instance the other day a request came in asking the librarians to aid in locating a missing person. The next day a man came in and casually inquired if one had to pay a poll tax in the state of Ohio.

Another day a lady arrived at the library and asked that they identify a Lone Wolf picture. And then again, the staff had to identify a number of copies of old sculpturing.

This is but a sample of the things that are met every day at the local library. In addition to this, people come in and inquire for such things as how many horses were shot in the battel of Bull Run, or did Lincoln shave before he was 16, or some such question.

The majority of things have a certain specific place where one may find them but the trick is to keep in mind all of those places.

It is all in the day's work at the library, however.

Lightning Rod Inventor Also Fathered Broom

CHICAGO, Dec. 14. — The inventor of the lightning rod today was given credit at the annual meeting of the National Broom Manufacturers' Association for introducting the broom in America.

Frank F. Collins, Arcola, Ill., secretary of the association, said records found in a diary in North Hadley, Mass., showed that a woman acquaintance of Benjamin Franklin sent him from India a whisk broom with broom corn seeds on the stalks. Franklin planted the seed and passed the stalks among his friends, making round brooms by winding thread around several stalks.

During the present heavy demand for rabbit skins, some trappers in Otago, N. Z., are making $250 a week profit.

Kills 40, Now Sub Aids Life Saving

S-4 To Lie On Sea Floor For Tests Of New Safety Devices

WASHINGTON, Dec. 14.—The submarine S-4, which carried 40 men to their deaths off Provincetown, Mass., last December, will lie on the ocean floor again—this time on a mission of mercy.

The undersea craft has been refitted for tests of newest safety devices which are to begin at New London, Conn., submarine base.

The S-4 will be sunk off New London and raised to determine its seaworthiness.

From New London, it will be towed to Key West, Fla. In the warm Florida waters in January, the S-4 will be lowered to the sea's bottom about 100 feet below the surface.

First tests will be with the new device, "the lung", a compact breathing apparatus which fits neatly over a man's nose and provides an ample supply of air during the rise to the surface. The men will ascend hand over hand, by means of a cable.

Then will come tests of the new type bell buoy which is capable of raising ten men. It will be lowered and fitted tightly over the main conning tower of the S-4.

By means of special bulkheads the men will be able to flood partially some of the submarine's compartments. The hatch over the conning tower will be lifted then and they will emerge into the buoy.

Air will be pumped into the buoy from above, forcing water from its interior and the buoy will be raised slowly by a small derrick.

The experiments off Florida are expected to require about three months.

Ten Children Wished On Young Wife With One, She Tries Suicide

NEW YORK, Dec. 14. — Mrs. Pearl H. Nerdinger, 24, of No. 991 Garfield avenue, Jersey City, left City hospital accompanied by a policeman whose instructions were to keep her from committing suicide.

She had taken poison thrice. After her third attempt Patrolman Wilson was assigned to watch over her.

"I'll try again if I get the chance," Mrs. Nerdinger threatened. "If you want to know why, look at what I have to put up with at home."

Two months ago her mother died in Ohio, Patrolman Wilson was told. Her father and ten younger brothers and sisters came to live with her, her husband and child in their five rooms.

"It gets on my nerves," Patrolman Wilson reported Mrs. Nerdinger as saying. "I can't stand it."

Her husband is a garage worker. Patrolman Wilson was at the residence, attempting to bring about some kind of understanding.

Face All Broken Out?

Are you, too, one of those who have tried one thing after another for the skin, yet without results? Then try this simple treatment—used by thousands with amazing success. Rub on a little Resinol Ointment at night; wash off with Resinol Soap in the morning. You will be surprised at the QUICKNESS with which it acts. The Soap also to keep the complexion constantly clear and soft. *At all druggists.*

For free sample of each, write Resinol, Dept. 30, Baltimore, Md.

MASTER THE ART OF SAVING

Saving with some people is a knack, but with most of those who succeed it is an art acquired through practice.

"Art," says the dictionary, "is the application of knowledge; the exercise of skill; a system of rules and principles for attaining a desired end."

To become skillful in the art of saving, as in playing a musical instrument, carving a statue or fashioning with tools things of beauty and ability, requires practice and a will to succeed.

Saving is a means to ten thousand ends. The realization of almost every personal ambition, the possession of things longed for, depend on money one has saved, and upon habits which control his use of money.

ATWATER KENT RADIO

$77

(without tubes)

MODEL 40 A. C. A powerful, compact, all-electric receiver in a beautiful shielding cabinet. FULL-VISION Dial. Uses 6 A. C. tubes and 1 rectifying tube. Without tubes, $77.

MODEL 41 D. C. Without tubes, $87.

Now at

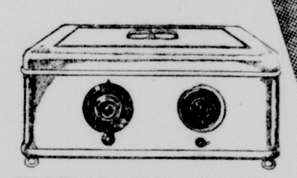
Acts like a high-priced set because it's made like one

IN the 15-acre Atwater Kent factory they spare no efforts to make the finest receivers possible; the best materials and workmanship are used—with thousandth-of-an-inch accuracy. In the course of manufacture every Model 40 has to pass 222 searching tests or inspections—including actual reception of broadcast signals before they say: "It is finished."

No other manufacturer works more carefully. No other manufacturer enjoys such a great degree of public confidence. 2,000,000 families already own Atwater Kent Radio—and 33,000 more are joining them every week!

The savings of careful, big-scale production are passed on to you in the lower prices. All-electric Model 40 is only $77 without tubes. Its fine tone, power and range, the speed and accuracy of its FULL-VISION Dial, its beauty, and its remarkable dependability would make it popular even at a higher price.

You save money when you select your Atwater Kent all-electric set here. And you gain a new world of entertainment and pleasure through its flawless performance.



MODEL 42 A. C. FULL-VISION Dial. Uses 6 A. C. tubes and 1 rectifying tube, with automatic line voltage control. Without tubes, $86.

Clearing House For All Christmas Charity Established In City

A clearing house for all Christmas charity was established by the Community Round Table discussion group when they met Thursday afternoon in the headquarters of the Associated Charities at 8½ East street.

Realizing the immense amount of charity work that is done in New Castle at the Christmas season, the group thought that their action will serve materially to check the amount of duplication which is always noticed at the Christmas season, and will also provide for every needy family of New Castle.

Briefly, the idea of the group is this: that everyone who is contemplating the giving of charity this year—whether it be an organization, a church or an individual—is requested to submit the names of the people they wish to give baskets to the Associated Charities, the Salvation Army, the City Rescue Mission or the American Red Cross, so if there are any duplications in effort, they will be ironed out, and every needy family in New Castle will be assured of a Christmas basket. The names of the people to whom charity is given, of course, will be held in strict confidence by the members of the different organizations, in keeping with their former policies.

That all people who are giving charity at this time of year should get the names of the people to whom they are giving to the officers of these organizations as quickly as possible is the wish of the board. This should be done so that the list of names can be checked over very carefully and all duplications eliminated.

When the Round Table was created about six months ago, its chief function was to circumvent duplications in giving charity, and this action is in keeping with its general policy.

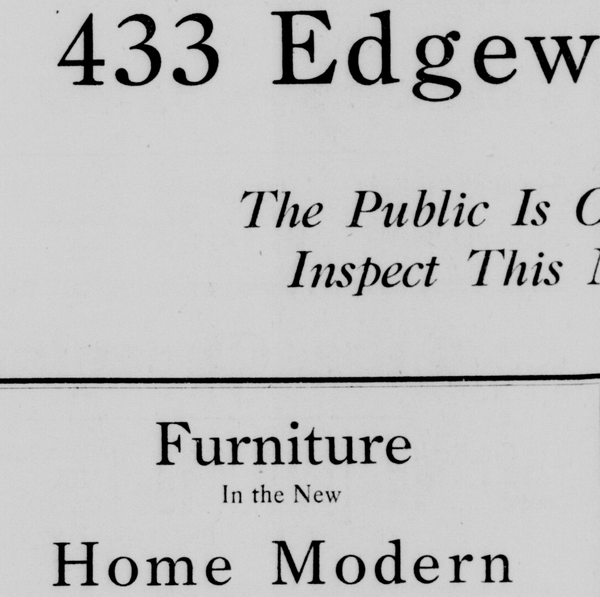
Chicago Gas Tank Becomes Air Beacon

(International News Service)

CHICAGO, Dec. 14.—A combination gas holder, which in layman's language is a tank, and an aviation landmark will be put into service here in December by the Peoples Gas Light & Coke Company it was announced.

The holder will be the largest in the world, having a capacity of 20,000,000 cubic feet of gas. It will be 416 feet high and topped by a 70-foot red-light tower. It will be painted, lighted and otherwise made a beacon and guidance for aviators seeking the municipal airport, near which the holder is situated.

WOUNDED AS 200 [illegible] TRAP YOUTH



Holding off 200 policemen for more than four hours by staging a gun battle from a three-story brick house in Chicago, where he sought seclusion, Ernest Whiterust, an 18-year-old negro, was finally brought down with 30 bullets in his body. He died later in a hospital. Eight policemen were wounded during the battle. Photo shows Officer Michael Langan and Sergeant Andrew Aitkin, with inset of Officer Edward J. Fontaine, three of the policemen wounded.

GREAT RUSSIAN FAIR.

The Peter Paul fair is the greatest of the fairs held at Nizhnii-Novgorod, Russia. It continues from the first week in August until the last of September. This city on the Volga is celebrated for its fairs.

Queen Victoria's toys were recently put on exhibition at the State apartments of Kensington Palace.

Mexican department stores are starting a drive in favor of Mexican-made merchandise.

Big Lights Planned For Night Football

Notre Dame And Drake To Play Under 60 Thousand Watt Lights

(International News Service)

CHICAGO, Dec. 14—Sixty thousand watts will be used to light immense football field where Notre Dame and Drake will play a night game of football next season.

The contest is scheduled November 9, 1929, in Soldier Field, where Jack Dempsey was defeated by Gene Tunney, heavyweight boxing champion.

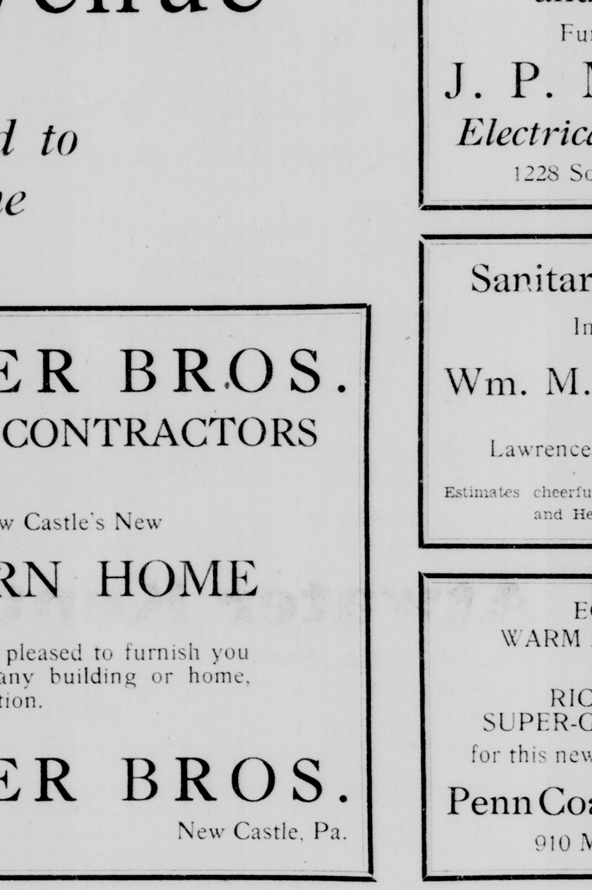
Telephoto of Stirring Sea Rescue



The above picture shows U. S. sailors rescuing members of crew of palatial fishing barge Blue Seas, which came to grief several hundred miles off San Diego. The sailors may be seen untying two of the exhausted men. One of the pair later died.
(International Newsreel and A. T. & T.)

Hundreds Visit New Modern Home

Saturday And Sunday Are Final Days For Inspection

New Castle's New Modern Home opened to the public for inspection this week at 433 Edgewood Avenue has attracted hundreds of people. This new home, a colonial type, is modern throughout and has been entirely furnished for public inspection week.

Many new novelty effects are to be noted both inside and outside. New finishes, appliances, furniture, equipment, etc. that represent the latest are shown in abundance in this attractive home.

This cozy home, containing six rooms, breakfast nook and bath is of average size and one that appeals to the medium class of people.

Those who were interested in the construction are inviting the general public to visit this new modern home. Final inspection day, tomorrow and Sunday.

WRIT OF REPLEVIN

Day & Maddock company have secured a writ of replevin in court against Smith and McQuiston, Inc., in which they seek to secure a ten ton Kelly-Springfield three wheeled steam road roller valued at $600. Day & Maddock have posted bond in the sum of $1,200.

OLD CANAL.

Records indicate that the famous Grand canal of China was one of the earliest canals in the world. It was built about 540 B. C. and was approximately 100 miles long.

Woman Explorer Finds Arabs Are "Honest And Wise"

Daughter Of Vienna Scientist Brings Back Data Concerning Sahara Tribes

By ALFRED TYRNAUER
International News Service Staff Correspondent

VIENNA, Dec. 14.—Miss Julia Wagner-Jauregg, daughter of the world-famous Vienna scientist Prof. Julius Wagner-Jauregg, winner of last year's medical Nobel-prize, is back in Vienna, after leading a hazardous expedition into the heart of the Sahara desert.

The pretty young girl explorer brought with her interesting data concerning the habitation and customs of the Arab tribes in the Algerian Sahara. Her camel-caravan proceeded through regions where no European women and but very few men had set foot before her. She learned to talk and to understand the nomads of the desert, and she found them so honest and wise that she decided to return to them every year for a few months.

She has built a small house in the oasis El Golea, "the paradise," a dense and tall date plantation inhabited by the noblest and wisest Arabs, Miss Julia met during her wanderings. Although fanatical followers of the great Prophet, their women enjoy more freedom, than those of any other Moslem tribe.

Miss Julia intends to publish a book on her adventurous life in "The Paradise," in the near future.

Wales Pays Own Expenses On Trip

Heir To British Throne Pays Own Way On South African Tour

(International News Service)

LONDON, Dec. 14.—The Prince of Wales, England's popular heir to the throne has, it is understood, established an important precedent by declaring his intention to bear the cost of his present African tour out of his private fortune.

This expenditure is estimated at approximately $25,000, and includes transportation, gratuities, special equipment and camp provisions.

The Prince's original intention in visiting Africa was to secure a carefree holiday, but he characteristically agreed to participate in receptions and entertainments appropriate to an official visit.

Hitherto the cost of all visits having an official nature have been borne by special Parliamentary grants, but inasmuch as the visit primarily was intended to be a holiday trip, the Prince, it is stated, has felt the proper thing for him to do would be to bear the cost. The Prince's latest gesture will increase his popularity here.

City Votes Sum To Aid Community Tree

Council today voted four to one to make an appropriation of $100 for some of the equipment to be placed on the community Christmas tree, public square. Councilman Burns voted negatively.

Council intimated that if the city could not legally give the money it might be furnished by contribution.

Council took the action as the result of a delegation of women from the Women's club appearing before council. Mrs. H. M. Kirk said the tree was a community project.

They recited how they had struggled to keep the tree on the Diamond annually.

Councilman Reeves offered the motion to make an appropriation and Tyler seconded the motion.

After two years of at least partial idleness workers in linen mills of Northern Ireland are being kept busy nearly all the time.

A shark eight feet long was recently caught in a net in the River Hooghly, Bombay and presented to the Asiatic Museum in Calcutta.

French Prince Wails Because Army Bars Him

Pretender To Throne Of Nation Cannot Serve "Like Rest Of Boys"

By ALICE LANGELIER
International News Service Staff Correspondent

PARIS, Dec. 14—A poor little French Prince, son of the Duke de Guise, present Pretender to the throne of France, has recently made a sorrowful announcement in the royalist journal, "L'Action Francaise," expressing his great regret at being unable to serve his term in the French Army like other French boys of twenty years.

The law of exile forbids the French prince to live on his native soil as long as his father makes pretentions to the crown. Prince Henri of France lives with him in a quiet spot near Brussels where they have a chateau in summer, usually going to their large property in Morocco during the winter months.

"Finding myself unable to serve in my army," declares the prince, "I wish to help my more fortunate comrades, able to consecrate their young lives to their country. At the moment they are joining their regiments, I shall follow them in thought and pursue my military education under the private direction of General De Gondrecourt in the honorary service of the Duke de Guise."

Prince Henri, who has just celebrated his twentieth birthday has recently overturned to a military association a large sum of money, destined to create every year a scholarship which will be given to the best pupil in the Ecole Militaire.

The young Prince's sister, Francoise Isabelle Louise Marie, has also been in print lately, because of her engagement to Prince Christopher of Greece, which will probably take place next spring. She is six years older than her brother and more fortunate in being able to remain in France when she likes. She very often makes appearances with her pretty mother who apparently has great aspirations to the throne, and joins with her and her younger sister, Anne, in large "royal" receptions, thought to be stepping-stones in attaining popularity throughout the country which has banished kings.

Princess Francoise-Isabell spends her time quietly between the estates in France, Belgium and Northern Africa. The Prince she intends to marry has also tasted exile being the son of King George I, deposed in 1924. His mother was Grand Duchess Olga of Russia and the Prince was born in St. Petersburg. He married the widow of William B. Leeds who died in London several years ago. The Prince's uncle, Prince Valdemar of Denmark married his future wife's aunt, Princess Marie d'Orleans.

PAYS INSURANCE

Council today approved a bill of $295.81 due James L. Rocks for fire insurance on the new fire truck, in South Jefferson street fire station.

May Be Compelled To Close Bridge

At the office of the county commissioners this morning, it was stated that the first bridge from Ellwood City toward Wurtemburg, when first constructed, was a two runway affair.

It has become necessary on account of the condition of the bridge to make it a one-way traffic bridge and signs to that effect were placed in position at the bridge today.

It is hoped that the public will cooperate with the commissioners in observing this regulation, because if this is not done, the commissioners will be compelled to close the bridge to all traffic until such time as iron can be secured for a new bridge at that place.

COMETS IN YEAR 1927

Ten comets became visible in 1927 and four which had made their appearance a year or more before the beginning of 1927 continued visible during part of that year. These were all telescopic comets except Skjellerup's and the Pons-Winnecke comet which was barely visible to the naked eye for a few evenings.

CAUSE OF WINDS

Winds are due to the tendency of air to pass through a place of higher to one of lower pressure, as along the earth's surface, toward a place where the heat of the sun has caused an ascending current.

More children are killed from swallowing pins than by "unloaded" guns, according to statistics recently compiled.

Motorman Dies In Car Collision

(International News Service)

LANCASTER, Pa., Dec. 14.—The motorman of one car was killed and the operator of another car was seriously injured when two trolley cars crashed head-on at Hauser's Lane near here Thursday.

The dead man was P. R. Henry, 34, of this city. Joseph Erenprall, 54, also of Lancaster, motorman on the second car, was in a serious condition in a hospital here. A score of passengers on both cars were cut and bruised, but none was reported seriously hurt.

The cars were said to have been traveling at a high rate of speed when the crash occurred. Erenprall said that a heavy fog made visibility poor at the time of the accident while officials announced they were investigating a report that a defective switch was a contributing cause of the accident.

Elect Strickler As Treasurer

Finance Committee Of Visitation Evangelistic Campaign Has Meeting

PLANS PROGRESSING FOR CITY CAMPAIGN

ROBT. M. STRICKLER, JR.

At a special meeting of the finance committee of the New Castle union visitation evangelistic campaign called by the chairman, Rev. H. C. Weaver, pastor of the First M. E. church, Robert M. Strickler, Jr., of the First Baptist church was elected secretary and treasurer.

The other members of the committee are Frank Bovard of the Second U. P. church, Robert M. Garland of the Trinity Episcopal, Charles Bright of the Central Presbyterian church, J. H. Nelson of the Grace M. E. church, D. A. Palmer of the Third U. P. church, Mrs. C. E. Hough of the Bethany Lutheran, N. E. Clark of the Epworth M. E., Capt. M. L. Craig of the St. John's Lutheran, John Nothdurft of the First Presbyterian, Thomas H. Hartman of the First U. P. church, H. T. Lee of the Highland U. P. church, George Heitsch of the St. Paul's Lutheran, H. B. Williams of the Reformed Presbyterian church, John Davis of the First Congregational church and Franklin F. Miller of the Croton M. E. church.

The purpose of the finance committee is to collect the apportionment requested from all of the cooperating churches for the visitation evangelistic campaign and to oversee the disbursements both to Dr. Earl A. Kernahan, who has charge of the campaign, and other incidentals that must be taken care of.

The amount requested from each church is relatively small in comparison with the scope of work, and this is made possible by the large number of churches cooperating.

The apportionment for each church was based on two things: the number of families in the church and the benevolent budget. A number of churches have already paid their apportionment and a strenuous effort is being made to collect the entire amount during the month of December so as not to be hampered by lack of money to meet the various exenses when they fall due.

Letters have been mailed out to the pastors of the various churches of the city as well as all members of the finance committee by Rev. George M. Landis, pastor of the First Baptist church, who is secretary of the general committee. These letters give the apportionment for each church and outline briefly the benefits that will come as a result of the campaign.

The finance committee believes that the small investments the various churches will make will yield encouraging returns as the visitation evangelistic campaign to be sponsored in New Castle is workable, having been forged on the anvil of experience from surveys made in many cities the country over. The purpose is to discover the unchurched and to win them to Christian decision and church membership.

Doctor Lived To 109 By Keeping Body In Longitudinal Position

VIENNA, Dec. 14.—A certain Dr. Julius Tichwehr who recently died here at the age of 109 often declared that the sceret of his longevity consisted in taking a horizintal position as often as possible during the day and naturally every night.

Whenever it was possible throughout the day he would place his head in the direction of the North Pole and the remainder of his body parallel to the meridian line.

The doctor affirmed that this position corresponded to the direction of the magnetic current runnig through thes urface of the earth and thus permitted a kind of magnetism of the iron mass contained in the body.

Indiana Planning To Abolish Fee System

(International News Service)

INDIANAPOLIS, Dec. 14.—Readjustment and standardization of salaries of all Indiana public officials with elimination of the fee system will be proposed to the next session of the state legislature, Lawrence F. Orr, chief examiner of the state board of accounts, has announced.

Following a survey of salaries paid county and township officials, it was learned that a number of local officials were grossly overpaid. For instance, in one year, the prosecutor of Lake county, where the Calumet industrial district is located, collected $125,000, upon the fee basis, a compensation greater than that paid to the president of the United States. The treasurer of Marion county in which Indianapolis is located, last year garnered $61,000 in fees, whereas his salary is only $5,000.

TO CELEBRATE TIDE WATER'S FIFTIETH ANNIVERSARY

Platoon System Partly In Use

Many Variations To Original Platoon System In Local Schools

A statement which might be interpreted that the New Castle school system is not platoonized but rather departmentalized was heard at a meeting of the school board which took place Thursday evening in the East street administration building.

In his report on the subject of platoon schools Dr. C. C. Green, superintendent of New Castle's school's it was stated that, while New Castle has been reputed to have all of her elementary schools organized on the platoon school basis for a number of years, as a matter of fact many variations have crept in until some of our schools bear little resemblance to the standard type of platoon schools.

To clarify the situation, Dr. Green's report continued, we are designing the schools which may be properly called platoon schools and those which are not organized on that basis.

Mrs. J. C. B. Douthett stated that in many of the schools she had heard complaints to the effect that children had to carry their wraps from room to room, and asked for some explanation of the fact.

That this was not necessary was the reply of Dr. Green, as classes changed from the home room to the other rooms at 10:30 in the morning and again in the middle of the afternoon. However, Dr. Green said, the pupils could always leave their wraps but some of them preferred to take the wraps along with them as a protection against theft. This is not a strong criticism of the system, he declared.

The right way to change is at 10:30 and in the middle of the afternoon Dr. Green said, so that the pupils would only have to carry their wraps the least possible. It was also pointed out that there must be at least 12 teachers for a true platoon school, and that is why some of the schools in the city, particularly the Lawrence, do not operate on the platoon basis. No action was taken by the board on this matter.

Henry Home Tax Exoneration Before City School Board

Home May Be Placed On Non-Taxable List For Future

Action prior to the remitting of school taxes for the Margaret L. Henry home was discussed at a meeting of the New Castle school board which took place Thursday evening in the East street administration building.

Roy W. Hazen stated that it was customary to remit the taxes of the home, and that they must be disposed of in some manner. However, Mr. Hazen said that it was customary for the president of the board of directors of the home to ask that the taxes be remitted, but that this had not been done to date. If the taxes are not remitted, it was stated, an effort must be made to collect them.

Lewis McClung, city treasurer, who was present at the meeting, stated that it was customary to exonerate the home from taxes, and that he had called C. C. Robinson, president of the home's board, on the telephone, and that Mr. Robinson had said that he would ask for an exoneration. However, no such request has been presented to the board.

Charles H. Young, president of the school board, declared that in his opinion, the city council should put the home on the non-taxable list so that the school board would be relieved of any action. Mr. McClung then asserted that he would take the matter up with council, and discussion was closed.

Election Bet Is Paid In China

Photographers Follow Men As One Hauls Other In Rickshaw

(International News Service)

SHANGHAI, Dec. 14.—To settle a $50 election bet, Josepeh Suzmann of New York exposed himself to the derision of Shanghai by hauling Charles Burnett, a 230-pound member of the crew of the U. S. S. Pittsburgh, the entire length of the Nanking road in a ricksha.

Suzmann was attired in a tuxedo and top-hat. An army of photographers accompanied the procession.

Burnett, who is a fourth-class baker aboard the Pittsburgh, hails from California, while Suzmann is a native of New York's East Side.

Buy Supplies For City Schools

Requisitions for the school system amounting to $1,408.72 were approved by the New Castle school board at a meeting which took place Thursday evening in the East street administration building.

An electric glue pot was requisitioned for the Mahoning school, and, for the high school, microscopic accessories, text books and 410 lithographed diplomas were approved.

The trade school will get 1,000 feet of bass wood, while the dental clinic requested three operating gowns. For stock flags valued at $67.98 will be bought as well as paper towels, pen paper and sweeping compound.

More than 250,000 boys and girls took part in the All-England Championship athletic contests held in London this year.

HIGH LIGHTS OF HISTORY

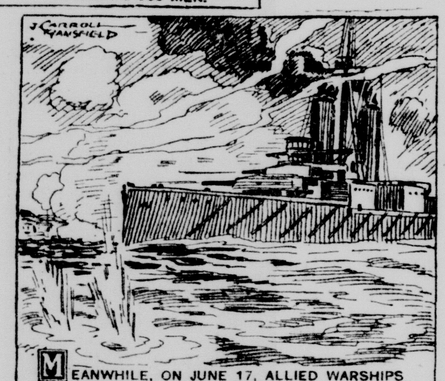
By J. Carroll Mansfield

The Story Of The Boxer Rebellion
The Attack On The Legations

CONVINCED THAT THE IMPERIAL CHINESE GOVERNMENT WAS EITHER IN LEAGUE WITH THE BOXERS OR OVERAWED BY THEM, AND KNOWING IT WAS FUTILE TO LOOK FOR HELP FROM THAT QUARTER, THE FOREIGNERS WHO HAD GATHERED FOR COMMON DEFENSE AT THE BRITISH LEGATION IN PEKING BEGAN ERECTING FORTIFICATIONS, FIRMLY RESOLVED TO SELL THEIR LIVES DEARLY.

AT FOUR O'CLOCK IN THE AFTERNOON OF JUNE 20, 1900, THE BOXERS AND CHINESE SOLDIERS OPENED FIRE ON THE FOREIGN LEGATIONS AT PEKING. THIS ATTACK MARKED THE BEGINNING OF A LONG AND MEMORABLE SIEGE.

JUNE 10TH, A RELIEF COLUMN OF 2,000 MEN OF VARIOUS NATIONS, INCLUDING SOME AMERICANS, HAD SET OUT FROM THE COAST TO RESTORE COMMUNICATION WITH PEKING. THIS FORCE MET WITH SERIOUS RESISTANCE, AND ON JUNE 26 FELL BACK TO TIENTSIN (40 MILES FROM THE COAST), AFTER LOSING 300 MEN.



MEANWHILE, ON JUNE 17, ALLIED WARSHIPS HAD SHELLED AND CAPTURED THE TAKU FORTS AT THE MOUTH OF THE PEI-HO RIVER. REINFORCEMENTS WERE SENT TO THE INTERNATIONAL FORCE AT TIENTSIN, WHICH RESUMED THE OFFENSIVE ON JULY 14, AND DROVE THE BOXERS FROM THE NATIVE QUARTER OF THE CITY.

Basketball Card At Senior High Announced

Eleven Contests Already Carded

"Several Important Floor Games Are Pending And May Be Scheduled," Says Gardner

CANDIDATES LOOK GOOD IN PRACTICE

By "BUGS" WALTHER.

Eleven basketball games have already been scheduled by Faculty Manager Ralph H. Gardner for the Senior High 1928-29 floor season. It is likely that several more games will be added to this list as there are many pending. The schedule was drawn up independent of the W. P. I. A. L. and so far includes but three league schools.

New Castle's first floor encounter for the year will take place at Altoona High on December 21 according to present plans. Gardner is trying to arrange a two or three day trip for the basketeers and may get a game at Hollidaysburg.

The initial basketball game in Senior High will take place on New year's night January 1 with Grove City high the opponents, according to the card anounced today.

Several Games Pending.

"All told 16 games are either scheduled or pending with possibilities of being carded" said Gardner. Definite word on several of the doubtful games will be learned in a few days.

Only two of the old Section III rivals will be met in basketball, Butler and New Brighton. Aliquippa high is the only other W. P. I. A. L. team on the program at present.

Braddock, Westinghouse, Schenley, Meadville and Akron South of Akron have asked Gardner for games on the New Castle schedule but as yet no dates have been available for these schools.

Games with Erie East at New Castle and Aliquippa at Aliquippa are also pending according to Gardner. When the schedule is finally completed New Castle will likely have about 20 basketball games.

Both South and Rayen of Youngstown have approached New Castle in the matter of exchanging basketball courtesies and it is likely that a home and home agreement can be made with both teams this winter.

Candidates at Work.

Coach Bridenbaugh has a squad of about 30 men working out each night at Senior High gym and the outlook for a fast combination is very encouraging. Six veterans from the Section III championship team of last year are back in school and will form the nucleus of the squad this season .The veterans are Ostrosky, Sillman, Cuba, Johnson, Alexander and Fenati.

Several of the young candidates are showing up fine and Bridenbaugh expects to have a varsity team working smoothly by the middle of next week. While the boys are hard at work in he gymnasium Ralph Gardner is also busily engaged in his office in scheduling his indepedent games.

The following is the tentative floor schedule for 1928-29.

Dec. 21—Altoona High at Altoona.
Dec. 22—Hollidaysburg at Hollidays burg. (Pending.)
Jan. 1—Grove City High, here.
Jan 4—Erie East here. (Pending).
Jan. 8—Aliquippa High here.
Jan. 11—New Brighton, here
Jan. 12—Altoona, here.
Jan. 18—Youngston South at Youngstown. (Pending).
Jan. 22—Butler High, here.
Jan. 25—Open.
Feb. 2—Youngstown Rayen at Youngstown. (Pending).
Feb. 5—New Brighton at New Brighton.
Feb. 9—Youngstown South, here. (Pending).
Feb. 15—Butler High at Butler.
Feb. 22—Erie East at Erie.
Feb 23—Erie Academy at Erie.
Mar 1.—Grove City at Grove City.

Penn State Plays N. Y. U. Next Year

Nittany Institution Schedules Two New Teams For 1929 Card

(International News Service)

STATE COLLEGE, Pa., Dec. 14.—Penn State's football team will play New York university in place of Notre Dame in 1929, while two new opponents will appear in the opening games.

Niagara university and Marshall college, West Virginia, are the newcomers to the Nittany grid card. Bucknell, which has always appeared on the Penn State schedule in an early season game, has been moved to eighth place on the grid program.

Because of scheduling difficulties, Gettysburg, a traditional rival, does not appear on the 1929 program which was approved by the faculty committee and the board of athletic control.

The schedule follows:

Sept. 28—Niagara U. at home.
Oct. 5—Lebanon at home.
Oct. 12—Marshall college at home.
Oct. 19—New York U. at New York.
Oct 26—Lafayette at home (homecoming day).
Nov. 2—Syracuse at Syracuse.
Nov. 9—Pennsylvania at Philadelphia.
Nov. 16—Bucknell at home (Pennsylvania day).
Nov. 28—Pitt at Pittsburgh.

HER POINT OF VIEW.

Teacher: "Dear don't you want to grow up so that everybody will look up to you?"

Little Girl: "Oh no miss, I want to grow up so that everybody will look round at me."

New Castle High Is Besieged By Schools Seeking Grid Games

Faculty Manager Ralph H. Gardner Busy Arranging Strong 1929 Football Program

Washington, Greensburg, Youngstown South, Grove City And Aliquippa On Card

BY "BUGS" WALTHER

Faculty Manager Ralph H. Gardner of Senior High is busier than a one-armed paper hanger these days. Right in the midst of arranging a basketball program, the energetic faculty manager finds himself besieged with high schools asking football games with the powerful New Castle High team.

No definite schedule has as yet been arranged by Gardner, but it is assured that Washington High will have the Thanksgiving Day game here in 1929. Greensburg High is to play at New Castle in November. South High of Youngstown will be met at Youngstown sometime in November.

Grove City High will again have a football date here, and may open the season next year late in September. Gardner intimated that Westinghouse of Pittsburgh would likely be back here next season. Aliquippa High will probably appear at New Castle.

"Foxy" Miller, head-coach at Turtle Creek Union, has been after Gardner to give the Turtle Creek team a date at New Castle. An effort is being made to get Turtle Creek here in October.

No Trouble Getting Games

There are any number of high school teams in western Pennsylvania, eastern Ohio and West Virginia willing to play New Castle in football. Martins Ferry, Ohio, is after New Castle for a grid game. The Martins Ferry team this year was of championship calibre and it was thought for a time that a post-season game would be arranged between New Castle and Martins Ferry would be arranged but negotiations fell through and both teams decided to end their seasons on Thanksgiving.

New Castle to be in the running for the W. P. I. A. L. football title next fall must schedule six leage teams, according to a new ruling of the league moguls. A completed grid card will likely be announced by Gardner by the first of the new year. Whether or not Rayen High of Youngstown will be met on the football field next year is not definitely decided as yet, although it is understood that both schools are giving the idea serious thought.

Last Nights Fights

(International News Service)

AT SALISBURY, N. C.—Ad Warren, ex-football player, knocked out Bill Jordan, Salisbury heavyweight (2).

AT McKEESPORT, PA.—Howard Mayberry, Canadian bantamweight champion, stopped Jack Gentile, Philadelphia (1).

AT HARTFORD, CONN.—George Hoffman, former national amateur heavyweight champion, won from Al Schooner, Easthampton, on foul (3).

AT JERSEY CITY—Willie Lamorte, Newark, N. J., stopped Routier Parra, Chilean boxer (3).

It is estimated that the municipal election cost the city about 30 cents a vote. Defeated candidates aver that the price is too high.—The Hamilton, Ontario, Spectator.

Bear Facts — By Feg Murray

When Mr Bill Alexander's "Yellow Jackets of Georgia Tech go west to sup the honey in the Rose Bowl at Pasadena on New Year's Day they will find awaiting them a reception committee o rough grizzly bears who also like honey. And it will take all the wits and speed and power of the boys from the south to prevent the California team from "Marching through Georgia' just as the Bears' Coast Conference brothers the Trojans of Southern California, the Beavers of Oregon State and the Redmen of Stanford, marched through their intersectional opponents, Notre Dame, New York University and Army respectively.

Led by Irvine Phillips the best end California has had since Brick Muller and coached by Clarence M. (Nibs") Price whose team has not lost to a college opponet all season the Berkley Bears are a formidable array as South California and Stanford can testify.

When "Nibs" Price was assistant to the late Andy Smith he learned a lot of football. Naturally there were lean years when he first took over the reins as Smith's last team was a weak one. But the pendulum has begun to swing back to California and the 1928 season was a very good one. Price graduated from California in 1914 and became a very successful coach at San Diego high school. Andy Smith's "wonder teams" of 1920 and '21 were made up mostly of boys coached by "Nibs' at San Diego.

So watch out, Yellow Jackets. All that glitters is not your honey not with those Golden Bears in the Rose Bowl too.

The Yellow Jackets of Georgia Tech should use Pop Warner's "Formation Bee."

Metropolitan Newspaper Service, New York City.

Sharkey-Stribling Signed To Battle At Miami Beach Florida

Tex Rickard Takes Championship Contenders Away From New York For Fight

Sharkey Must First Dispose Of K. O. Christner Of Akron In January

By DAVIS J. WALSH
Sports Editor International News Service

NEW YORK, Dec. 14.—Boxing's busy barometer was on the move again today, headed due south into the land where the moon is full and romance never dies; headed south for the first time since Sullivan and Kilrain were smuggled into Mississippi on flat cars and Corbett and Mitchell had at it under the fronded palms of a Florida landscape.

The highly commercial Mr. Rickard, romantic like a cash register, has made this possible. He announced last night that Jack Sharkey and Young Stribling, two of the leading heavyweights now surviving the prevalent urge toward retirement and the bigger and better things of life, to fight in Miami Beach, Fla., on March 1. Thus, a most interesting and important heavyweight match goes away from New York and the big towns of the north at a time when the north is supposed to be clamoring for the thrill that only a big fight can summon.

Not Unusual.

It isn't usual for the boys to hasten away from what are called the great centres of population with their heavyweight fights. Rickard was in Jersey City with his bonanza in 1921; he had it in New York in 1923, in Philadelphia in 1926, in Chicago last year and in New York again in 1928. But the gentleman knows what he is about.

He is going south with this fight because he believes the only thing in life more romantic than a dollar is two of them. He is going to Miami with this fight because he believes the southern resort will out-gross New York on the same attraction by more than 3 to 1. He estimated today that Sharkey and Stribling will play to a half million dollar house in Miami Beach. They couldn't hope to do better than $150,000 at the Garden here in March, he declared.

He then went on to point out Miami's Beach natural advantages as a site for the bout, enumerating among other things to the fact that Florida has a winter visiting list of 200,000; that Miami Beach has a population of 160,000 and the Stribling's appearance as one of the principals will act as a magnet on his native state of Georgia and the south in general.

Stribling To Sign.

Stribling, according to the promoter, is ready to sign for the match and Sharkey has accepted terms. The latter, to qualify for the shot, must dispose of K. O. Christner, the surprise package that burst right in Knute Hansen's countenance. The Sharkey-Christner business is down on the books for mid-January.

Other items of general interest vouchsafed by the promoter included the statement that Sharkey and Stribling will meet under the auspices of the Miami Beach Post of the American Legion and that business men on the chamber of commerce have offered to underwrite the fight for any amount necessary.

Phantoms Defeat Union High Girls

The Phantom girls basketball team of the Y. W. C. A. defeated the Union high girls, 15 to 11 in a recent floor game. The game was close and hard fought in all quarters.

The score at the end of the first half was 9 to 8 in favor of the Phantoms. The Union girls were held scoreless from the field in the second half.

The summary:—

Union High 11		Phantoms 15
Kennedy	F	Perry
Rowland	F	Ponion
McClaferty	C	Pajin
Horchler	S C	Phillips
Winters	G	Mackey
Patton	G	Patterson

Referee—Anne Ponion. Scorer—Edith Fry.

CHURCH BOWLING STANDING

Not counting the results of the bowling games which took place in the church league at the Y. M. C. A, Thursday evening, here is the standing of the various teams as announced by Walter Kirker of the Y.

	W.	L.	Pct.
First M. E.	11	1	.916
Mahoning M. E.	10	2	.833
Cent. Christians	7	5	.583
First Baptist	6	6	.500
*Cent. Presbyterian	2	4	.333
*Croton M. E.	1	5	.166
Grace M. E.	2	10	.166
Temple Israel	2	10	.166

*—Three games postponed.

SORDS POINTS

Andre Routis May Rule Featherweights Long Time

The reign of Andrew Routis, second French king of featherweights most probably will be longer than that of the Eugene Criqui, the first French boy to wear the feather crown.

Criqui did not last a fight after he had won the crown. He won the title back in 1923 from Johnny Kilbane and the very next fight he had Johnny Dundee took it away from him.

Such however seems not to be the fate of Andre the First. Joe Jacobs who has Routis' contract is playing safe. He recently handed over a check for the contract of a young Philadelphia featherweight who had won 30 consecutive fights since turning pro. Probably Jacobs expects some day to see this lad wearing the royal mantle which now bedecks Routis but Joe doesn't care for that to happen just yet.

However Routis may linger a long time on the feather heap. In winning the title from Tony Canzoneri, Routis who is by no means a "showy" fighter demonstrated that he is a tireless ringman and just as his heavy bombarding fists put a stop to the dancing steps of Canzoneri so might any challenger's strength be sapped in the face of the champion's aggressiveness.

Routis was born in Bordeaux, France, the town where many Yankees landed on tehir way to their bout with Kaiser Wilhelm. Routis is 28.

After winning the French amateur championship in 1918 Routis turned professional in 1919 and won every fight but one in his first three years of battling in France.

Make No Change In Base Ball Rules

(International News Service)

CHICAGO, Dec. 14.—The basic rules of baseball remained unchanged today following the joint meeting of National and American League officials here yesterday with Judge Kenesaw M. Landis, high commissioner of baseball presiding.

The feature of the annual pow wow was the extension of the regular playing season next year to October 6, one week later than last season.

The pennant campaign in both leagues will open on April 16. The new schedule means the world series can not be started before Oct. 9.

In practically everything else the meeting was a monotonous routine about waivers and draft and the complicated technicalities of inter-league association.

It was unanimously decided that the rules of the game are "okay as is." Even the suggestion, fair to many minds, that pitchers be relieved of the fatigue of hitting and base running, didn't get to first base.

The "Big Shots" in baseball believe pitchers should do their own batting.

The draft squabble with the minors was dusted off briefly, the sense of the meeting being that the minors must solve this problem in their own way. The major moguls even decided they would not be represented when the little fellows hold their meeting at West Baden, Ind., Jan. 10.

Eugene "Bubbles" Hargrave last night was appointed manager of the St. Paul club of the American Association. The former Cincinnati catcher was turned over to the Saints in exchange for pitcher Paul Zahniser.

The Yankees went home without doing any trading. Manager Huggins indicated, however, a deal with the Philadelphia Athletics may be made before it is time for the clubs to go south. This deal, if made probably will send third baseman Hale and Pitcher Walburg to the Yankees in exchange for pitcher Thomas and outfielder Meusel or Paschal, it was said.

Berney Dreyfuss and Donie Bush, who conduct the affairs of the Pittsburgh club announced the release of outfielder Pete Scott, who will go to the Mission Coast League club.

John J. McGraw, manager of the New York Giants, did not come for the meeting. He remained at home to nurse a bad cold, it was reported. President Charles A. Stoneham and Secretary Jim Tierney represented the New York club.

Yale's Coach To Soon Be Doctor

(International News Service)

NEW HAVEN, Conn., Dec. 14.—M. A. Stevens, chief coach of football at Yale, will be an M. D. next June. Stevens, who was an all-America football player as a member of the Yale team back in 1924, was graduated from Yale college in 1925, and promptly enrolled in the medical school in the class of 1929. Meanwhile he had coached football at Yale since his graduation from college, and last spring was named chief coach.

Grantland Rice Picks His Team

(International News Service)

NEW YORK, Dec. 14.—The 30th all-American football team, as selected in the current issue of Collier's Weekly by Grantland Rice, sports writer, and a committee of football coaches, has an all-eastern backfield. No member of the Yale, Harvard or Princeton teams, which formerly were well represented in the selections, was named.

The lineup of the 1928 team follows:
End—Fesler, Ohio State.
Tackle—Getto, Pittsburgh.
Guard—Post, Stanford.
Center—Pund, Georgia Tech.
Guard—Burke, Navy.
Tackle—Pommerening, Michigan.
End—Haycraft, Minnesota.
Quarterback — Harpster, Carnegie Tech.
Halfback—Cagle, Army.
Halfback—Scull, Pennsylvania.
Fullback—Strong, New York U.
Utility back—Brazil, Detroit.
Utility lineman—Douds, W. & J.
Utility end—Vansickel, Florida.

APPROVE REPAIRS.

Purchases and repairs amounting to $2,288.17 were approved for payment at a meeting of the school board which took place Thursday evening in the East street administration building.

The statement was presented by H. M. Marquis secretary and business manager of the board and approved by the members without discussion.

Need Two Novembers On Local Calendar

Many Teams Want To Schedule New Castle For Games In November

Could Fill Three Schedules For Games During That Month

By "BUGS" WALTHER

How would one go about it, if it were desired to have two Novembers on one calendar year. Ralph H. Gardner, faculty manager of athletics at senior high would like someone to offer suggestions.

There must be some good reason why Gardner would like to have another November or so. Well, the reason is this: Ever since the 1928 football season was closed on Thanksgiving day, Gardner has been besieged by high school football teams desiring to schedule the Red and Black gridders for next Fall.

Almost every team that has approached New Castle, or been approached as to football "would like very much" to use their exact words to play New Castle in November.

It's getting to a place now that every time any one mentions football to Gardner that he replies "What November date would you like to have."

There are only five November playing dates on the calendar, and New Castle high has never played a game of any dimension on the Saturday before Thanksgiving. The "turkey day" classic has always been of such calibre that a hard game just five days previous has been out of the question, and not within reason. That leaves but three Saturdays of football in November.

Why November?

Just why all of the schools would like a November date is hard to figure out in one way, and in another way it isn't so hard to figure. It seems that the schools do not wish to tackle so strong an opponent so early in the season like September and October.

The November program for New Castle next season will include, Washington, Greensburg and South High, Youngstown, as far as is known now. There is room for one more team and they can have the November 2 date if they desire it, but here's a tip, get your shopping done early, as they say at Christmas time. Who will get that November 2 date? There are only about fifteen or twenty teams wanting games here in November, and while Gardner would like to accommodate them, it simply can't be done.

Prowess Recognized.

New Castle's gridiron prowess is well recognized, it stands to reason, because if New Castle wasn't so strong in football, then so many teams would not want all November dates. You know that a football team is more hardened by November than in September and October.

It might get to the place sometime, not right now of course, when New Castle high school football teams may be divided into sections and two complete schedules arranged, who knows but what this may come very soon, and certainly it is a good suggestion in clarifying the matter of November dates for Mr. Gardner.

Ellwood Wins First Home Game Of Season From Monaca Thursday

Local Quintet Noses Out Valley Team In Last Minutes Of Play, 21-19

Preliminary Game Staged Between Junior And Senior Teams Showed Good Work

By TONY PASTA

ELLWOOD CITY, Dec. 14.—Staging a furious rally in the last two minutes of play enabled Ellwood City high's floor team to win the first home game of the season by defeating Monaca, 21-19 last night. Peck Lee's quintet, although badly crippled by the absence of three varsity men—King, Justine and Ursu—flashed a superb and thrilling action after trailing the valley five until the last few minutes of play. This is the second victory over Monaca this week.

Everything seemed bright for the valley quintet as they held the lead at the half and maintained it at the third quarter by two points. Matters were reversed when Jones tossed in a marker from the center of the floor to tie up the contest. Dunn cinched the victory for the Tubers just a short time after Jones had evened up the score. It seemed like a Monaca victory but interest was revived to a high pitch when Ellwood began their rally that brought a thrilling end to the fray.

Dunn was the outstanding performer with a total of five field goals to his credit. Jones and Lawrence each sank two while Segedi copped one. Only one tally was obtained via the foul route, Lawrence tossing it in.

Lee's machine, playing under a great handicap due to illness of King, Justine and Ursu, all of whom are varsity men, displayed a brilliant caliber of basketball in the last two minutes of the fray.

Thomas, Clark and Tarmina led the attack of the visitors as the former tossed in three tallies and the latter two sunk two apiece. Alexander and Birner collected one goal and Monaca also obtained one score from the foul line. Tarmina shot it.

The red and black lost many opportunities to score at the beginning of the contest but failed to secure them as they wasted a number of good shots. On the other hand the Tubers showed up poorly from the foul mark, getting only one out of seven tries. Coach Berkman's lads tossed in one out of four.

Coach Sarah McGoun's sextet was idle due to a rule allowing them to participate in only one contest a week. A preliminary was staged between the seniors and juniors with the former winning.

A game with Munhall was to be played next week but it is reported that the contest is to be called off due to the flu. This also caused a small crowd to turn out last night. The battle last evening was an interesting event. Lineup:

Ellwood City		Monaca
Freidoff	F	Bliston
Lawrence	F	Clark
Cloak	C	Thomas
Dunn	G	Birner
Jones	G	Tarmina

Subs—Ellwood: Segedi for Dunn, Dunn for Cloak; Monaca: Alexander for Clark, Kermeit for Alexander, Clark for Kermeit.

Field goals—Dunn 5, Jones 2, Lawrence 2, Segedi, Alexander, Birner, Tarmina 2, Thomas 3, Clark 2.

Referee—Bates.

How to Live Long

As he approaches his 108th birthday, Kupper Bier, retired butcher, of Hoboken, N. J., father of 14 prosperous children, who themselves have reared 142 grandchildren and great-grandchildren, advises others to "keep the mind and body busy, do right and don't worry."

J. A. P. Club Enjoys Christmas Party

ELLWOOD CITY, Dec. 14.—Members of the J. A. P. club assembled at the home of Mrs. Fred Patton of Bell Avenue Thursday evening for their annual Christmas party. There were 12 present, and an exchange of Christmas gifts was a feature of the program.

The meeting opened with a delicious chicken dinner, at which time the committee assisted Mrs. Patton. The meeting had been scheduled to meet with Mrs. Harvey Hartzell, but owing to illness, the place of meeting was changed.

The hours passed pleasantly with music and dancing. In three weeks the club will be the guests of Mrs. Benton Elliott at her home in Frisco, January 1.

U. P. Choir Will Practice Tonight

ELLWOOD CITY, Pa., Dec. 14.—The choir of the United Presbyterian church will meet this evening at 7:30 o'clock in the church for the purpose of practicing music for the coming services. The choir is planning special music for the Christmas season.

A scientist is a man who can study the layers of earth under which Bill Jones is buried and prove that Bill's skeleton is 250,000 years old.

BAD BANDITS OR REVENGE VICTIMS?

Los Angeles police have been confronted with an odd mix-up in the case of Micky Walker and Peggy La Marr. Warrants for their arrest were sworn out by Max Ramos and Hospin Balanes, who told police the girls held them up and robbed them, following an auto ride. When the girls learned of the warrants they voluntarily surrendered to the police and claimed the men swore to the bandit charge in revenge for the girls "walking out" on them during an auto ride. While trying to find out whether the girls were bandits or revenge victims police detained all four in jail. Miss La Marr is at left and Miss Walker, right.

"Yesses" Producer

Lots of mere males would run a temperature at being close to so much loveliness, but Paul Tyrrell, Chicago theatre man, must get used to it. You see he and Vanessi Jardiniere—Vanessi of the beautiful figure—of the musical comedy stage tripped into the Municipal building, New York city, and when they came out they were man and wife.

Rotary Club Has Night For Ladies

Rotary Anns Presented With Handsome Silver Spoons, Hubbys Get Funny Gifts

ELLWOOD CITY, Dec. 14.—Seventy members of the Rotary club and their wives enjoyed the Ladies Night party in the dining room of the First Presbyterian church Thursday evening.

Christmas decorations were used on the tables, and crimson tapers gleamed brightly, providing a pretty pre-holiday spirit to the occasion. Dr. H. D. Patterson, president of the club, acted as master of ceremonies, and introduced the various members on the program. The ladies found pretty silver spoons at each place, a gift of the club, which is an annual custom.

Music was furnished by the high school orchestra, led by Paul Winter. Another pretty feature of the program was the singing of Christmas carols harmoniously by Paul Winters, W. A. Kerr and Rev. A. M. Stevenson. Later Rev. Stevenson told the interesting legend from the Danes, "The Christmas Rose", assisted by his little daughter, Jane.

The entire affair was very successful and concluded on a high note of mirth, when the rotund Harry Clark, garbed as Santa Claus, made his appearance with gifts for the club members. These were distributed by W. R. Johnston, who read aloud the letters that the members had "written" to Santa, losing no opportunity of making the procedure as humorous as possible. The gifts were of Woolworth's best, and highly appreciated.

Local Club Meets With Rochester Club At Shelby

ELLWOOD CITY, Dec. 14.—Members of the local Kiwanis club met with members of the Rochester club Thursday evening for a delicious dinner in the cafeteria of the Shelby Tube company.

At the conclusion of the menu, the men were taken on a personally conducted tour through the mill, and explanations were made regarding the intricate processes through which the tubes must pass before being perfected. The sight is a particularly interesting one at night.

Mrs. Mania DeCeria Dies At Home Here

ELLWOOD CITY, Dec. 14.—Mrs. Mania DeCaria, aged 45, passed away yesterday afternoon at her home on Division avenue. Death is thought to have been caused by an attack of double pneumonia.

She leaves her husband, Mania, and six son and five daughters. Funeral services will take place Saturday morning in the Italian Catholic church with Father Mareno officiating. Interment will be made in the Locust Grove cemetery.

Ellwood City Classified

Houses For Rent

NEW 5 room house, Fourth Ward. If interested either to rent or buy call in person at 809 Park Ave., noon or evening. 1t

Elks To Distribute Baskets This Year To Needy Of Town

ELLWOOD CITY, Dec. 14.—A traditional custom of the Elks will be enacted again this year: that of distributing baskets of food to the poor of the city at Christmas time.

Last year over 70 baskets were distributed, and about the same amount or more is expected to be handled this year. All donations from the members of the club are to be in the hands of the committee not later than December 20. Included on the arrangements committee are: Messrs. Paul Grannis, M. A. Riley, George Hemmerly, William McCarthy and Lou Edelman.

INFORMAL DANCE

ELLWOOD CITY, Dec. 14.—Another of the delightful little informal dances will take place Saturday evening at the Country club. A new feature this year, they are growing in popularity each week, and a fine program of dancing and cards is enjoyed, with a lunch later in the grill.

List Of Honor Pupils Announced

Pupils Of Various Averages Placed On Honor Roll Rating Above 85 Per Cent

ELLWOOD CITY, Dec. 14.—Officials of the Lincoln High school have announced the following pupils who have attained the honor roll for the second report period. Average of 90-95.

Seniors: Miss Lois Gillespie, Arthur Hoenstine, William Jones, Arthur Keller, Paul Nye, Miss Edna Morgan and Gustav Schuller.

Juniors: Miss Fern Cloak, Miss Elodia Barbaric, Miss Marie McKim.

Sophomore A: Miss Frances Hayden, Miss Margaret Bellora.

Sophomore B: Miss Agnes Swartz, Miss Evelyn Patton, William Bayers, Miss Mary Castaldo and Kenneth Bollinger.

Miss Teressa Lordo of 9-A-3; Miss Margaret Baldovitch of 9-B-1, and Miss Hilda Deal of 9-B-3.

The following received honor rating at the end of the second report period with an average of 85 on prepared subjects and 80 on unprepared ones: Seniors: Miss Wilma Clyde, Miss Carolyne Dowswell, Miss Irma Irwin, Miss Marian McCandless, Miss Mary Martin, Robert McKim, Miss Isabelle Mortensen, Miss Eva Periello, Walter Veon and Miss Annabelle Young.

Juniors: Miss Berta Bouck and Miss Frances Phillipp; and the balance from the sophomore class down to 8-B1: Stanley Goscewski, Miss Charlotte Brown, Milton Caplan, Earl Unger, Miss Helen Hall, Miss Evelyn McCarthy, Miss Mildred Moffatt, Miss Rose Partridge, Congetti Botti, Miss Rosemary McCandless, Miss Sarabelle McCaslin and Miss Irene McElheny.

Elks Have Pleasant Card Party Thursday

ELLWOOD CITY, Dec. 14.—The local order of Elks entertained their friends at a pleasant pre-Christmas card party Thursday evening in the club house. There were ten tables of bridge and eight of 500. At the conclusion of a pleasant series of games, score honors went to: Mrs. A. L. Gregory, Mrs. Leonard Silverblatt, Max Ewing and W. G. Steele for the bridge, and Mrs. W. G. Strause, Mrs. George Fosnaught, E. E. Shaner and T. C. MacDonald for 500.

Later delicious refreshments were served by the committee in charge, headed by T. C. MacDonald, and an informal dancing program was enjoyed.

HOSPITAL NOTES

ELLWOOD CITY, Dec. 14.—Admitted yesterday Mr. Ed. Goehring of Zelienople. Also Mrs. John Ballian of this city.

Discharged: Mrs. Edward H. Maltby and daughter of Franklin avenue and Howard Hellman of Monagahala City.

JAPANESE GREAT SMOKERS.

Smoking is very common in Japan. Practically all of the men and most of the women smoke, the girls beginning when they are about ten years old

Cows would be "out of work" too, when they go dry—if they were like men. But when a cow can't give milk she makes beef.

Coach And Players Ill At Westminster

(Special To The News)

NEW WILMINGTON, Pa., Dec. 14.—Despite illness to Coach John Lawther and to John Witherspoon and John Hamas, two players, the Westminster College basketball team has been getting strenuous workouts during the last week.

Practice games with the Buhl club of Sharon and with the Mercer Whippets have given the Westminster mentor a line on his material. It is now clearly evident that the great team of last year will be severely handicapped by the loss of Connor. The center position cantinues to be the cause of much worry. Once the U. P. passers get the ball, they can play a fast floor game, but even in the practice games they seldom get the tip-off.

Members of the squad will leave here tomorrow for the Christmas recess, but they will return earlier than the students. In all probability, the passers will be called back December 27, by Coach Lawther. Graduate Manager McDonald is arranging a barnstorming trip through Ohio which which will help develop the team for the regular games on the schedule.

Home and home games with Carnegie Tech, Washington and Jefferson, Allegheny, Grove City, Geneva, Duquesne, Thiel and Bethany will give Coach Lawther's crew plenty of opposition with the opening of the regular season in January.

Women Enjoy Party At Zeigler Home

ELLWOOD CITY, Dec. 14.—Members of the Womens Missionary Society of the Trinity Lutheran church numbering 19 met at the home of Mrs. Harry Zeigler, Thursday evening. This was the annual Christmas meeting, and opened with a business session at which time new officers were elected as follows: President, Mrs. Herman Fleisher; vice president, Mrs. J. R. Parkhill; treasurer, Mrs. C. M. Wallace; corresponding secretary, Mrs. Charles Ross; secretary, Mrs. Harry Zeigler, and organist, Mrs. L. J. Baker.

Mrs. Peter Guldbrandsen had charge of the program, and the topic was "Our Home Mission Opportunities." Papers were read by Mrs. Fleisher and Mrs. Wallace. The meeting concluded with the special period and light refreshments. The January meeting of the club takes place Thursday, January 17, at the home of Mrs. Adam Eiselin of the Pittsburgh Circle.

When people say of gin: "It's the berries" they probably refer to the juniper berries that keep it from being mere varnish remover or something.

Open Every Night Until Christmas

Useful Gifts That Satisfy

Let logic suggest your gift. When you select his Christmas present let it be something useful—an article of apparel. And here's where you can get the best goods and the lowest price in town.

During the present torrid spell in India, railway passengers are protesting that the management has, because of strikes, failed to provide "watermen" at stations, and there is no way of quenching thirst while traveling over the dusty lines.

"That tenor reminds of Richard Strauss."

"But Strauss is not a singer."

"Nor is the tenor."—Nageis Lustige Welt, Berlin.

N. Y. STOCKS

NEW YORK, Dec. 14.—Bulls in the stock market were back to their old tricks at the start of the market today. With the aid of the expected $219,000,000 decline in the weekly Brokers' Loan Report and a feeling of nervousness on the part of the over-crowded bears, the bulls marked up prices of the favorites from 10 to 20 points. The flare-up carried radio up 32 points to 340; Victor Talking Machine 16 points to 140 and International Nickel up 17½ to 247.

Radio and Victor settled back to their lower levels.

Before the end of the first hour the industrials were all being swept moderately downward by a new selling wave which was broad enough to include all of the market favorites, including General Motors, U. S. Steel, Houston Oil (another 10-point loss) Bethlehem Steel, Johns-Manville, Wright Aero and Standard Oil.

East Brook Hi-Y Club Have Banquet

Girls Of School Fete Hi-Y Club Members At Dinner Meeting

Some fifty persons attended the banquet which was tendered the East Brook high school Hi-Y club members at the high school auditorium Thursday evening by the girls of the school.

J. W. Anderson, principal of the high school and advisor to the club, acted as toastmaster, and gave a short talk to the club. Following the banquet spread which occured at 6:30, the delegates to the Older Boys' Conference gave their reports.

Later, the party witnessed a basketball game between the high school team and a picked team of townsmen.

Members of the East Brook school faculty were special guests of the girl and Hi-Y club at the affair.

Australia is spending $1,000,000 in conducting citizens' training camps this year.

Cape Cod Becomes Ship's Grave Yard

Fishing Schooner Virginia Is Abandoned To Waves After Rescue Fails

(International News Service)

PROVINCETOWN, Mass., Dec. 14.—Cape Cod, graveyard of many a proud vessel, claimed another victim when the two year old fishing schooner, Virginia, of Boston, was abandoned after all efforts to move her had failed. The masts, engine, and cargo, had been removed, and casks filled with air had been placed in the hold.

The schooner would not budge, her stern being imbedded in four feet of sand, and her hold filled with water.

Women of Europe who wish a smoke stronger than a cigarette are choosing mild cigars rather than pipes.

Memorandum pads with alarm clock attached, to aid in keeping business appointments, have been invented recently.

White Claims City Not Responsible

Attorney H. A. Wilkison, representative of Mrs. Anna Miller today presented a damage claim of $127.77 to the city council which met in the city hall.

He said that a storm sewer had clogged during a big storm and water overflowed the Miller property, washing away a corner of the house.

Solicitor White ruled the city not liable.

Wilkison maintained that bars on the sewer had caused collection of debris, the sewer was clogged and water, as a result, caused the damage at the property.

Council Reduces Sewer Assessment

Attorney H. A. Wilkson today represented H. G. Mathews before city council and said the Mathews property had been assessed too much for a sewer in Garfield avenue. As a result of the explanation council cut the assessment from $144.57 to $83.44.

It was also said that a catch basin interfered with a driveway and this problem was referred to Councilman Reeves.

Coins 300 years old were recently found in the Plough Inn at Deicestershire, England where Queen Elizabeth is said to have spent a night.
